THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well. There is one medicine that is both a food and a tonic—it aids digestion, promotes assimilation, converts food into nutriment that builds up nerves, blood, brain and bone. That tonic is Ferrozene, which contains exactly what a run-down system needs. Ferrozene supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles. No wonder it makes such vigorous men and women. You'll eat, sleep, think and feel better by using Ferrozene; try it now. Fifty cents buys a box of fifty chocolate coated Ferrozene tablets, at all dealers.

Don't brag about your future if your past won't stand close scrutiny.

PALE, LISTLESS GIRLS

Can Only Obtain Health Through New, Rich, Pure Blood Made by Dr. Williams' Pink Pills.

Growing girls, girls in their teens, must have rich, pure blood. Healthy womanhood depends upon the vital change from girlhood to maturity.

Every woman should most carefully watch her daughter's health at this critical period. If a girl at this period has headache, if she is pale, thin and languid, it shows that her slender blood supply is being overtaxed. She will always be ailing and may slip into a hopeless decline or consumption if her blood is not built up at once with Dr. Williams' Pink Pills.

The rich, red blood which these pills make brings health and strength to every organ, and makes dull, listless, languid girls, bright, rosy-cheeked, active and strong. Miss Maggie Donahue, Erieville, Ont., says: "Before I began the use of Dr. Williams' Pink Pills I was badly run down, and it seemed as though my blood had turned to water. I was very pale, suffered from headaches and palpitation of the heart, and often I would pass sleepless nights. I found nothing to help me until I began the use of Dr. Williams' Pink Pills, and these have fully restored me and I can truthfully say I never enjoyed better health than I am now doing."

When Dr. Williams' Pink Pills replace bad blood with good blood they strike straight at the root of all common ailments like anemia, decline, indigestion, kidney and liver troubles, skin eruptions, erysipelas, neuralgia, St. Vitus dance, paralysis, rheumatism and the special ailments of growing girls and women. Be sure you get the genuine pills, with the full name, "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around each box. Sold by medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MORE RURAL PHONES

Rev. T. T. George, principal of Mount Elgin Institute, Caradoc, is to be commended for the work and interest he has taken, says the Strathroy Age, to promote the agitation for telephone service in the southern part of that township to a successful and satisfactory issue.

The Bell Telephone is now busy strapping a line to connect Delaware, Muncey, Mount Elgin Institute, Longwood, Komoka, Caradoc Station, and other points in that locality with Mount Brydges, which is to be the central office.—St. Thomas Times.

Rev. Mr. George mentioned in the above is a former pastor of the Victoria avenue Methodist church.

SPORT

LACROSSE GOSSIP.

A meeting will be held in the parlors of Hotel Garner this evening for the purpose of organizing an intermediate lacrosse team in Chatham. The meeting, it is hoped, will be well attended.

It is also of vital importance that a large number of the more representative supporters of lacrosse be present, as there are potent rumors to the effect that a would be "hot sport" has interested himself in forming a clique to boost his own ends. As everyone knows, cliques kill sport, and it is imperative that the management of the team be placed in the hands of fit and proper men. The effort made to shelve the Junior lacrosse team's chances of getting into the C. L. A. is proof enough of a certain individual's unfitness for official honors. It is alleged that he is trying to enter another local Junior team of which he hopes to become manager. Certain of the Junior executive claim that the remark was made to them by this individual that he would see to it that they did not get a place as a C. L. A. team. Lacrosse has enough of enemies and obstacles in its path without the presence of knoekers, and all intriguing schemes should be ignored.

The future of intermediate lacrosse in Chatham greatly depends on the result of to-night's meeting, and every effort should be made to get good men to stand as officers.
