

WILL INVITE CHILDREN
TO THE BIG PICNIC

East End Businessmen Re-
member They Were Once
"Kids" Themselves.

A meeting of the East End businessmen was held last evening to discuss the second annual picnic, which will be held July 14 in Queen's Park. The children of Lonsdale, Quebec street and Aberdeen schools will be invited to attend, and a special programme of sports will be arranged for their benefit, as the members of the association feel that the board of education made an error in cutting out the school picnic.

It was proposed to put on motorcycle and bicycle races, but at a special meeting of the executive, held this morning, it was decided not to act on the recommendations, as it would be practically impossible to keep the children off the track while the events were being run.

Membership tickets will be distributed, and committees will also be appointed to take up a collection for the prizes.

The procession, which was to have been held from the city to Queen's Park on the afternoon of the picnic, has also been cut off. The members of the association are looking forward to a great day and a fine programme of sports is being arranged for the occasion.

NORTH END HORSE
IN LIVELY RUNAWAY

Ran Almost Across the City Until It
Reached Home.

A horse owned by Mr. Arthur McClurg, 531 Helmuth avenue, furnished some real excitement yesterday afternoon.

While Mr. McClurg was in a house near the corner of Hamilton road and William street, he left the horse tied in the yard. Something went wrong with the harness, and frightened the horse.

The animal broke the tie-line and rushed out of the yard, running up the Hamilton road to Maitland street, when he turned north.

It continued its journey home with the buggy swaying from side to side, until it reached Mr. McClurg's residence. Several attempts were made to stop it, but the horse disdained all interference until it reached his own backyard.

The damage done was slight, although it was thought that there would be little left of the buggy by the time the horse was captured.

AHOGHILL LODGE

Splendid Meeting Was Held Last Night
in Adelaide Street Hall.

Ahoghill L. O. L., No. 230, met in their hall on Adelaide street last night. Worshipful Master D. J. Patterson in the chair, and all the other officers present. About 200 of the brethren were present (187 by actual count). The large number of visitors was principally composed of brethren in the volunteers, who are encamped on the heights.

Arrangements were made for the part this lodge will take in the monster demonstration on July 12 next, and a committee appointed to procure the music for that occasion.

Two candidates were initiated and three applications were received.

Donation for Charity.

A donation of \$10 was made towards the funds of St. Mary's Church.

The lodge closed in the Orange degree and was raised to the royal arch degree and seven members were exalted to that sublime degree.

After the light refreshments were partaken of the lodge was addressed by both the Orange ministers present and several of the members, and the lodge closed by singing the National Anthem.

WINANS WINS MANY

His Horses Make Great Showing at
the London Show.

London, June 11.—American horses continued today to be given awards by the judges of the International Horse Show. In Class 38, Judging of ten pairs of harness horses, over 15 and not exceeding 15.2 hands, they took not less than five honors. Walter Winans' Cokers-Rosador and Prosperine were first; Judge William H. Moore, Pandora and Cyrus, were fourth; C. W. Watson's Lord Baltimore and My Maryland were fifth; Judge Moore's Thaddeus and Thaddeus were placed in reserve, and his Chiquita and Lady Seaton were commended.

In Class 39, Judging of 36 qualified hunters, 4-year-old or over, carrying from 155 to 165 pounds, Mr. Winans' Rossmore was fourth; in Class 82, Judging of 16 ladies' hacks, exceeding 15.2 hands, to be ridden by ladies, Mr. Winans' Beau Ideal was given third honors.

A. G. Vanderbilt took third prize in the competition for the three special cups presented by the directors of the horse show, and open to members of the Coaching Club. His was the only American entry.

STOCKS.

By private wire to H. C. Becker, London, from Harris, Winthrop & Co.

New York, June 11.—The market has shown a strong tone throughout, with some realizing on the early advance. The profit-taking that has occurred, however, had relatively little influence upon the standard shares, which have retained most of their strength. There was continued good buying in the Harman and Hill shares, with some heavy purchases of Steele, Atcheson and Reading.

The market throughout showed a firm tendency, and it still looks like higher prices before the day is over. The bank statement tomorrow ought to show wonderful gain in cash holdings, because of heavy shifting of currency from interior points.

THE DORKING HANDICAP.

Galwick, England, June 11.—The Dorking water handicap of 100 sovereigns for 3-year-olds and upwards, distance 6 furlongs, was run here today and won by Mariut. Muffin Boy was second, and J. R. Keen's Wamba II. third. Fourteen horses ran.

LUBY'S

THAT THIN SPOT on top of your head will soon be covered with thick, healthy hair, if you use Luby's Parisian Hair Renewer. You will be glad you tried it when you see how quickly and thickly it makes the hair grow. At all druggists. Fifty cents a bottle.

