## War News.

Messages Received  
Previous to 9 A.M.

FRENCH RECAPTURE TRENCHES.  
PARIS, Feb. 15.  
In Champagne district the French troops have recaptured a portion of the advanced trenches, occupied by Germans on the 13th of February.

GERMAN FAILURE ON RIGA FRONT.

PETROGRAD, Feb. 15.  
An official statement issued to-day reports the failure of all German attacks along the Riga front, where the Russians are declared to be retaining all their positions. The statement also asserts that there have been serious outbreaks among the German troops near Vilna, in one of which a lieutenant was killed and numerous officers and soldiers afterwards court-martialed.

KING'S SPEECH IN PARLIAMENT.

LONDON, Feb. 15.  
Parliament assembled to-day. The Speech from the Throne follows: "My lords and gentlemen, it has been my duty to summon you after a short recess to renew your deliberations. The spirit of my Allies and my people who are united in this conflict by every strengthening tie of sympathy and understanding, remains steadfast and resolute to secure reparation for victims of unprovoked and unjustifiable outrage and effectual safeguards for all nations against the aggression of a power, which mistakes force for right and expediency for honor. With a proud and grateful confidence, I look to the courage, tenacity and resources of my navy and army, on whom we all depend worthily."

ARTHUR'S SURVIVORS ARRIVE AT CHATHAM.

CHATHAM, Eng., Feb. 15.  
About 300 survivors of the British cruiser Arctura, which was sunk as a result of striking a mine on the east coast of England, arrived here Saturday night. All the survivors were provided with new kits and on Sunday they went on leave. It is supposed that sixteen or seventeen men who were in the stockhold at the time the vessel struck the mine were killed outright.

BRITAIN AND NEUTRAL SHIPPERS

LONDON, Feb. 15.  
Consideration of the question of treatment of neutral shippers has reached an advanced stage with the prospect of important modifications designed to benefit the status of neutral shippers and which it is believed will give satisfaction to the belligerent side. The chief complaint, it was learned by the Associated Press that under the present system when cargoes of perishable goods are seized the goods are sold and proceeds afterwards returned to shippers, when the case is established of the bona fide character of the ship, but deductions were made from the proceeds so that the shipper pays expenses of detention and demurrage. The amount returned to the shipper is thus eaten by these charges notwithstanding the bona fide character of the ship. New principles under consideration are likely to be applied, and will protect neutral shippers from charges, in case cargoes are detained or subjected to loss, the shipper will be given indemnity.

SENATE ANXIOUSLY CONCERNED.

WASHINGTON, Feb. 15.  
A resolution declaring that the Senate is anxiously concerned over the recent order of the German Admiralty that armed enemy merchant ships may be sunk without warning, was introduced to-day by Senator Sterling, Republican, from South Dakota. The resolution asserts that there should be no acquiescence in the action of the United States or other neutrals, and declares the action of the German Admiralty to be a contravention of long recognized neutral rights.

AUSTRIAN AEROPLANES ACTIVE.

GENEVA, Feb. 15.  
Austrian aeroplanes which attacked Milan and other northern cities of Italy yesterday, flew over the Alps in three flocks, probably from bases at Riva and Gorizia. One of the raiding machines nearly touched Swiss territory above Stelvio Pass. Swiss gunners were preparing to fire at it, but the aeroplane was too far away before they could get into action.

NO FORMAL REPLIES RECEIVED.

WASHINGTON, Feb. 15.  
Secretary of State Lansing said after to-day's cabinet meeting that no formal replies had been received from the Entente Allies regarding the American suggestion for disarmament of merchant ships.

WIND AND ICE BOUND.—On account of wind and ice conditions, several vessels, fish laden for foreign markets, are prevented from sailing.

## New Recruiting Movement Launched Last Night.

2,000 Men Wanted for Second Battalion.

Acting upon a decision reached recently, a new recruiting campaign was launched last night for the purpose of mustering an additional two thousand men or a battalion, with necessary reserves, in Newfoundland and several other gentlemen. It was present gigantic struggle. The Recruiting Committee of the Patriotic Association met last night, discussed the matter at considerable length and the best way of conducting a most vigorous recruiting campaign was outlined. The committee had added to its numbers at a previous meeting, the new members being newspaper men, members of the House of Assembly and several other gentlemen. It was particularly desirable to have the Assembly men present so as to find out the conditions of the various districts and the people and the best methods to employ to get recruits. Mr. F. J. Morris, the Convenor of the meeting, explained its object, and the Secretary, Dr. Lloyd, read the minutes of previous meetings, out of which a great deal of good was derived, as the spirit of my Allies and my people who are united in this conflict by every strengthening tie of sympathy and understanding, remains steadfast and resolute to secure reparation for victims of unprovoked and unjustifiable outrage and effectual safeguards for all nations against the aggression of a power, which mistakes force for right and expediency for honor. FRIDAY—CHARLIE CHAPLIN IN HIS GREATEST TWO-PART COMEDY, "WORK."

Commencing Next Wednesday—"THE NEW EXPLOITS OF ELAINE," featuring the Great American Actor, "EDWIN ARDEN."

YOU ARE ALWAYS SURE OF A GOOD SHOW AT THE NICKEL.

## See the Imported Goods

ARE NOT OF ENEMY ORIGIN.

