The visitors took the first game 2 to), after eleven innings of play, while locals captured the second 5 to 0. Both contests were pitchers' battles, Pfeister doing slightly better than Ames, and Mathewson being much superior to Reulbach. Chicago's two runs in the first game resulted from hits by Evers, Schulte and Steinfeldt, sacrifices by Sheckard and Chance. In the fifth inning of the second contest the New Yorks bunched four hits, with two Chicago errors, and a pass, and scored five times, Seymour making one of these runs by a clean steal of home. THE PIRATES MAKE

Fourth Straight Victory Over Superbas

in Pitchers' Battle.

Brooklyn, Aug. 30. - The Pittsburgs made it four straight by winning their getaway game of the season here today to 1. The contest was largely a pitchers' duel. The winning tally was a gift on a wild throw by Bergen, the only error of the contest. Myers, the new Brooklyn outfielder, made his debut, and while he failed to get any hits, he fielded his position well. Pitcher Dent, of the Winston-Salem team, joined the Brooklyns today. HAO TO HIRE A TUTOR TO KEEP UP WITH HIS STUDIES -

ESSENTIAL MAN

Once again the vital impor-

tance of having a catcher of

superior ability as the pivot

around which to build up a

winning club is being shown

this season in both the National

and American Leagues. In the

National League this fact could

hardly be shown more clearly. With Johnny Kling back behind

the bat for the Cubs, but few

experts will care to assert that

the Chicago team would be where it is now. Remove Gib-

son from the Pittsburg team,

and it is not putting it too

strong to say that the Pirates

will not win the pennant, de-

spite the commanding lead they

now hold. Hence the three

teams leading in the National

are all vitally affected by the

absence or presence of one man

in the catching department.

Outside of possibly Pittsburg,

where Hans Wagner is pretty much a team by himself, it

would be hard to imagine any

one man in any position outside

of behind the bat having as im-

portant bearing on the future

In the American League the

effect of the catching is not so

clearly shown because of the
