### A Canada Life Endowment.

New Glasgow, N.S., February 26th, 1914.

J. I. FLICK, ESQ., District Manager, Canada Life Assurance Co., New Glasgow, N.S.

Dear Sir—I wish to state that I am well satisfied with the results which your Company have given me in connection with my Endowment Policy No. 47,775, which matures on the 17th of March.

I find that the returns give me over \$424.00 more than I have paid in premiums, in addition to the protection that I have had during the Policy term. I consider this all the more satisfactory taking into account the fact that the dividends were applied as a Bonus every five years. I, therefore, received a return beyond Bank interest, in addition to the protection.

Yours very truly, JOSEPH STEWART.

### Cable News.

DETROIT, To-day. Ten chemists were killed by an explosion of acid and chemicals in the mixing room of the Mexican Crude Rubber Company.

LONDON, To-day. That Asquith still holds the trump card to play against the Nationalists seems to be the opinion of the Irish Independent, which expressed its fear thus: "If the two bills (Home Rule and the Amending Bill) become law practically the same time, it is apparent that Parliament will be called upon to consider the Amending Bill before the Royal Assent has been given to the main measure. Will the Government be brutal enough to tell the Nationalists that the Home Rule Bill will not be submitted for Royal Assent until the Amending Bill is accepted. In this contingency they could not vote against the Government without endangering the whole of the Home Rule Bill." At Westminster the Irish question is simmering pending the resumption of the consideration of the Bill next Wednesday when financial resolutions will be discussed. The feeling of the Opposition has perceptibly hardened during this week. At first there was a tendency to ask for peace at any price, whereas the Diehards now seem to be in the ascendant. While a short time ago a general election seemed very hazy, the possibility is now looming up strongly in face of strong demands from the Opposition. Among Liberals the chief interest centres in the provisions of the Amending Bill, the belief being that they are willing to provide for exclusion by county option. According to Asquith's pronouncement of March 8th few details are given with regard to the Post Office, Customs or Judiciary question. The time limit is now regarded as vital. Most Liberals probably rely upon being able to meet Unionists on this point. The spontaneous help accorded Ulster by Canada and other Overseas Dominions is greatly appreciated. Carson received a check for \$500 from the Montreal County Orange Lodge with a resolution of sympathy for his fight and also a cable from Johannesburg informing him that an Ulster Committee had just been formed there.

St. John's, Nfld., April 15, 1914.

To Manager, St. John's Gas Light Company.

Dear Sir—I have analyzed a sample of Sulphate of Ammonia made at your Works and I found 30.5 per cent of NITROGEN. Sulphates of Ammonia and Nitrate of Soda are the two principal Nitrogen manures.

Pure Sulphate of Ammonia contains 21.2 per cent of Nitrogen. Pure Nitrate of Soda contains 16.5 of Nitrogen.

Sulphate of Ammonia is less soluble than Nitrate of Soda, consequently it is a safe manure to use during a wet season.

Yours truly, D. JAMES DAVIES, B.S.C., F.C.S.
