Chatham Breaks With Liquor Traffic

"The World" Decries The Change of System. As Being Too Sudden

(Chatham World, Aug. 18th, 1917) During the last three or four years Chatham liquor dealers have been fined at regular intervals only, unless when extra fines were imposed for violating the police regulations respecting closing at certain hours and on Sundays and election days, and the dealers naturally expected a reasonable notice of any change in this system. But now they have been closed at a minute's notice, in consequence of a lightninglike change of mind and method on the part of the civic rulers, and the question with them is, "What can we do with our stock?" They probably have from \$100 to \$150 worth of strong waters on hand, each, and must realize on it or suffer serious financial loss. They have good cause for complaining of the sudden change of policy on the part of those to whom the police look for orders. What can they do with the stock on hand? It may cost them more in fines to try to sell it than it's worth. The saloon-keepers also think that the levying on them for \$53 each this week, when they are selling nothing but soft drinks is very sharp practice. They paid the regular bi-monthly fine on July 22nd, and closed their bars when ordered to do so August 11th, and look upon the imposition of a fine for selling between those dates as extortion. The town was orderly under the old system, as the Mayor has often declared, and it may not be more orderly with the liquor business in new hands and unknown places—kitchens, cellars, blind pigs, and dark corners—as it used to be when attempts were made to enforce the Scott Act to the letter.

Military Cross Here

CAPT. William Stewart MacTier, who was reported yesterday to have been awarded the Military Cross for gallantry in the firing line, is the son of Mr. A. D. MacTier, general manager of eastern lines of the Canadian Pacific Railway. Capt. MacTier went to the front with the first Canadian Contingent and has been twice wounded, the first time at Ypres, and lately at Vimy Ridge. At the outbreak of the war, Capt. MacTier was on the ocean returning from Europe, and immediately on landing joined the Thirtieth Battalion, under Lieut-Col. (now Brigadier-General) Loomis, D.S.O. He went to the front with that unit and fought with it when it covered itself with glory at Ypres and Festubert. He was then wounded by shrapnel and returned to Montreal to convalesce. On returning to the front he was attached to Brigadier-General Loomis' staff, he having taken over the command of a brigade in the mean time. As the serving in this capacity for a short time one of his feet gave out and an operation was necessary. On his return to the front on this occasion he was transferred to a Montreal Highland Battalion and promoted to his present rank.

A Social Canker And Growing Evil

Great Meeting Held in Toronto To Find Means To Combat Social Disease Among Civilians

Alarming statistics of the prevalence of social disease among civilians and soldiers were presented to representatives of a dozen Ontario organizations who met at the City Hall yesterday to discuss ways and means of checking the evil. The outcome of the conference, which was held at the instigation of the military authorities, was that police, press and medical officials, all promised hearty support in a campaign of suppression. A committee of men and women was appointed to suggest means.

Among the organizations represented were the Board of Trade, Rotary Club, Daughters of the Empire, Women's Liberal-Conservative Clubs, W. C. T. U., Y. M. C. A.; and the Local Council of Women. The committee which was appointed to consider the situation is composed of Miss L. A. Hamilton, Mrs. Torrington, president of the National Council of Women; Dr. Margaret Paterson, Mrs. Willoughby Cummings, Major J. T. Fitzgerald, Major J. W. S. McCullough, G. A. Putnam of the Women's Institute; Capt. Dr. Gordon Bates, F. B. Paul, Dr. J. A. Macdonald, A. E. S. Smythe, Mrs. A. M. Heustis of the Local Council of Women, Alex. Sinclair, Crown Attorney Seymour Corley, and Deputy Chief David Archibald.

According to the suggestions put forth at yesterday's conference the campaign is to be one of legislation as well as education. Crown Attorney Corley declared that there were improvements which might be made in existing laws and he promised to make some suggestions at the next meeting. Capt. Dr. Gordon Bates of the Base Hospital, Toronto, said that an educational campaign must be carried on throughout the province, whether by literature, lectures or moving pictures.

