Montreal Live Stock Market. Sept. 10.-There were about 920 head of butchers cattle, 700 sheep and

lambs, 20 calves and 140 fat hogs offered at the Eeast End Abattior today. The nombers of cattle today were much larg-cr than ever before offered on this mar-ket, except at Christmas and Easter, and the drovers were compelled to sell at lower figures than on any previous mar-ket this season, and a large number will not be sold today. Several additional droves were held at the yards and not brought to the market today. few sales were made at over 3 c per 1b. and pretty good cattle sold at about 3c lo., common stock at 25c to 3c do; with per lb. There were no good veal calves offered, though there were several large calves on the market, that were rather too old for weal and too young for beef. too old for veal and too young for bee. Prices are pretty high considering the quality. The supply of mutton critters was fair and prices are without change, except that there was a better demand for good large sheep to ship to Britain, and these brought from \$5 to \$6 50 each, or from 4c to 4½c per lb. There were about 500 fat hogs on sale today at the various yards and markets, but there was no active demand for them, and prices continue without change, are from 6½c to 6½c per lb. for fed hogs and 7c per lb. for those just from cff the cars.

Mistake About it.

The public verdict is that ALEX. MUNRO has the right Goods, right prices and in the right time. I want to emphasize the fact that I study the requirements of my customers, and have made a special effort this season to procure everything New, Useful and Fashionable that is worth having.

I make no specialty of low lines of Goods, I aim at keeping good articles, and at prices commensurate with

quality.

If brevity is the soul of wit, I will not exhaust patience by particularizing particulars, but will merely say that in all departments there will be found a choice