Mr. H. W. LeMessurier, Deputy Minister of Customs, has sent the following letter to the local Board of Trade:—  
The Board of Trade desire to warn importers that they are under an obligation to take all necessary steps to satisfy themselves that goods they propose to import are not of enemy origin. Falling evidence that they have done so, the goods, should they prove to be of enemy origin, will be liable to seizure even though accompanied by Consular certificates of origin. Importers who are offered goods (especially goods hitherto mainly derived from enemy countries), by firms abroad respecting which they have insufficient information are strongly advised to defer payment until the goods are delivered, and to make it a condition of payment that the goods are not only accompanied by certificates of origin in proper form, but are passed on arrival by the Customs authorities."

Continuing his review of operations, Kitchener said the Allied offensive at Loos and Champagne inflicted very heavy losses on the Germans and resulted in the capture of important positions by the Allied troops. German counter-attacks failed to recover the ground which the enemy had been compelled to leave. Owing to the continuous offensive action on the western front, considerable German forces had been withdrawn from the Russian front, enabling Russia to obtain successes and hold the enemy well in check.

A later motion was made nominating the Chairman and Secretary as the Executive with power to add to its members. With particular emphasis it was pointed out in the minutes that the newspapers should be utilized to a large extent in connection with the campaign, and a publicity committee, comprising the leader of the Government and Opposition and editors of newspapers were appointed.

Mr. McGrath thought that much depended on advertising, and he exhibited some samples of that which had been spread throughout Canada. It would be an excellent idea, too, said Mr. McGrath, if a distinguishing mark or badge were given to those young men who have volunteered but have been unable to pass the medical examination, to single them out from the other class who have done nothing either to enlist or help along the cause.

A couple of messages received by Dr. Lloyd from Rose Blanche prove on being compared, what a good patriotic message can do, for the first message announced that the volunteer movement would not meet any great success there, the second communique stated that after the holding of a patriotic meeting in the place last week, twenty young men had offered to volunteer as soon as they could complete their fishing agreements, which will be in a couple of weeks' time.

Special to Evening Telegram.

GRAND FALLS, To-day.

We held a patriotic recruiting meeting last night in the Town Hall. The hall was packed and the meeting was a success. Mr. Pike was Chairman and the speakers were Messrs. J. Goodyear, Sr., A. O'Flynn, J. P. Neill and W. W. Blackall. Mr. Pike as Chairman opened the meeting with a short address and then the speakers followed in a series of patriotic addresses. The meeting was a success and many young men have volunteered to join the forces.

Still Jammed Off Cape Breton Coast.

Mr. J. S. Munn had a further message from the S. S. Florizel last night to the effect that the ship's position was six miles to the north east of Low Point, jammed in the ice, and that she would probably remain in that position until a change of wind occurred. As already stated, the Florizel was on her way to Sydney, but will now endeavour to get to Louisburg for a coal cargo.

To-day's Events.

2.30 p.m.—Performances at the different theatres.  
3 p.m.—Horse races at Quidi Vidi Lake.  
7.30 p.m.—Performances at the different theatres.  
8 p.m.—Lantern show at Presbyterian Hall.  
8 p.m.—Tea and concert, S. A. Hall, Longmans St.  
8.15 p.m.—The Fairy Festival at George St. Church Basement.

Te-Night's Debate.

An interesting question will be debated by the M. C. L. I. to-night, and one that is of much concern to us all just now. The subject will be: "Resolved that an Imperial system of Government based on the Canadian system would lead to a greater solidarity of the Empire." The leaders will be Rev. Dr. Curtis and Capt. A. Kean. The Club will also consider the notice of motion that regular judges be appointed to decide on the debate.

The Tonnage Question

A special meeting of the Board of Trade is convened to take place at the rooms to-morrow afternoon, and at which His Excellency the Governor and Premier have been invited to be present, when the matter of tonnage, a vital question at present, will be dealt with. Hon. John Harvey will first read a paper in relation to the subject and a general discussion will follow. All members of the Board are expected to be present.

Economy in Sugar.

London, Feb. 8.—More restrictions on the importation of sugar during the coming months in order to reduce the consumption is the recommendation made by a British Royal Commission. The report of the commission says that economies in the use of sugar will influence the rates of exchange in favor of Great Britain as all the sugar consumed here is imported.

## Our Volunteers.

The volunteers were at

Swedish and other drill in the Armoury all yesterday. To-day being the usual field day, squads are practising at the South Side Rifle Range. The men are becoming very proficient in the use of the rifle.

"Ours" at the

Presbyterian Hall.

An exceptionally large gathering attended at the Presbyterian Hall last evening to see the lantern exhibition of the works of the new system of army enlistments. Kitchener said the Government was beginning to realize now seriously, the number of men immediately obtainable, are affected by exemptions. Time alone will show what the result will be, said the War Secretary, but I trust on a future occasion to be in a position to assure the house as to the chance of securing the numbers required.

The Reckoning.

Two districts, Trinity and Ferryland, were disposed of yesterday in the Trinity recout the result showed 2,860 affirmative and 241 for the negative, though at the first count the figures gave 2,862 for prohibition and 259 against, thus two votes have been lost to prohibition. The ballots to the effect that the ship's position was six miles to the north east of Low Point, jammed in the ice, and that she would probably remain in that position until a change of wind occurred. As already stated, the Florizel was on her way to Sydney, but will now endeavour to get to Louisburg for a coal cargo.
