### The Uncertain World.

"This is the most uncertain world that ever I was in," said the deacon.

"You think so?"

"I know it. Only the other day the

person sighted a hurricane far off on

run for a storm pit an pulled the lid

on an—what do you reckon happened?"

"The Lord knows."

"Hurricane changed its mind—turned

into a hurricane an come mighty

nigh awallered him whole!"

### WHAT IS CATARRH?

It is an inflammation of the mucous

lining of the throat, bronchial tubes

and nasal passages excited by germs

that can only be destroyed by fragrant,

healing Catarrh ointment, which is

breathed direct to the seat of the

disease, and has never yet failed to

cure. Pleasant to use, absolutely cer-

tain to cure. Catarrh always

gives satisfaction. "I suffered from

nasal catarrh so badly that I couldn't

breathe through my nostrils, writes

G. K. W. not, of Meriden, I used Cat-

arrh ointment for a few minutes and

was relieved. It cured in a short

time." No other remedy just like Cat-

arrh ointment—it's the best. Two

months' treatment \$1.00; trial size 25

cents.

His Memory.

"Has he much of a memory?"

"Oh yes, indeed. Why, he can al-

ways remember that he has forgotten

something that he ought to remember

and can't, which is certainly much bet-

ter than forgetting that you've forgot-

ten something."

A STUDY OF OLD AGE.

Reveals the fact that the blood is

usually thin and lacking in the

strengthening properties of young

folks' blood. If you want to fill your

blood with the fire of youth, build

up your strength, restore your nerve,

just use Ferrozine. It's the most po-

wer tonic known and will renew the

flashing flame of aged life by im-

parting nourishment to enfeebled or-

gans. Ferrozine fortifies weak sys-

tems, feeds the blood, brain and

nerves with new life. Try Ferrozine.

Price 50c. per box.

Frauds in Furs.

A common hare skin can be made to

represent a valuable dark brown fox,

and to such perfection that only an ex-

pert may discover the difference. A

common arctic fox skin, original cost

only \$2.50, transported to Leipzig, is

definitely turned into a first class dark

brown fox worth \$30 to \$50. A mar-

mo skin, after treatment, successfully

represents a sable skin. A rabbit is

made to imitate a fur seal skin.

TOO GREAT A RISK.

In almost every neighborhood some-

one has died from an attack of cholera

or cholera morbus, often before medi-

cine could be procured or a physician

summoned. A reliable remedy for these

diseases should be kept at hand, and

this risk is too great for anyone to

take. Chamberlain's Colic, Cholera

and Diarrhoea Remedy has unques-

tionably saved the lives of more people

and relieved more pain and suffering

than any other medicine in use. It can

always be depended upon. For

sale by all druggists.

### SERIOUS TOP-SPINNING.

A Rather Delightful Tale of South Sea Islanders Who Are Experts at This Form of Amusement.

Mr. A. C. Haddon, a traveler in Torres Strait, off New Guinea, de-

scribes in his book, "Head Hunt-

ers," a top-spinning contest which

might excite the envy of a civilized

schoolboy, or even of an uncivilized

one. Top-spinning is a favorite pas-

time among the South Sea Islanders,

indeed on Murray Island, where Mr.

Haddon was, it is a serious cere-

mony; for this contest was the open-

ing business of a funeral feast.

"At one moment there were thirty

tops spinning together. The men

sang songs, cheering on a top which

threatened to stop, and shouting

when one toppled over. When a top

was "dying," great care was taken

to shelter it from the wind to pro-

long its life a few seconds. We timed

four of the best tops, and found they

spun for 27, 25, 25 and 24 minutes.

"The tops are made of a fine-

grained volcanic ash, and have the

shape of a spit pea with the flat

surface up. The diameter is from four

to six inches. The stem is a long

pencil of palmwood. The flat surface

is decorated, sometimes with com-

mon objects painted in colors, some-

times with legends symbolically de-

picted.

"The top is spun by repeated slow,

steady, sliding movements of the out-

stretched palms. To give a smooth

bearing surface, bits of shell or pieces

of broken crockery or the under sur-

face of a cup or saucer are put be-

neath the top.

"Special baskets with a protecting

nest of cloth are used to keep the

tops in. It is amusing to see grown

men gingerly carrying with both

hands a top ensconced in its basket,

with as much seriousness and care

as a young wife carrying her first

born.

"Men of all ages engage in these

matches. Usually one section of the

island is pitted against another.

"Natives tend to carry their

amusements too far. During our stay

top-spinning became almost a de-

bauch, and the men neglected their

work until the mammoos, or chief,

issued an edict prohibiting top

matches on Saturday. It seems that

the men were so busy playing top

that they did not bring in food

enough on Saturday, and as Christi-

anity has made them strict Sabba-

tharians, unwilling under any con-

ditions to get food
