WOMAN SUFFERED TEN YEARS

From Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Belleville, N.S., Canada.—"I doctored for ten years for female troubles and did not get well. I read in the paper about Lydia E. Pinkham's Vegetable Compound and decided to try it. I write now to tell you that I am cured. You can publish my letter as a testimonial."

—Mrs. SUVRINE BABINE, Belleville, Nova Scotia, Canada.

Another Woman Recovers.
Auburn, N.Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."

—Mrs. WILLIAM H. GILL, No. 15 Pleasant Street, Auburn, New York.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

STUBBORN BLAZE IN HOTEL STABLE; SEVERAL IN PERIL

Two Thousand Dollars Damage Done to Walper House Barns Last Night.

Blaze in Nearby Building at Same Time Thought To Be Work of Incendiary.

Fire in the Walper House barns broke out about 7:50 Friday night in the northwest corner. About nine horses, six belonging to farmers, and three to the proprietor, and a cow belonging to the latter, were taken safely from the building. Alfred Hall was kicked in the nose and badly injured when attempting to lead a mare out. Several pigs, some harness and books were taken out. Twenty tons of hay, put in the building last week, was destroyed, as well as about twenty-five hundred-weight of oats. The origin of the fire is a mystery.

A Narrow Escape.
Hall would have been burned to death had it not been for Messrs. C. Howe and C. Davis, 196 Wharncliffe road, who assisted him, while partially conscious, from the building. Howe had a hard time getting out, having to crawl out on hands and knees.

An unknown man went into the building after a cow and was overcome by the heat and smoke. He had to be carried out by P. C. William Middaugh to the open air, where he revived.

A Stubbard Blaze.
The fire was a stubborn one for the firemen to handle. Dense black smoke arising from the smouldering hay made it impossible to get at the centre of the blaze. Not until all the lines of hose available were turned on to it was the fire subdued. Damage to the main floor of the stables was not so heavy as to the loft above, which was burned out completely. The damage will not be less than \$2,000.

Messrs. W. Phillips and G. Tuckey assisted in getting the horses out. The latter were taken to the Queen's Hotel stables. The building is a part of the Lang estate, and is insured, as were the contents. Hall Bros. are the tenants.

A Second Fire.
While the firemen were fighting the main fire another one broke out in the frame stables owned by McCartney Bros. on Talbot street, just north of the Hall stables. It was readily put out, but the firemen believe it to have been of incendiary origin, and say that it could not have possibly started from sparks from the other fire. Until a late hour a steady stream of water was kept playing on the ruins of the Hall stables. None of the firemen were injured, but several of them were seriously affected by the heavy, obnoxious smoke from the burning hay and the incapacitated for work today.

KILLED HIMSELF.
Father of General Rosalie Jones Sui-cides at His Home.

[Canadian Press.]
New York, Aug. 9.—Dr. Oliver Livingston Jones, a wealthy retired physician, and father of "General" Rosalie Jones, a suffrage leader, died in a hospital this morning of self-inflicted bullet wounds. The police have recorded the case as one of suicide, although members of the family insist that it was an accident. Dr. Jones shot himself in the head with a revolver at his residence yesterday.

BOTH BABIES DIED.
[Special to The Advertiser.]
Tona, Aug. 9.—Stricken with cholera infantum twin babies of Mrs. Hyde died within a few hours of one another. The children were three months old.

GEORGE HEWITT FATALLY CRUSHED BY AN ELEVATOR

Employee of McCormick Mfg. Company Pinned Between the Hoist and Floor.

Hurried to the Hospital, But Dies a Few Minutes After Arrival There.

George Hewitt, a young Englishman employed in the bakeshop of the McCormick Manufacturing Company, was so badly crushed between the third floor and a heavy freight elevator in the factory a few moments before 8 o'clock last night that he died just as he was being lifted onto the operating table at Victoria Hospital.

How It Happened.
Hewitt had a truck loaded with cases on the elevator at the time the accident occurred. He was pinned between the elevator, and the floor, and it was some time before he could be liberated. A number of employees who were working in the vicinity at the time, rushed to the car floor as soon as they heard Hewitt scream and with considerable difficulty succeeded in raising the car off his prostrate body. Superintendent Benson was at work in the building at the time and was notified immediately of the accident. He sent in a call for physicians and the police ambulance, both responding in quick time.

When liberated the injured man was carried to the dining-room, where he was examined by Dr. Balfour, who ordered him taken to Victoria Hospital at once.

Terribly Crushed.
The man was terribly crushed, and on the way to the hospital it was thought he could not live. On arrival of the ambulance he was taken immediately to the operating room, but died as he was being lifted onto the operating table.

Hewitt had only been in the employ of the McCormick Company for about three months, formerly working for the Johnston Bakery in this city. He came to this city from England about three years ago, and is survived by his wife.

As soon as it was known he was seriously injured an employee of the company was sent to the home on Johnston street to notify Mrs. Hewitt and she hurried to the hospital, but her husband had expired before she arrived. Her actions were pathetic in the extreme when she learned that her husband was dead. She has no relatives in this country.

Hewitt is said to have attempted to jump off the elevator while it was in motion. He was caught about the hips. Other workmen who were near, say they shouted at Hewitt to be careful, but apparently he did not hear or understand their warning.

Coroner Dr. Ferguson was called, and after leaving the facts of the case decided an inquest was necessary.

DENIES RUMOR

Hon. Arthur Meighen Will Not Reside in Moose Jaw.

[Canadian Press.]
Portage La Prairie, Man., Aug. 9.—Rumors emanating from Moose Jaw to the effect that Hon. Arthur Meighen, the new solicitor-general, would take up his residence in Moose Jaw and practice law there, also confounding one of the nearby seats in the Provincial House, were denied here by Mr. Meighen.

Summer-Spoiled Skin Removed By Absorption

[From Home Queen.]
As undue summer exposure usually leaves an undesirable surface of tan, dust or grease, often freckles, too, it would seem sensible to remove such surface than to hide it with cosmetics. There's nothing better for this than ordinary mercurized wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently and gradually, so there's no inconvenience and no detention indoors. Just spread the wax lightly over the entire face at bedtime, and take it off in the morning with warm water. If you will get one ounce of mercurized wax at the drug store and use for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.
