## Grand Rally at Harbor Grace.

Special to Evening Telegram.  
HARBOR GRACE, To-day.  
A Grand Liberal Association meeting was held at St. Paul's Hall last night. A unanimous and very hearty vote of thanks was passed to the Right Hon. Sir Robert Bond for assuming the leadership of the united Liberal Party. At the mention of Sir Robert's name the hall resounded with cheers three times three and a tiger. The Association congratulates the country on the political outlook and assures all that BOND CAN'T LOSE HERE.

## Nothing More Insulting.

Editor Evening Telegram.  
Dear Sir,—Nothing could be more insulting to the Old Liberal District of the West End, than to have the big man of Adelaide Street and that individual of the Post Office going around the streets and asking honest intelligent tradesmen and mechanics to support Morris and his crowd in the coming election. What next? The Post Office man says he has "a nigger" in his time who got a rise from Morris, but he is upstairs in the Post Office and can't say much, but he can work on the sly. Truly "where ignorance is bliss, 'tis folly to be wise." The heeler in the P. O. and other public offices who are playing double will be sorry individuals after the election. Sir R. Bond will have to purge the public departments from heeler. Sir Robert will do it. He will have one of the biggest majorities that was ever known. Tories must die and it is the people's right to kill it. VOTER.

## Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer. Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 11 per cent in Nitrate of Soda, and it is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled and the growth of late crops stimulated. We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate, and our terms are accommodating. ST. JOHN'S GAS LIGHT COMPANY, Board of Trade Building, St. John's, July 12.

## Enjoyable Concert.

Last night an enjoyable concert was given in the British Hall. The audience was large. The various numbers recited were much applauded. Those who took part were: Miss Furlong, Deline, Collins (2), A. H. Howlett, Costello, Messrs. Butler, Edwards, Maund, Prowse, Evers, Watson, Hurst and Slattery. An interesting sketch entitled "Mrs. Kirkland's Money" was also rendered and in which Messrs. Collins, Murphy, Miller and Dee acquitted themselves creditably.

ARRESTED A CABMAN.—Last night a cabman was found helplessly drunk. He was incapable of taking charge of his horse and was brought to the police station.

## Hr. Grace Notes.

A baby girl was born to Mr. and Mrs. John T. McRae on Sunday last, Sept. 7th.

The s.s. Kyle arrived here at 8.20 this morning from Labrador ports. Mrs. E. E. Parsons and her daughter who were on the coast for several weeks, were among the passengers who landed here.

Mr. T. G. Ford, the obliging agent of the Reid Nfld. Co. here, is now enjoying his holidays. Tom's friends are numerous, and they all wish him better weather than we have been having for the past week.

At the regular monthly meeting of the Juvenile British Society, held on Tuesday last, Master John Crocker was elected to fill the office of Treasurer, this being made necessary owing to the regular Treasurer having left the town.

St. Paul's Sunday School picnic arranged for Tuesday last had to be postponed owing to the disagreeable weather. Again on Wednesday the little ones (and some of the bigger ones as well) were disappointed. Thursday being still unfit for outdoor sport, the treat was given the children in St. Paul's Hall. A very pleasant evening was spent.

Mr. and Mrs. J. S. Taylor and children who were here from Pittsburgh, visiting for a couple of months, left by this afternoon's train for home. They were accompanied by Mrs. Taylor's mother and sister—Mrs. Thomas Davis and Miss May Davis—who will reside with them during the winter and return here in the spring.

The marriage of Mr. Christopher Pike, of Simmons' grocery store, and Miss Ida Davis, daughter of the late Thomas Davis, was solemnized at the Methodist Church here on Wednesday last. The ceremony was performed by Rev. W. Swann. The bride was Miss May Davis and the bridesmaids were Miss May Davis and Miss Nellie Parsons. Mr. Stevenson was best man, and Mr. Orestes Davis, uncle of the bride was father-of-the-bride. The happy young couple left by the afternoon train for Avondale where the honeymoon was held. Your correspondent joins with all the other friends of this young couple in wishing them unalloyed happiness.

Mr. William Casey, son of Mr. Jno. Casey, clerk of the court here, and Mr. P. J. Humphrey, son of the late Daniel Humphrey, leave by this afternoon's train for Quebec, where they enter Lavelle College to study for holy orders. We wish our young townsmen much success.

The s.s. Coban, after discharging a cargo of coal to the Harbor Grace Coal Co., left this forenoon for Sydney.

Miss Blanche Burrage, of St. John's who was on a visit to Miss Winnie Rogers, left for home by Thursday morning's train.

Hr. Grace, Sept. 12, 1913.—COR.

## Accident Insurance. New

Accident insurance is a form of protection which enables the holder to trade off a cold in the head for a weekly indemnity. If the cold develops into pneumonia, the owner can cash it in for enough to pay the doctor's bill and buy a second-hand touring car.

Accident insurance would never have been thought of if it had not been for the back-firing corn shredder. The man who invented this device filled it with a corn and gears that it is to employ a fearless hired man, who lost his arms in a fearful youth. It was soon found that the corn shredder shredded operators rather than did corn, and it caused accident insurance companies to spring up and provide money for people who leaned on the machine while it was consuming its meal lunch.

Most people never take out any accident insurance until they have been backed off the rear platform of a night caboose by an enthusiastic coupling and had several of their ribs splained. They are then insured at once and go through life without anything that looks like an accident except a head interval.

Accident insurance can be made a highly profitable form of investment by construing a stomach ache as total disability. Some men who appear to be in a robust state of health become perfectly helpless within thirty minutes after receiving an accident policy, and are unable to perform any kind of manual labor except playing croquet. Others manage to sprain an ankle about once every four weeks, which enables them to tap the company with great rapidity.

Traveling men carry accident insurance so that they can leave some thing besides their grip and a spoonful of jam. Once in a while a travelling man will be fortunate enough to fall out of an upper berth and carry home a set of dark blue contusions and a free will offering of \$25 per week, which makes him the envy of every flunkier on the road.

## Mr. Fleming Arrives

For The Nickel.

Mr. Myers bade farewell to St. John's last night after singing as he never did before. The audiences were delighted and heaped applause upon the singer. Mr. Cameron was also in splendid form and gave general satisfaction. Mr. Fleming arrived by the Morwenna and will be heard Monday night. He is one of the best baritones of the day and Nickel patrons are anxious to hear him.
