Failure of Border Youths To Combine Lost Them Close Game With Heavier and More Experenced Cockneys.

Sarnia SARNIA, Jan. 17 .- The city's youthful intermediate outfit were beaten, 3-2, by London's heavier and more experienced team. The visitors had anything but an easy time winning the fixture, and the Blue and White youngsters backchecked and were at their heels continually. The locals'

failure to combine, which reports indicated they did with more or less success in their last clash with the Cockneys, cost them the game, as their Individual efforts were wrecked on the London defence or Hynds in goal. Both goaltenders were busy throughout the session. The visitors' net minder showed admirable coolness, making stops of sure looking counters.

Both teams slowed up the first period by playing a defensive game for the whole twenty minutes with a nil result in the way of goals.

In the second period they went at it in earnest and real willing. O'Brien opened the scoring when he batted one from outside the defence. Gillies circled through two minutes later and beat Mc-Allister on a net shot.

At Top Speed.

Both teams were going at top speed the third spasm, and Arthurs pushed in a rebound for London's second.

He duplicated the feat five minutes later with the third. With only minutes to go, the whole local crew pressed down, and Jackson scored. Hynds was having a hard time to avert an overtime period when the gong ran. The line-ups were:

DENTALS WIN. Harvey Ernst, who owns and has managed the Rockport race track for many yea s, is about to sell the land and retire from giving race meetings. The land has become so valuable, in the most rapidly-growing part of Cleveland, the West Side, that he feels that he cannot afford to hold it much longer. It is rumored that John King, the well-known judge and the lifelong friend of Ernst, who has moved to Cleveland recently, has taken an option on the Berea track, which is just a little bit farther away from the centre of the city than Rockport. This means that when Ernst retires the third half-mile track near Cleveland will be maintained at Berea. There is no reason why Mr. King should not be as successful with the Berea track as Mr. Ernst was with the Rockport track.
