### Improvements To Euphrates.

The s.s. Euphrates is being greatly improved and is receiving a new steering gear, a new saloon on deck, while the bridge is being shifted forward of the funnel. The boat has become very popular on the Bell Island route and these additions will tend to increase the comfort and convenience of passengers. Sunday last she took 80 passengers up to Spaniard's Bay.

Last night as the Prospero was coming down the shore an impromptu but very enjoyable concert was held in the saloon; vocal and instrumental numbers were given by Misses N. Flynn, Agnes Smyth and M. Doyle; Purser Snow, Messrs. John Doyle, Ayre and others. The passengers were highly pleased with the entertainment.

### S. U. F.

There was a very large gathering of the members of St. John's Lodge, S.U.F., in the British Hall last night. Nearly all the Grand Lodge officers were present, and the occasion was to do honor to a veteran of the Order. After the usual routine business of initiation, &c., P.M. Bro. E. H. Davey came forward to thank the Lodge for the honor which it had conferred upon him by making him an honorary member. In thanking the Lodge for this honor, Bro. Davey also conferred a great honor upon the Lodge by presenting it with a handsome Past Master's Jewel, beautifully mounted and suitably engraved, as a souvenir to commemorate his 35th anniversary as a member of the Order, to be worn by succeeding Past Masters under certain conditions. Bro. Davey, who never does anything by halves, also made the presentation to Worthing Master A. E. Withcombe of a beautifully hand-painted scroll with the mottoes and emblems of the Order. Happy speeches were made by Bro. J. A. Clift, Grand Secretary; J. T. Phillips, P.M.; Jas. Rendell, P.M.; W. H. Goodland, P.M.; J. C. Phillips, P.M.; A. Edgecombe, P.M.; W. McGilvray, P.M.; and Bro. F. T. Davey and others. After the meeting light refreshments were served and a pleasant hour was spent.

### Channel Schrs. Arrive.

The Channel sealing schooner, Cedella, Capt. Dan Martin, arrived here this morning with 2,200 prime young harps taken in the Gulf this spring; and the Mildred, Capt. Scott, arrived last night with 1,300. Both vessels are anchored in the stream. The former has 10 men of a crew, and the latter 10, and both will make good bills. They report seeing the smoke of two steamers on the 17th March away in the direction of where the hoods were known to be, and the captains believe these were the Labrador and Kite, and that the latter ship as well as the Labrador will have a good trip of fat. The Cedella picked up 5 families of hoods in the ice which the steamers alluded to forced through. There are two other schrs. in the Gulf and it is thought they, too, will get the hoods.

### Indigestion is Ended Forever.

No Heartburn, Gas, Dyspepsia or Headache five minutes later.

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all you can eat.

Eat what your stomach craves without the slightest fear of indigestion or that you will be bothered with sour risings, Belching, Gas on Stomach, Heartburn, Headaches from stomach Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

You couldn't keep a handier or more useful article in the house.

The west bound express left Notre Dame Junction at 8.50 a.m. to-day.

### Complaint About Glencoe's Sailings.

Editor Evening Telegram.  
Dear Sir,—Most of the Government organs have announced that the change in time of the Glencoe's sailing was very popular on the West Coast.

Now, Mr. Editor, west of Fortune I venture to say that it is not popular. Under present arrangements we of this district have unbundled the moral back-load of Fortune Bay by doing the Sunday work against which they kicked so lustily, as all our freight from west has to be landed on Sunday, say at Burnt Islands, Rose Blanche, LaPolle, Grand Bruit, Burgeo and Ramea.

Secondly, all passengers bound across the Gulf have to wait over at Port aux Basques Saturday, Sunday and Monday, unless the Glencoe connects with the Bruce Friday night, and this seldom occurs. The same conditions apply to fresh salmon and halibut, of which there are large quantities shipped by Glencoe during the months of May, June and July from Hermitage and other points east, including this place. They will all have to lay over three days at Port aux Basques. Such a delay is most serious to fresh salmon and halibut.

Under former conditions, if the Glencoe failed to connect on Monday (and it was seldom that this occurred), the passengers and freight only remained over two days. And last, but not least, we only get one mail a week, whereas when the Glencoe came east on Wednesdays we had two, i.e., the Bruce's mail of Wednesday morning, as also any mail from St. John's, and the Bruce's mail on Friday morning was sent to Placentia and came up by Glencoe on Monday morning. Now the Glencoe brings Sunday morning's mail, and any mail arriving at Port aux Basques during the week has to remain over till the following Sunday, as the Glencoe leaves Placentia Wednesday evening. All this was, or should have been known to our doughty M.H.A., and yet he raised no objection, as it evidently suited his mentor, the worthy C. H. E. of Fortune Bay.

Yours,  
ONE WHO KNOWS.  
Burgeo, March 28, 1910.
