

MARKETS. TORONTO.

Receipts of live stock at the City Market since last Friday, as reported by the railways, were 97 carloads, composed of 1694 cattle, 361 hogs, 1294 sheep and lambs and 117 calves. The quality of cattle offered as fat was no better, to say the least, but many dealers stated that they never saw as few good on the market, considering the number offered.

Trade was dull, with prices lower than at the Junction on Monday. Several drovers who had cattle at the Junction market on Monday took from 15 to 25c per cwt. less than they were offered at that market, here to-day.

Two of the leading commission firms, it will be seen, only report 19 cattle that sold at \$4 per cwt. and over. This fact shows the condition of the market. Both these firms report many cattle unsold at the close of the market, and it looks like still lower prices.

Exporters—None were offered with the exception of a few bulls, which sold from \$3.25 to \$3.75 per cwt.

Butchers—George Rowntree, who bought 10 loads for the Harris Abattoir Company, reported prices as follows: Steers, 1100 to 1200 lbs., \$3.60 to \$4.15; good cows and mixed cattle, \$3 to \$3.50; fair to medium cows, \$2.50 to \$2.85; canners, \$1 to \$2 per cwt.

Feeders and Stockers—Choice quality well-bred feeders are scarce, not enough to supply the demand, at about the same prices as last week, as follows: Steers of best quality, 1000 to 1100 lbs., \$2.40 to \$3.70; common to medium, at the same weights, sold at \$3 to \$3.25. Light feeders and stockers of common to inferior quality were plentiful and almost unsaleable. Light feeders, 800 to 900 lbs., of good breeding qualities, were worth from \$2.50 to \$2.75; stockers, 500 to 700 lbs., each, of common to inferior quality (eastern cattle), were hard to sell and prices were quoted at \$1.75 to \$2.50 per cwt.

Milkers and Springers—Good to choice milkers and springers were in demand at \$40 to \$50, and some of the extra quality sold up to \$55 and even \$59 was paid; common, light cows, \$25 to \$35 each.

Veal Calves—Good to choice veal calves are scarce, and wanted at good prices. Prices ranged from \$2 up to \$7 per cwt., the latter price being for choice new milk-fed calves. The bulk sold at \$4.50 to \$5.50 per cwt.

Sheep and Lambs—Prices unchanged. Export ewes sold at \$4.25 to \$4.40; lambs at \$5 to \$5.50, and a few selected ewes and wethers sold at \$5.60.

Hogs—Receipts light. Mr. Harris reports prices steady at \$6.25 for select, and thin, light, unfinished hogs at \$5 to \$5.25.

THE CASH SYSTEM.

We have taken the liberty of copying this letter from a western hardware merchant to the public and believe that it covers the situation in this country as well as in the west.

Having done business in this district for about six years, I have come to the conclusion that the credit system is very badly abused, and for the good of all concerned, it is time that promiscuous credits are stopped. It is without doubt an injustice to all concerned. From the standpoint of a merchant, I can say that it costs a merchant a great deal more to carry a customer than he receives in interest. I mean by this, that the interest the merchant pays is more than the interest the customer pays and the merchant loses his cash discounts, which are more than the interest. Beside this the bad debts, which are bound to accumulate, make it a losing game for the merchant. How about the customer? When a man gets credit he buys many an article that he could get along without and would, too, had he to pay the cash down. The result of this is, that when he gets through the season he has so many debts that he can only pay a portion of them. Then he goes to his creditors and tells them he is only able to pay part of his obligations and wants to be carried over until next fall for the balance, and there's the rub.

How can the merchant pay his bills in full if he does not get his money. The customer says "Oh, but I will pay interest." Yes, but how does that pan out when you wish your notes renewed for a year and expect the merchant to go to the bank and borrow the money. How does he have to do this? Try this yourself and see. Then you will realize what the real cost of carrying the credit is. I am sure when you consider well, you will agree with me that the credit business, in the way it is conducted, is an injustice to all. It simply means that the merchant becomes a money lender to his customers and at the same time must pay spot cash for his goods when the wholesaler demands it.

The banks are the real loan agents and naturally it would be much better for the farmer to make these loans from the banks until the crops are off and it would be much better for both parties.

Here is a puzzle that puzzles everybody: Take the number of your living brothers, double the amount, add to it three, multiply by five, add to it the number of your living sisters, multiply the result by ten, add the number of deaths of brothers and subtract 150 from the result. The right figure will be the number of deaths, the middle will be the number of living sisters and the left will show the number of living brothers. Try it and see.

PANDORA

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rod is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

LEARN DRESSMAKING BY MAIL

In Your Spare Time at Home,
Or Take a Personal Course at School.

To enable all to learn, we teach on cash or installment plan. We also teach a personal class at school once a month—class commencing last Tuesday of each month. These lessons teach how to cut, fit and put together any garment, from the plainest shirt waist suit to the most elaborate dress. The whole family can learn from one course. We have taught over 7,000 dressmakers and guarantee to give \$500.00 to anyone who cannot learn between the ages of 14 and 40. You cannot learn dressmaking as thoroughly as this course teaches it if you work in shops for years. Beware of imitations, as we employ no one outside the school. This is the only experienced Dress Cutting School in Canada, and excelled by none in any other country. Write at once for particulars, as we have cut our rate one-third for a short time. Address

It is observed that a man who wears down the heels of his boots or shoes equally may be safely set down as an energetic man of business or a trustworthy official. Heels worn on the outer sides are said to reveal imagination, poetic instinct and an adventurous spirit. If they are worn down on the inner side it shows the wearer to be weak and undecided in character. Moreover the professor adds, this last sign is more to be relied upon in the case of men than of women, as the high heels of the latter often divert whatever physical significance they might otherwise have.

PAIN

Pain in the head—pain anywhere, has its cause in congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's a blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend
