HALIFAX, Jan. 22.—The American fishing schooner Eglantine was wrecked at Spry Bay, during yesterday's storm. Her crew of eighteen were saved.

LONDON, Jan. 22.—The crowd aim of the militant suffragettes is to make 1914 politically famous. The platform laid down is from storming Buckingham Palace to stopping a ball game.

PORTLAND, Me., Jan. 22.—The crew of the missing five-masted schooner Prescott Palmer, have been picked up by a steamer, which landed them at Bermuda to-day, according to a dispatch to her owners. The schooner was abandoned during last week's storm.

LONDON, Jan. 22.—The body of Strathcona, in all probability, will be interred at Westminster Abbey, as a recognition of his eminence as an empire builder and philanthropist. His own wish was to be buried beside his wife, but in view of the public desire that the dead statesman should find a resting place either in Westminster or St. Paul's, his relatives will likely agree.

HALIFAX, Jan. 22.—Five men did not return to the Gloucester fishing schooner Pontiac and Elsie, while six men from the latter had a narrow escape during the storm that struck the Nova Scotia coast last night. Among the missing are Charles Bronson and J. M. Whealan, of Newfoundland. They were fishing off the coast when their dories were caught in the storm, and could not reach their vessel. The other six landed at Sambro, after a terrible struggle.

HALIFAX, Jan. 22.—Her bridge carried away, forward lifeboats gone and hatches burst open, as a result of her decks having been swept by furious seas Sunday last, the tank steamer Bradmayne, from New York for Galois, crippled into port this morning for repairs. Her deck forward was a mass of wreckage. For three days she battled with the heavy gales, and in order to make Halifax, emergency steering gear had to be used. The sea that swept the ship's bridge carried away the compass and everything movable about the decks.

LONDON, Jan. 22.—Premier Asquith apparently provided a solution at to-day's Cabinet meeting of Lloyd George's difficulties in making both ends of the budget meet. Lloyd George and Churchill left the Conference arm in arm, as though there was never the sign of a quarrel between them. That Churchill will get the four capital ships he insists on is accepted in naval circles as an assured fact; while other departments will have little expenditure in the meantime. According to Unionists, Lloyd George's championship of the little navy faction has brought into line again a strong contingent of non-conformist government supporters, who were showing restiveness at forcing Protestant Ulster under the rule of the Catholic majority.

Hr. Grace Notes.

Twin boys were born to Mr. and Mrs. Albert Spencer, this morning. Congratulations.

The young men of King Edward Brigade have lately formed themselves into a Club to be known as King Edward Athletic Association.

It is said that King George Brigade, of Carbonear, are going to treat us to a concert shortly. They will no doubt have a full hall, as they have many friends here.

Miss Minnie Shea returned home by Saturday night's train after spending Christmas most pleasantly with her aunt, Mrs. Pennessy, of Water St. West, St. John's.

We notice by one of the St. John's dailies that the general meeting of the Society for the Prevention of Cruelty to Animals, will be held at King George Fifth Institute on Friday night. We wish this noble organization every success in stamping out cruelty to animals; and we go further and say that every individual in this island should be a working member. We have heard of cases of cruelty to little children which should, if it is not already, be work for the society in putting a stop to. Success again in your good work, gentlemen.

We have before suggested and we again suggest that we should have a fearless representative of that Society in this town, and in fact in every other town in the island.

The police are keeping our Water Street residents up to the law in the way of keeping the snow cleared off the sidewalks in front of their premises. That is right, but surely some power should be brought to bear on the Government to have the snow levelled off at the public street crossings. Imagine a bank of snow at the foot of Prescott Street, St. John's, and when the residents east and west clear the snow away quite a ditch has to be made, where some person might easily break a limb. Surely some person is responsible for the public thoroughfares.

The installation of the officers of the Carbonear Masonic Lodge, took place at that town last night. The visiting brethren and some members from Carbonear will perform similar service for the Harbor Grace Lodge to-night. The Society's flag is now flying on the hall in honor of the event.

Several shebeen cases were adjudicated upon by Judge Oke this week, and convictions secured. It looks almost like another Klondike.

As we write (1.30 p.m. Thursday), it is snowing thickly, but not frosty. There is every indication of another storm.