Capt. Bates reported that the admissions at the base hospital from the disease are approximately 1,500 a year, while in the Toronto General Hospital during the first three months of 1917, twelve per cent. of all the patients were diseased. The situation was such, he said that the authorities and the general public must abandon its ostrich-like attitude and take immediate action toward wiping out the evil.—St. John Evening Times, Aug. 15, 1917.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. Pretty Wedding At St. Michael's

Miss Lily Allen and Mr. Frazer Sullivan United in Marriage by Rev. Mon. O'Keefe.

St. Michael's Cathedral was the scene of an interesting ceremony Thursday afternoon at 3 o'clock, when Lily Allen, daughter of Sergt. and Mrs. Robert Allen, and Frazer Sullivan, son of Mr. and Mrs. James Sullivan, Newcastle, were united in marriage by Rev. Mon. O'Keefe. The sweet in a gown of cream silk net over rose silk with rose silk trimmings and hat of pale rose Georgette crepe, and carried a bouquet of bridal roses, lilies of the valley and maiden hair fern. The bride and groom were unattended. Mr. and Mrs. Jacob Layton, aunt and uncle of the bride, were the witnesses of the marriage. The bride's going away gown was Copenhagen blue silk with hat to match. After a short wedding trip they will reside in Newcastle. Many beautiful presents were received by the young pair. The bride's mother gave her a Knaabe piano. The employees of the Hicks Company Newcastle, gave a silver brass bed, complete with Ostermoor mattress and pillows, the groom being very popular with the men as well as an efficient member of the concern. A pleasant surprise in the form of a lovely fumed oak and leather arm chair with the "heartiest congratulations" was sent in from five of the groom's young Chatham friends. This event, which had been looked forward to with much interest by the many friends of the youthful pair, was terminated in a quiet wedding owing to the absence of the bride's father and three brothers, all being on active service.

Dinner was served in the evening at the home of the bride. The bride used as a centerpiece her bridal bouquet enfolded in the Union Jack and Canadian flag as a token of affectionate remembrance, and thus giving a part in the marriage to father and brothers at the front.

THE HORSE RACES

"You can take my word for it, this is going to be the biggest and best meet we have ever had at the Halifax Exhibition track," said a prominent horseman.

"On what do you base your remarks?" he was asked. "First, on the fact that what we all have been pulling for the last long while has been accomplished. We have a real big racing circuit, with Moncton, Fredericton, St. John and Chatham combined with Halifax into a racing circuit, you will see horsemen carrying greater strings than ever and you will see a lot of owners entering horses, who did not before. I tell you, it makes us all feel mighty good that we shall have a chance to go from track to track without any long jumps or long breaks.

"In the second place, I am sure this is going to be the biggest week we have ever had in Halifax, because the Commission has made arrangements for more than ever before. "And in the third place, I believe that you will see greater crowds at the September 12th to 20th Show this year than ever before. I was recently on a trip through a considerable portion of the province, and everywhere I heard people planning on taking in the Exhibition.

"Every horseman I know is tuning up his string in the expectation of the greatest Fall of racing ever seen in these parts."

Half of Saloniki Destroyed By Fire

More than half the walled city of Saloniki, in Greek Macedonia, which is under occupation by the Entente Allied troops was destroyed by fire Saturday.

Eighty thousand people, who were rendered homeless, were removed to neighboring villages.

Saloniki is enclosed by white walls, partly ancient and partly medieval, and is surrounded by cypresses and evergreens. As seen from the sea it presents a bright and beautiful appearance; but its internal aspect is miserable in the extreme. The principal buildings are mosques, most of which were previously Christian churches. The citadel, called by the Turks Yedi Kuleh, on the seven Towers, is the ancient acropolis; within it are to be seen the ruins of a triumphal arch belonging to the time of Marcus Aurelius. Other relics of antiquity are the propylaeum of the Hippodrome, a magnificent Corinthian colonnade of five pillars; the triumphal arch of Augustus, erected after the battle of Philippi (no wronging the gate of Vardar or Vardari); the arch of Constantine, etc.

A special train has been despatched from Kief to Jassy to convey the Roumanian royal family to Russian soil.
