NEAR THE TRUTH.

The following is the Lesson in Economics
which we take from the Greenville,
Texas, Banner, which contains so very
truthful insertions and is appropriate to
the New Brunswick farmer:

"A certain farmer in Texas, not a
hundred miles from Greenville, sat down
with his family to breakfast. They sat in
chairs made in Indiana, the table was
made in St. Louis, the dishes were made
in New York; the knives, forks and
spoons were imported from England;
the biscuits were made of flour from
Kansas, shortened with lard from Mis
souri, cooked on a stove made in Chicago,
and his coffee was served with sugar from
Louisiana. When breakfast was over he
drove to town in a wagon made in Ohio,
while his son went out with a \$40 gun
made in Pennsylvania and an imported
\$10 dog to kill five-cent birds for dinner.
His daughter went riding on a \$75 bicycle
made in Massachusetts. His wife swept
the floor with a broom from Cincinnati,
took up the dust in a pan made in Ver
mont with a brush made in Rhode Is
land. The farmer bought a plow made
in Illinois, a cultivator made in Michigan,
hoes and rakes made in Indiana, and a
reaper made in Chicago. He took these
home and set them out on a vacant lot
exposed to the rain and sunshine, where
they were ruined in one year. That
farmer is always complaining of hard
times." It is needless to add that the
Banner believes in encouraging home in
dustry, and recognizes that St. Louis,
New York, Chicago and Pennsylvania are
no more "home" to a Greenville man
than Sheffield or Birmingham.

The gross earnings of the C. P. R. from
February 1st to Sept. 30th, 1898, were
\$18,254,633.01; working expenses, \$11,
394,726.85; net profits, \$6,859,906.16.
The gain in net profits over the same
period last year is \$214,055.65.

It is said now that Spain will accept
the claims of the United States for the
Philippines after formally announcing at
a session of the commission and in a cir
cular to the powers that she yields in
force and owing to the impossibility of
newing the war without obtaining assist
ance in defence of her rights.

The Antigonish Casket says: A num
ber of wealthy New Brunswickers,
among whom are Senator Snowball of
Chatham, Fred P. Thompson, of Freder
icton, J. J. Black of Sackville, Willard
Kitchen of Fredericton, have purchased
77 per cent. of the Modstock Gold Min
ing Co., whose property is located at
Forest Hill, Guysboro, for \$22,800.

The address of Canada's new govern
ment is not so easy but what it might
be easier. Here it is: His Excellency
The Right Honourable Sir Gilbert John
Elliott Murray-Kynnmound, Earl of
Minto and Viscount Mulgund of Mel
gund, County of Forfar, in the peerage
of the United Kingdom, Baron Minto of
Minto, County of Roxburgh, in the Peer
age of Great Britain, Baronet of Nova
Scotia, Governor General of Canada.
ST. JOHN LETTER.

The ladies of St. John who are petition
ing the government for the right to vote
are apparently unconscious of the influ
ence which by a judicious use of their pow
ers of persuasion they might exert if they
would, and thus practically control the
elections while remaining away from the
polls and escaping the unpleasant experi
ences which they would be likely to en
counter at the ballot box. The women
who clamor for the franchise confess, in
doing so, that they feel that they have
but a slight influence over the actions of
their husbands, brothers, and friends,
which to a sensitive woman must be very
humiliating, as it shows that she is lack
ing in those feminine qualities which the
world considers most admirable. A new
girl in New York a few days ago received
a letter from Rough Rider Roosevelt
thanking her for her aid in the late con
test which resulted in his election as gov
ernor. Questioned as to what she had
done, she said:

"I'm a Republican, and I wanted to see
Col. Roosevelt elected because he's a fine
gentleman and a brave soldier. So I just
told all my men customers to vote for
him, and most of them said they
would. When a stranger came to me to
buy a paper, I always advised him to buy
a Republican paper, and most of the time
they took my advice. I stopped buying
the Democratic papers because it made
me mad, the things they said about the
Colonel. Of course I had to sell some
Democratic papers, but I marked 'Vote
for Roosevelt' on them, and of course the
men that bought them saw it. I won a
lot of votes for the Governor, and after
he was elected I just wrote him a letter

and told him about it."
If she had been a voter she might have
cast one ballot for her favorite and that
would have been all; as it was she thinks
she turned many votes in his favor, and
more than all is the proud possessor of a
letter from the famous Rough Rider and
governor-elect.