R. J. DEVINS, Ltd., Agents, Montreal.

REGIMENT ENTERTAINED
COUNTY COUNCILLORS

Officers of 26th Prov'd Them-
selves To Be Ideal Hosts
at the Camp.

The members of the county council were royally entertained by the Twenty-sixth Regiment at the camp last night. Besides the county councillors there were present Mr. J. B. McKillop, Sheriff Cameron, Mr. S. F. Glass, Col. McEwen and Mr. W. McIntosh.

The guests of the regiment were first taken on a tour of inspection over the camp, and were immensely pleased with all they saw, and were quite enthusiastic over the military life when they finally gathered in the officers' mess for the banquet.

The toast to the King and the county councillors and officers, was proposed by Col. Robinson in a very happy speech, and the councillors were given an opportunity to rid themselves of some of their superfluous enthusiasm on military affairs by replying to this toast.

Then there was the toast to "Other Guests," coupled with the names of Col. McEwen, W. McIntosh and S. F. Glass, all of whom outdid themselves in the brightness and happy nature of their replies.

Music was supplied during the evening by the regimental orchestra, while Capt. Hunt, of Parkhill, delighted everyone with his solo.

The county councillors left the camp more firmly convinced than ever that the Twenty-sixth was not only the best, but practically the only regiment in this part of the country.

Local Items

Landmark Gone.

One of the landmarks of the city was removed a couple of days ago when the old frame house adjoining the cold storage building on Bathurst street was torn down. The house is said to have been one of the first built in London.

Hier Discharged.

William Hier, of Montreal, who was found in a serious condition on the Grand Trunk tracks near the East London station early yesterday morning, had recovered sufficiently this morning to be discharged from Victoria Hospital, and proceeded on his way to Starn.

Where Are the Seats?

A good many people are wondering why the benches have not been placed in front of the court house as is customary. The season is far enough advanced now to warrant such matters being attended to, and there is a good deal of dissatisfaction among those who frequent the west end that this has not been done long before this.

Entertain Officers.

A meeting of the manufacturers and entertainment committee will be held at 5 o'clock this afternoon to consider the suggestion of Ald. Stevenson that a tour of the city be made by the officers of the Twenty-sixth Regiment in the city. The details will then be worked out, and it is practically certain that some form of entertainment will be provided for the visitors.

Councillor Knapton Injured.

While Councillor Knapton was driving to the reception of the county councillors by the Twenty-sixth Regiment he met with a disagreeable accident that spoiled the day for him. Some boys were throwing stones, and one of these struck the councillor from Parkville street, and inflicted a nasty cut. Mr. Knapton had to return and have the wound attended to before he could go to the banquet.

London Students.

Among the names of the successful candidates in the University of Toronto examinations of the second year there appear the names of Mr. M. L. Waters, who has taken first-class honors standing in the two departments of mathematics and physics. Both the gentlemen named are London boys and their high standing reflects great credit on their city.

JUNE WEDDINGS

HARRIS-SHOEBOTTOM.

On Wednesday evening, June 9, Rev. J. B. Mahan at the Grove Methodist Parsonage, united in marriage, Miss Shoebottom, only daughter of Mr. and Mrs. W. H. Shoebottom, of London Township, to Mr. Charles Harris, of West Nisouri.

LIPSETT-McROBERTS

On the evening of June 9, at the home of the bride's parents, Miss Vera McRoberts, only daughter of Mr. and Mrs. W. H. McRoberts, was married to Mr. W. J. Lipsett, of London. The ceremony was performed by Rev. J. Mahan in the presence of a few immediate friends. The home was tastefully decorated, and the bride handsomely costumed. After a dainty dinner the bride and groom went to their home in London. Miss McRoberts will be missed from Arva church and choir.

DID YOU LOSE A BIKE?

POLICE MAY HAVE IT

Three Were Picked Up in the Street,
and No Claimants as Yet.

There are three bicycles at the police station at the present time awaiting owners. No less than four wheels that had been found on the streets were brought to the station last night. Later two of them were claimed, the owners coming to the station to report that their machines had been stolen. Two of the others were not claimed, and another one was brought in several days ago is also awaiting a claimant. It is a Crescent and almost new. Neither of the other wheels has names, but one evidently belongs to a gentleman with remarkably long legs as in addition to having a long frame the seat post is placed as high as it can go. The police believe the bicycles are taken by small boys who ride them about until they are tired and then leave them any place on the street.

SMOKE NUISANCE
WILL BE DISCUSSED

No. 1 Committee, of the City
Council, Will Deal With
the Problem.

