Just landed ex steamer.

**Announcement of**  
**L. M. Trask & Co.**  
**New Management.**  
The Newfoundland business will be entirely reorganized and Mr. A. A. Alcock will be in absolute control and will give prompt attention to all orders.

As we have had a great deal of difficulty this past two years in procuring repairs and accessories due to the unsettled metal market caused by the war, we have now been able to procure and have in stock a very large assortment of Ferro fittings sufficient to last us for five years, and can fill all orders for anything of this kind at once.

**The New Ferro Oil Engine**  
For a number of years all the best Engineers in the United States have been working to produce a satisfactory kerosene engine, all of them being more or less successful; but the new Ferro Oil Engine leads them all and is acknowledged the best kerosene engine made in two cycle type, and only uses about half the fuel of the ordinary cheap made two port engines on the market.

**Wolverine Engines.**  
We have accepted the agency for the Wolverine Engine, which is one of the best heavy weight engines on the market. It is built in sizes of from 5 to 200 H.P. and to suit any boat from 20 ft. to vessels up to 300 tons.  
We have purchased the entire plant of the Milton Iron Foundry of Yarmouth, the original manufacturers of the Niagara, Waterloo, Island Crown and Silver Moon Stoves. We will continue to manufacture this line and will furnish repair parts for any stoves which are out, and we will also build the Trask Heavy Duty Oil and Gasoline Engines, announcement of which will be made in a later issue.  
We will also build Vessel Hoists, Winches and Ships' Castings, Propellers, Pumps, Mufflers, Stuffing Boxes, Lag Screws, Coils and accessories required in the gasoline engine line, but are prepared to quote prices on any of the above at once.

**Repairs for Fraser and Ferro Engines.**  
Inasmuch as there are so many Fraser Engines in use in Newfoundland, and as this firm has gone out of business and it being so difficult to get repairs, we will manufacture Connecting Rods, Timers, Piston Rings and other repair parts for this line of engines, and also repair parts for the entire Ferro line.  
Do not purchase a gasoline or oil engine until you get our descriptive literature on our new Oil Engine.

**NEW ARRIVALS!**  
Just received Choice Prince Edward Island Sept. CREAM CHEESE. And to arrive in a few days, SELECTED VEGETABLES—Parsnips, Carrots, Beets.  
Out of Apples for the moment, but expected daily several hundred barrels ROSY SWEET APPLES, all sizes and prices, at the old stand.  
**EDWIN MURRAY.**

**Wanted**  
**A SCHOONER**  
—
