Although the medicine business should, above all, be carried on with the utmost conscientiousness and sense of responsibility, the unfortunate fact is that in no other is there so much humbug and deception. The anxieties of the sick and their relatives are traded upon in the most shameful manner; impossible cures are promised; many preparations are abso lutely worthless, and some are positively dangerous to health.

### WHIPPED NEGROES PUBLICLY

Two of Them Were Women-A Race War Feared.

Fayette, Mo., Feb. 10.-A race war has been started here as the result of his back and was sent home in agony. causing not a little trouble. Since that "I think the C. P. R. suffered less than public whipping of three negroes on the courthouse steps Friday night. A committee of the Law and Order League took the negroes from their omes and whipped them publicly for alleged misconduct. Two of them were women. Since then the negroes and white people have been in open enmity, and it is said 75 negro families have been frightened into leaving the vicinity. The only negro man who was whipped Friday night made a desperate resistance. It took several men to carry him to the post. He cursed his captors as the lash was applied, which resulted in the whip being wield-ed only the more vigorously. When the ordeal was ended the negro was so weak from loss of blood that he was put to bed, instead of being driven from town. The women, who were not whipped severely, were taken to the outskirts and told to go. There is much excitement here, and a clash is

Mrs. Cranston accompanied the Bishop of Mexico several weeks ago to attend a church conference. Bishop Cranston, his wife and daughter, were in Pekin during the Boxer trouble. Mrs. Cranston's death is directly attributed to nervous shock occasioned by her being a witness to scenes following the outbreak. The body will be taken to Cincinnati for burial.
