ALITIES IN INDIAN RIOTING.
SIMLA, India, Sept. 19.—Reference to the recent fatal riot between Mohammedans and Hindus was made by B. D. Foreign Secretary for the Government in India, in the Legislative assembly to-day. Secretary Vray said that eleven Moslems were killed and twenty-three injured, and that Hindus were killed and thirty-three injured. Gandhi, the former leader of non-co-operationists, who was in prison for some time as the result of passive resistance to the land, and who had recently announced that he had surrendered and fought no more, said that he will be twenty-one days because of rioting at Kohat.

AND ABOUT 20,000 FRANCIST
GENEVA, Sept. 19.—Budget Committee of the League of Nations to-day rejected by a vote of 16 to 15 the Italian proposal to increase the money voted to the health organization by 200,000 francs. Great Britain, South Africa, Poland, and India, voted against the proposal. Australia and Ireland voted for it. The Canadian delegation proposed when the vote was taken an increase of 150,000 francs to the health organization should be carried by a vote of 22 to 12.

MINES' DOMINIONS' SECRETARIES BLINDERS.
CAPE TOWN, S.A., Sept. 19.—A leader on Imperial Policy, Cape Town Times refers to "transformation" in spirit which lives with institutional structure of the British Empire brought about by war, and that unhappily the Foreign Office and the Colonial Office have both in the last few months that they are almost incredibly ignorant results of the war and in consequence of the peace treaty upon the Dominion. "The Dominion branch of the British Government is staffed with men who have no knowledge of Dominions," says the Times. The Dominion branch of the British Colonial Office could not have made a mistake of lamentable blunders during his hasty visit to the Dominion Union as he did make. The Dominion Branch had provided a brief which he had right respect from them.

HELEN MURRAY GIVEN UP AS LOST.
NEW BEDFORD, Mass., Sept. 19.—All hope has been given up in the search for Helen Murray and the man who sailed on her from New Bedford about five months ago. The Murray, which was engaged in the search, was last seen on the coast on August 27, bringing her to the destruction of New England and destruction to New England communities. Sailing in the Murray when she left here were Captain Andrew J. Kinney, Pat Baker, James Welsh and Frank Maney of Woodland.
