CUPID'S KNOTS

ONELLETT-DEGECE.

At St. Mary's Chapel, on Wednesday, August 21st, Miss Jennie Degece became the wife of Mr. Joseph Onellet.

After a honeymoon in Banff, Mr. and Mrs. Onellet will reside in Calgary.

The Women's Social and Political Union issued today a statement saying that the action of the sheriff's officers was in the nature of persecution, because the windows broken by the suffragists had been replaced by the insurance companies and the tradesmen had obtained a good advertisement through the affair.

The union points out that the promoters caused infinitely greater loss to the community than the suffragists had done and were allowed to go unpunished.

The executive committee of the Calgary American Women's club request all members of the club to be present at the meeting which will be held after the Stampede for the purpose of forming a women's civic league, and also that the American club members will give their aid and use their influence in furthering their civic league formation.

She Married Him.

Mrs. Pankhurst, the suffragette, surprised some of her friends when she related this little incident:

"A lady had said a railroad for \$100,000 damages and secured a verdict, and was paid the full amount subject to her order. Her attorney didn't get a penny."

"Why, that seems incredible," one of the party said. "How did it happen?"

"She found a way to outwit him," "What did she do?"

"She married the lawyer," Judge.

Paris—At Paulin's opening today, velvet, brocade and ribbed silks were shown.

More was used with excellent effect, introduced practices peculiar to its Tailor, costumes of refined, serge and matelasse were shown, and some broadcloth.

Parlier and draped skirts were featured, and the extension of the belt, the introduction of women into all the forms of business—all these are changing our ideas concerning the relations of husband and wife.

Every once in a while a pseudo-philosopher or near-scientist comes forth with a freak theory which, because of its erratic trend, is given some passing consideration. A Chicagoan, and, by the way, why do all these absurd theories come from the Windy City?

Today we are changing the aspects of this unending issue more each decade than did historical peoples in whole areas. Modern invention, the spread of education, the extension of the ballot, the introduction of women into all the forms of business—all these are changing our ideas concerning the relations of husband and wife.

SEIZED BY UNKNOWN SUFFRAGETTE WOMEN

London, Aug. 27.—The British suffragists are indignant today because the sheriff's officers entered the country house of Mr. and Mrs. Patrick Lawrence, two of their leaders, who are now visiting in Canada, and ordered the furniture to be sold to pay costs of the recent conspiracy prosecution. Mr. and Mrs. Lawrence were sentenced to nine months imprisonment May 22, at the Old Bailey sessions for inciting their followers to malicious damage of property, but were liberated on June 7.

The Women's Social and Political Union issued today a statement saying that the action of the sheriff's officers was in the nature of persecution, because the windows broken by the suffragists had been replaced by the insurance companies and the tradesmen had obtained a good advertisement through the affair.
