capacity, they are prepared bitterly to oppose.

The spiritual power of the co-operative ideal can hardly be put to a greater test than that which it has come out of so triumphantly within the last few months in Ireland. Nor is it a foolish thing to hope that, thru the spirit shown by men of all parties in the co-operative movement, there may yet be found a way of solving that historic problem which is called "the Irish Question," and of at last realizing that at one time unattainable dream, a united Ireland!

CANADIAN COUNCIL MEETING

A meeting of the Canadian Council of Agriculture was held in Winnipeg, December 1 and 2, and attended by representatives from the organized farmers of Manitoba, Saskatchewan and Alberta. Rev. Dr. Shearer of the Social Service Council of Canada invited the council to become members of the Social Service Council and on motion Mr. Halbert, president of the United Farmers of Ontario, was made the representative of the farmers on the Social Service executive.

The council reaffirmed its position on railroad amendments and decided to forward the resolution to the government and opposition at Ottawa.

The provincial associations were asked to consider the matter of changes in the Canada Grain Act and to forward the same to the secretary on or before January 1.

R. McKenzie was authorized to accept the invitation to attend the annual meeting of the British Columbia Fruit Growers' Association in January.

On a communication from Sir Geo. E. Foster regarding the proposed convention of business interests it was decided that the Canadian Council would be represented at such meeting by delegates from the provincial associations.

An effort will be made to have farmers supply information regarding stock killed or injured by railway trains, for the purpose of securing legislation covering this matter.

The members of the council discussed the matter of guarantee bonds under the Canada Grain Act and the provincial associations are asked to consider it and report to the council. It was recommended that the bonds now issued for commission merchants, track buyers and country elevator operators be abolished and that one bond be issued in place thereof to cover all transactions in grain.

After a considerable discussion it was unanimously decided by the council to prepare a political platform and send it out to all local associations thru the provincial offices. This platform appears on page 7 of this issue of The Guide.

On motion it was decided to recommend to the government that the head office of the Canada Grain Commission should be removed to Winnipeg where it would be of greater convenience both to the Grain Growers and to the grain trade.

LLOYD GEORGE, DICTATOR

Most important events have been taking place in the political situation in Great Britain during the past week. Government changes have resulted in a reorganization of the cabinet and what is virtually a dictatorship has been placed in the hands of Lloyd George as the new prime minister. Mr. Asquith and all the other Liberal members in the former cabinet have resigned, but the former premier still remains leader of the British Liberal party.

The war cabinet comprises:—Premier, David Lloyd George; Lord-president of the Council, Earl Curzon, who will also be government leader in the House of Lords; Ministers without portfolio, Arthur Henderson and Lord Milner; Chancellor of the Exchequer, Andrew Bonar Law, who has been asked by the premier to act as leader in the House of Commons and also as a member of the war cabinet, without being expected to attend regularly.

Some of the other members of the ministry, who are not in the war cabinet, are:

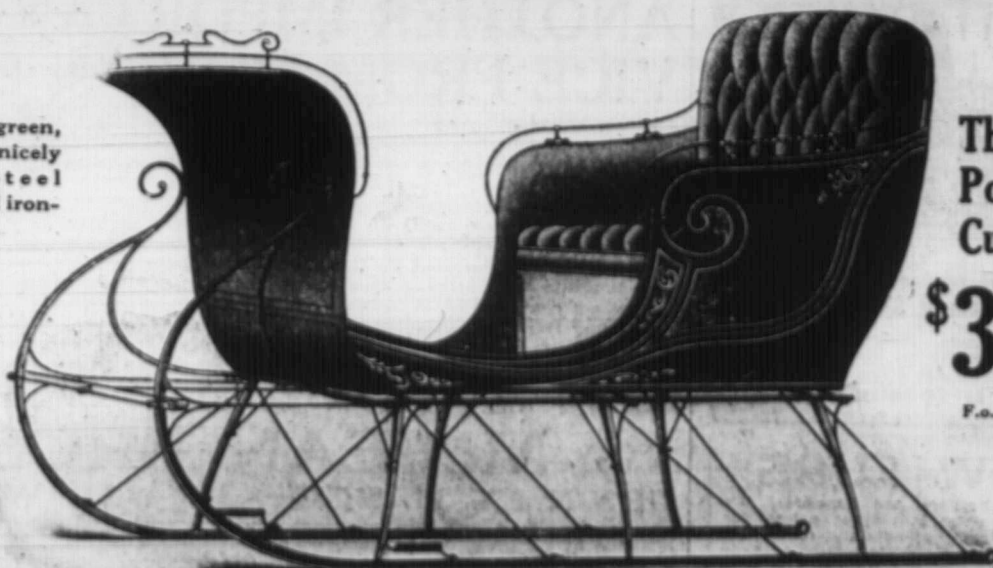

Lord High Chancellor, Sir Robert Bannatyne Finlay; Secretary of State for the Home Department, Sir George Cave; Secretary for Foreign Affairs, Arthur J. Balfour; Secretary of State for the Colonies, Walter Hume Long; Secretary of State for War, The Earl of Derby; Minister of Labor, John Hodge; First Lord of the Admiralty, Sir Edward Carson; Minister of Munitions, Dr. Christopher Addison; Minister of Blockade, Lord Robert Cecil; Food Controller, Baron Devonport.

Gear painted green,
Body, black, nicely
decorated. Steel
shoes, and well iron-
ed and braced.

There's Months of Sleighing Ahead!

The weather man says there is going to be a heavy snowfall this year. Are you prepared for it?—Don't wait until half the winter is gone to make up your mind about a cutter. Think of what you had to put up with last year.

The Portland Cutter shown here is one of the most up-to-date on the market. It's trimmed with cloth and fitted with nickel arm rails and dash rail. Two-bar regular shifting style cutter shafts. Cushion top about 32 inches, back about 23 inches high from seat

bottom. Back, seat and sides removable for summer storage. In all as fine a cutter as you would care to own. \$39.00 F.O.B. Winnipeg. Other styles are shown in our supplement to the 1916 catalog. They range in price from \$33.00 to \$59.00.

Tell us what your implement needs are and we can supply you with the very thing you need.
