

STRAINED HIS BACK WHILE LIFTING

WAS IN A BAD WAY TILL HE USED DODD'S KIDNEY PILLS.

They Removed the Bad Effects and Now William Sharam is as Well as Ever Again.

Murray Harbor South, P.E.I., Oct. 10.—(Special).—Hurt through straining his back while lifting, Mr. William Sharam, general storekeeper here, got so weak that he could scarcely hold up. To-day he is enjoying the best of health once more and when asked how he got his health back he unhesitatingly answers, "Dodd's Kidney Pills."

"Having sprained my back with heavy lifting," Mr. Sharam says in telling his story, "it brought on Urinary and Kidney Trouble. I got so weak that I almost fainted and could scarcely hold up. I was terribly troubled with having to get out of bed so frequently to urinate. "After using many medicines with no good results, I tried Dodd's Kidney Pills. I have used ten boxes in all and now I can sleep without being disturbed and my old trouble has vanished."

Dodd's Kidney Pills cure the Kidneys. Cured Kidneys cure numerous diseases, including Rheumatism, Dropsy, and Bright's Disease.

STORIES OF DEAN HOLE.

Dead Churchman Was the Keenest of Sportsmen.

The British papers are recalling many stories of the late Dean Hole, cleric gardener and sportsman.

He once observed that if he had not been brought up a dean he would have preferred to be either a master of foxhounds, a head gardener, or a bookseller. Another time, in talking in praise of fruit, the Dean observed that if England were deprived of her apple tart, he would for the time be compelled to emigrate. He would like, he added, to see a Minister of Horticulture and degrees to match—such as D.D., Doctor of Damsons; M.A., Master of Apples.

Three of four years ago the Dean and Mrs. Hole landed at Dover much exhausted, having had a rough Channel crossing. To fill out the time of waiting for the train, the Dean porled over the railway regulations. "Ah," he said, addressing the station inspector, "it's one consolation after such a crossing and this tiresome wait that we go back half-price." "I don't understand, sir," was the official's reply; "there is no special reduction." "Oh, yes there is," said the Dean; "I've just been reading all your notices, and you state that you take returned empties at a much reduced rate."

The Dean told a good story about alcohol. Persons who live among habitual drunkards are apt to fancy that all the world is drunk. One of the most beloved of bishops was seated on a bench in some public grounds and was talking to a little maiden who came by, some seven years of age. "I must go now," he said, "and you must help me to rise, but I'm afraid you'll find me very heavy." "Oh, no," she replied, "you're not half so drunk as father often is."

CAN DRINK TROUBLE.

That's One Way to Get It.

Although they won't admit it many people who suffer from sick headaches and other ailments get them straight from the coffee they drink and it is easily proved if they're not afraid to leave it to a test as in the case of a lady in Connellsville.

"I had been a sufferer from sick headaches for twenty-five years and anyone who has ever had a bad sick headache knows what I suffered. Sometimes three days in the week I would have to remain in bed, at other times I couldn't lie down the pain would be so great. My life was a torture and if I went away from home for a day I always came back more dead than alive.

"One day I was telling a woman my troubles and she told me she knew that it was probably coffee caused it. She said she had been cured by stopping coffee and using Postum Food Coffee and urged me to try this food drink.

"That's how I came to send out and get some Postum and from that time I've never been without it for it suits my taste and has entirely cured all of my old troubles. All I did was to leave off the coffee and tea and drink well made Postum in its place. This change has done me more good than everything else put together.

"Our house was like a drug store for my husband bought everything he heard of to help me without doing any good but when I began on the Postum my headaches ceased and the other troubles quickly disappeared. I have a friend who had an experience just like mine and Postum cured her just as it did me.

"Postum not only cured the headaches but my general health has been improved and I am much stronger than before. I now enjoy delicious Postum more than I ever did coffee." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it's worth reading."

MYSTERY OF THE SEA.

British Steamer Disappears on a One-Day Cruise.

The latest mystery of the sea is also the most inexplicable. The *Juverna*, a brand-new steamer, left the Clyde, with a crew of about fifteen hands, on August 14th for the one day's run to Kingstown, where she was to be delivered to her owner, Mr. H. Flynn, of Liverpool. From that day to this nothing has been seen or heard of her.

There was no bad weather to account for her disappearance; there is scarcely any possibility of her having struck on a submerged rock; and no ship of the thousands that plough these waters has sighted her flying signals of distress.

On her maiden voyage of one day, over a course where she would be scarcely out of sight of land, she has completely disappeared, and the sagest of the shipping experts are at a loss to account for it.