Seven steamers from Liverpool, Glas

About forty car loads of flour, grain,

"Academic Miles" opened last week
with a large number of pupils and the
following staff of instructors:—

J. C. Miles, A. E. C. A.; F. H. C.
Miles, Student at Academic Julien, Carl
Ross Life School and under Bucerast and
G. Forrier, Paris; Mrs. E. J. C.
Miles, pupil of Madame Grenot and Ma

Classes for ladies have been formed in
Drawing and Painting, Porcelain paint

Drawing and Painting, Portrait painting
and drawing from the cast. Courses are
also given in perspective and light and
shade. The school affords pupils a rare
opportunity for advancement, the talent
ed instructors pursuing the same meth
ods that are in vogue in the best Parisian
academies.

Flour is unchanged, but stocks of Mani
toba patents are very low. Hand picked
beans are higher today's quotations being
\$1.15 and \$1.20 per bushel; choice prime
\$1.10. Lard is quoted at 8 cents in tubs,
8 1/2 cents in pails and 9 cents in tins.
Toss are firmer and but small lots of the
lower grades are in the market. Onions
are somewhat higher, selling today at
\$2.10 per barrel. New Valencia layers
are quoted at 6 1/2 cents; old 5 1/2 cents;
choice fancy new currants 5 cents; provin
cial brand 5 cents; cleaned in 1 pound
cartons 7 1/2 and 8 cents. That popular
young commercial man, Mr. Huggonson,
will represent George S. DeForest &

business exclusively, on the road here

The Parks' cottage on the Beaver Lake
road was destroyed by fire at an early
hour yesterday morning, and Paul King
ston, a native of Long Island, about 70
years of age, perished in the flames. It
is supposed that Mr. Kingston, who was
an early riser, upset a lamp while dress
ing himself and perished almost immedi
ately thereafter. The Parks cottage was
a handsome structure, a pleasant land
mark, for it was an old building; it was
insured for only \$500.

A Prince William street lawyer assal
ted a boy last Thursday because he called
as instructed by his employer to collect a
bill. In the police court he excused him
self by saying that "the boy called too
often," and the magistrate excused him.
This is a good precedent for the impetu
ous.

An Epileptic Sufferer.

A PENLON FARMER TELLS OF
HIS REMARKABLE CURE.

At Regular Intervals He Was Sub
ject to Fits, and Doctors Told Him
the Trouble Was Incurable—Now
Free From the Malady.

From the Warder, Lindsay, Ont.

Mr. Robert McGee, of the 9th conces
sion of Fenlon, Victoria county, says in
speaking of his cure from this terrible
malady:—"I am 35 years of age and live
on the old homestead where I was born
and have lived always since, and where
my own little family were born. This
part of Fenlon is known as McGee Set
tlement, there are so many of that name
living in the vicinity. Never in my life
did I know what a day's sickness was
until March 1895, when without any known
cause and without any warning I was
stricken down with an epileptic fit. It
came on in the night, causing great con
vulsion in the household, as my wife,
who never saw anything of the kind be
fore, thought it was my end; as for my
self I neither felt nor knew anything that
was going on about me. After coming
out of the convulsion, which they tell me
usually lasted from fifteen to thirty min
utes, I would fall into a heavy sleep from
which I would awake with a dull, heavy
feeling, and all the muscles of my body
would be sore. This would pass away
and in a day or two after the attack I
would be able to attend to my farm work,
but strange to say every four months af
ter as regular as a clock I would be seized
with a fit, which always came on in
the night. Various doctors and special
ists were consulted and I took several dif
ferent medicines, but without effecting a
cure. Several doctors said the disease
was incurable. I read of Dr. Williams'
Pink Pills in the newspapers and was ad
vised by friends who had experienced cures
from other seemingly incurable ail
ments, to try them. In November 1896
I commenced and kept on taking them
regularly for a year. The dreaded period
passed and passed again and again with
out a repetition of my trouble, and I felt
I was at last released from this terrible
malady. I am now in the best of health,
and I attribute my cure to Dr. Williams'
Pink Pills." In conversation with Mrs.
McGee she said that her husband's
trouble was the cause of most seriously
affecting her nerves and general health,
as she was always living in dread, and
could never enjoy a night's rest. The
slightest noise would startle her, and if
it had not been for the kindness of a
neighbor who always came and stayed at
the house over night, she believed she
would have broken down altogether.
She also is thankful for the great change
that has been wrought, and is only too
glad to let others with similar afflictions
know that there is a remedy for this ter
rible disease.

Dr. Williams' Pink Pills cure by going
to the root of the disease. They renew
and build up the blood, and strengthen
the nerves, thus driving disease from the
system. Avoid imitations by insisting
that every box you purchase is signed
in a wrapper bearing the full trade mark,
Dr. Williams' Pink Pills for Pale People.
If your dealer does not keep them they
will be sent post paid at 50 cents a box or
six boxes for \$2.50 by addressing the Dr.
Williams' Medicine Co., Brockville, Ont.
