The Untiring Energy

of the Wolf is proverbial. Practically no energy is required where SUNLIGHT SOAP is employed. SUNLIGHT SOAP is energy itself. The Wolf is the enemy of mankind;

Sunlight Soap

is the enemy of all dirt. It is the friend of the housewife, and is made for her profit. To the housewife it means less labour, less dirt, more leisure, and time and money saved. SUNLIGHT SOAP does away with needless rubbing and scrubbing, and so preserves the clothes.

LONDON, April 3.

The Russian Government reports the Russian offensive on the Niemen and in the Carpathians continued with success.

The French Government reports a successful attack by a flying squadron on the aviation sheds in Woëvre.

HARCOURT.

ST. PIERRE BULLETIN.

PARIS, via St. Pierre, April 3.

Nothing of importance to report southwest of Peronne. Near Domperre we have destroyed with mines a certain number of German trenches. In yesterday's attack on the aviation camp of Hensmont, French and Belgian aviators, threw about 30 bombs. East of Luneville, where the German communiqué falsely declared we had suffered heavily on the first of April, the truth is that on the fighting ground our killed have been for this engagement turned to our advantage. It happened in Parroy region, at a considerable distance from Luneville, which is completely outside the zone of scouting troops.

Nothing important to report on the whole front. This morning at seven o'clock of Soissons, a German aviator has been brought down back of our lines. This is the third aviator captured by us in the last twenty-four hours. One of our flotillas of aeroplanes dropped thirty-three bombs on barracks, aeroplane sheds and on railway station of Vignolles. At Woëvre a large number of projectiles struck where, aimed, aviators stood the fire of the enemy, at very short distance. Three returned with very large holes in the wings of their machines and the canvas of others was badly torn by shrapnel. None of the aviators was hit, and all the machines returned in our lines.

ITALY'S POSITION.

PARIS, April 4.

Giuseppe Devicene, editor of the Turin Stampa, and also a member of the Italian Deputies, told the Associated Press yesterday that he had a deep conviction that Italy would begin war against Germany and Austria before the end of April. Signor Devicene said Italy's military preparations were now completed. The Italian Government, he declared, was not

waiting for a decisive battle in favor of the Allies, but desired to become engaged in the war before such a battle, as Italy would then be in a position to realize her aspirations, in accord with the Allies.

REPULSED GERMAN ATTACKS.

PARIS, April 4.—(Official.)

Saturday at Domperre to the south west of Peronne, we continued to make satisfactory progress with our mining operations. Near Lassigny the Germans attacked and attempted to debouch; they were stopped short by our fire, as they were sallying forth from their trenches. In Upper Alsace in the region of Burnham Pelephant we repulsed two German attacks.

BULGARIA AND SERBIA CLASH.

PARIS, April 4.

Hostilities between Serbian troops and Bulgarian irregulars have broken out along the border. The official statement issued at Nish, Serbia, as forwarded to the Havas Agency, says that the Bulgarians overwhelmed the Serbian Guards and occupied Serbian territory. The statement follows: Last night, Bulgarian irregulars, wearing military uniforms, attacked large numbers of our outposts at Valando. Our frontier guards, overwhelmed by superior numbers, were forced to give ground, and retreated in the direction of the railway station at Strumitsa. At 5 a.m. the Bulgarians occupied all the heights on the left bank of Varder. The losses on both sides were serious. Wounded soldiers state that Bulgarian bands fought under the direction of Bulgarian officers, and the number of troops engaged was slightly more than a regiment. The neighboring frontier posts were immediately sent reinforcements.

An official despatch from Gheveghel, Serbia, forwarded to the Havas Agency, confirms the statement that Bulgarian bands crossed the Serbian border. They are said to have captured from the Serbian frontier guards two cannon with which they bombarded the railway station at Strumitsa. Railway and telegraph communications were cut after heavy fighting, and this message says further that the Bulgarians were repulsed and fled, closely pursued by Serbian troops.

LONDON, April 4.—The Serbian Legation in London received to-day the following official despatch from Nish: Bulgarian irregulars were driven back from Strumitsa. The fight was short. When reinforcements arrived, our advance posts cleared Strumitsa station of the invaders, who fled in the direction of Bulgaria. Our troops pursuing the enemy, found thirty of their dead, and it is presumed others were carried away. We lost fifty killed.

The Central News says that fighting along the Serbo-Bulgarian frontier resulted in few casualties. The raiders fled into Bulgarian territory after being put to rout. An official telegram from Nish to the Serbian Legation here, says that the Bulgarian invaders captured two Serbian guns. They are said to be fighting under regular officers, and it is expected in reality they are regular Bulgarian troops. Serbian reinforcements are arriving on the scene of battle, and fighting continues. The Serbian Legation was informed that there have been considerable losses on both sides.

THE DEADLY MINE.

LONDON, April 4.

A despatch from Stockholm says that the steamer Hietarski struck a mine in the Baltic and sank. Twenty members of the crew were drowned. She was 1,554 tons.

NO SIGN OF DEPARTURE.

NEWPORT NEWS, April 4.

Farewell Sermon.

Rev. Fr. Cox, S. J., occupied the pulpit at the R. C. Cathedral last evening, and preached an eloquent and forceful sermon, after which, in touching words he bid farewell to the congregation. He expressed his great pleasure at their splendid manifestation of faith during the Retreat, the success of which was a source of gratification to the Archbishop-elect, his devoted priests, and to himself, who felt that his humble efforts in their behalf had been fully rewarded. The hospitable treatment accorded him during his stay in the city would be a lasting remembrance of Newfoundland. During his long years of missionary life he had seen no people to whom he had become so much attached as to the Newfoundlanders of all creeds and classes. In conclusion the rev. Father asked the congregation that when they hear of his passing, they would breathe a fervent prayer for the eternal repose of his soul. Before the conclusion of Vespers Fr. Cox, S. J., imparted the Papal Blessing to the large congregation present.

Church Renovation.

The R. C. Cathedral will, during the next few weeks, undergo a complete renovation, and until further notice, there will be only one Mass at the Cathedral on week days. The hour will be 7 o'clock, and the 8.30 Mass will be celebrated in the Chapel of Our Lady of Good Counsel, Presentation Convent.