The smoke nuisance will be the main topic of discussion at the meeting of No. 1 committee this afternoon.

Ald. Ferguson has been making investigations along this line, and will make a report as to his observations. It is more than likely that a bylaw will be prepared regarding this question.

While in Detroit recently he had a long conversation with Mr. John Harveys, a former Londoner, who is at the present time smoke inspector for that city.

Valuable Information.

A lot of valuable information was secured, and Mr. Harveys declared his willingness to come to London and make a detailed explanation of the system in vogue in Detroit.

"We have had so many complaints recently regarding this that it is time we were doing something," said Ald. Ferguson, who is acting mayor today.

The residents of the east end particularly complain of the nuisance, and I am of the opinion that something could be done to abate the nuisance.

Mr. Harveys, of Detroit, a former Londoner, who is smoke inspector in that city, will stop off in London a day or two on his way back from the Syracuse convention, and will give us some of the information he has, and that is considerable. He also offered to spend a few days in the city if it was of interest to enter into this matter practically.

Deal With the Companies.

The Dominion railway commission have made it possible for us to deal with the railway companies, as they have an order prohibiting the smoke nuisance. Now we want to deal with the manufacturers and others.

"It will not cost much to install smoke-consuming appliances, and the benefit to the city will be great."

The convention of the Smoke Nuisance Association will be held in Syracuse on June 23, 24 and 25, and it is possible that a delegate will be sent to that convention.

GREAT GATHERING
OF THE BAKERS

Thursday Last Was Red Letter Day
for Family at St. Thomas.

Thursday last was red letter day for the Baker family and their connections at Pinafore Park, St. Thomas. They gathered by traction and train, buggy and boat, to the annual picnic, until the park was alive with Bakers, old and young, all extremely happy, as one would judge by the laughter of the children and the happy vein of humor that seemed to be paramount among all present. An unique feature was the speeches, Mr. J. C. Love, of London, made an excellent chairman; Revs. Brown and Sutcliffe addressed happily; Will G. Blewett, who holds a prominent position in the Indian department of the west, gave a very interesting talk; Mr. John Blewett spoke feelingly of the pleasure of the annual gathering; Harvey Kilbourne, Edwin

500 Garments Just Received From

The Hart Shoe

Now, it is not merely mental our striving to make the best shoe you ever put on your foot. We go about it in a very practical and shoemaker-like way. First of all, we select the best leather to be found in all the world—for the most part genuine Canadian leather—the kind the best shoemakers in the world sigh for. Tough—pliable—closely-textured—well-tanned—sound clear leather. We test that leather—we cut it up—make shoes of it—and wear the shoes.

Then we give it to our cobblers to make into Hart's Shoes.

Now, these cobblers are not fear-driven foreigners. They're good sturdy, healthy New Brunswickers, pretty nearly every man.

They're shoemakers by inheritance, too, with the pride of the Craft that makes them take keen interest in everything they do. And when we give these fellows our good material to work on, they start in to build Shape Permanence into Hart's Shoes.

SHAPE PERMANENCE.

And because they have Shape Permanence is the reason Hart's Shoes do not commence to hurt your foot a day or so after you commence to wear them.

"CANADA'S BEST SHOEMAKERS"

THE HART BOOT AND SHOE CO., LIMITED, FREDERICTON, N.B.

YOUNG BRITONS' OFFICERS.

Huntsville, June 10.—The closing session of the grand lodge of the Orange Young Britons was held here today, and the electric of officers took place, after which they adjourned till the next annual meeting, which will be held in the city of Hamilton in June, 1910. The officers for the ensuing year are:

Grand Master—J. H. Kidd, Burris Rapids.
W. D. G. M.—John Rodgers, Ottawa.
R. W. D. G. M.—Gordon Black, Toronto.
As soon as these reductions were announced the Canadian Transportation Company announced a rate of five and a half cents from Fort William

to Montreal, and the railways four cents from Georgian Bay ports to Montreal.

There are practically no exports business at present. That applies to Buffalo as well as Montreal.

The rates through Buffalo are less than the rates of last year, but on March 24, 1909, just after the reduction was announced reductions also were made in the rate over the Montreal route. Last season the rate from Buffalo to New York, including the Buffalo charges, was four and a half cents per bushel. This season the rate is four cents. Last season the canal rate was five cents. This year it is three and a quarter cents.

As soon as these reductions were announced the Canadian Transportation Company announced a rate of five and a half cents from Fort William

to Montreal, and the railways four cents from Georgian Bay ports to Montreal.

There are practically no exports business at present. That applies to Buffalo as well as Montreal.
