t points out the road clearer than anything else can. There is more money to be made in Real Estate in London, Ont., today than in any other business where the element of risk is entirely eliminated. In a newspaper, ad. we could give you but a faint idea of the numerous eligible properties we have to offer, but we will be pleased to havey ou call at the office and we will give you full particulars regarding any property we may have for sale. Two points to remernber. First: We have the properties and are se lected with great care for buyers' requirements. Second: We take great pleysure in showing properties and giving information, whether you buy or not. If you get better value elsewhere nothing on our part could induce you to purchase from us anyway.