"It is the most remarkable disappearance I have ever heard of," said one of the experts at Lloyd's. "The only hypothesis I can think of is that she may have collided with some outgoing vessel and that both have sunk."

"That seems almost incredible, but it is not more so than the one thing which we know to be true—that she went for a day's run, and has been lost for three weeks."

The *Juverna* was of about 400 tons burden, 150 feet in length, and was fitted with triple expansion engines. She was turned out by the Garston Graving Dock Company.

Heart relief in half an hour.—A lady in New York State, writing of her cure by Dr. Agnew's Cure for the Heart, says: "I feel like one brought back from the dead, so great was my suffering from heart trouble and so almost miraculous my recovery through the agency of this powerful treatment. I owe my life to it."—19

"According to the doctors, most people eat too much," said the niggardly landlady. "You wouldn't be so uncomplimentary as to say that could possibly be true of any of your lodgers, would you, Mrs. Irons?" asked one of them.

A NATURAL CONCLUSION.

"So you want to marry my daughter," remarked the old gentleman. "I certainly do," replied the youth. "Well, what are your prospects?" persisted the old gentleman. "My dear sir," replied the youth, "the prospects of any fellow who marries the daughter of a man as rich and influential as you are ought to be splendid."

Death or lunacy seemed the only alternative for a well-known and highly respected lady of Wingham, Ont., who had travelled over two continents in a vain search for a cure for nervous debility and dyspepsia. A friend recommended South American Nerveine. One bottle helped, six bottles cured, and her own written testimony closes with these words: "It has saved my life."—20

INSURING THEIR CHILDREN.

"I believe 95 per cent. of the children here are insured," said the head-master of a school in one of the poorest East End districts in London, England.

"But, how can the parents of those children afford insurance premiums?" he was asked—several ill-fed, half-clothed and bare-footed little ones being indicated.

Calling one of these children to him, the master asked, "Tommy, when does the 'insurance man' call?" "Every Saturday, sir," said the boy, "and mother pays him 1s 5d a week. Billy was ill a little while ago and mother paid up 10s 7d as soon as the doctor went."

"There is great ignorance among these people as to the amount they will receive in case the child dies," continued the schoolmaster. "Oh! we leave that to the insurance man," they say, when asked about the amount.

"In every case that I have had to bring to the notice of the National Society for the Prevention of Cruelty to Children the children were insured. It is always passive cruelty with these £5 and £10 children—the cruelty of neglect."

"Nearly all my 'hoppers' are insured. Hundreds of infants under six months are at present with their mothers in Kent. Several women with babies in their arms have called here with reference to their other children doing 'hopping'."

"In many cases the only protection these babies will get against wet weather will be a condemned army tent. But then, they are insured."

"Thrift? Oh, dear no!" he continued, when asked to account for the popularity of child insurance among the very poorest. "The only thrift these people know is the saving-up in the school penny bank for a 'bean.' This insurance is not thrift. It is effected in the hope of getting a big return for a small outlay. This hope is often realized."

"The first duty of an attorney," said the eminent lawyer to his new student, "is to see that justice is done." "H'm!" said the student. "And I hope you will excuse me if I remark that I have noticed that the lawyer who can succeed in doing her the oftentimes generally gets the biggest fee."

Stansied Junction, P. Q., 12th Aug., 1893. Messrs. C. C. Richards & Co.,

Gentlemen,—I fell from the bridge leading from a platform to a loaded car while assisting my men in unloading a load of grain. The bridge went down as well as the load on my back and I struck on the ends of the sleepers, causing a serious injury to my leg. Only for its being very fleshy would have broken it. In an hour could not walk a step. Commenced using MINARD'S LINIMENT and the third day went to Montreal nearly well. I can sincerely recommend business and got about well by the use of a cane. In ten days was mended it as the best Liniment that I know of in use.

Yours truly, C. H. GORDON.

Let your resolutions become a part of your character, making it stronger and braver. Let your errors make you kinder. DOWN WITH DIFFICULTIES. You will find that the habit of minimizing annoyances or difficulties, of making the best of everything that comes to you, of magnifying the pleasant and the agreeable, and reducing to the least possible importance everything that is disagreeable and unpleasant, will help you wonderfully—not only in your work, but also in your attainment of happiness.

It transforms the disagreeable into the agreeable, takes the drudgery out of distasteful tasks, eases the joints of life wonderfully, and it is worth infinitely more than money. The sunny, buoyant, cheerful soul manages, without losing his equilibrium, to glide over difficulties and annoyances which throw others off their balance and make them miserable and disagreeable.
