LONDON, ONTARIO, TUESDAY EVENING, SEPTEMBER 26, 1922.

PRICE, THREE CENTS

TURK NATIONALISTS ACCEPT PEACE TERMS

Announces Gordon Dibsedale To Plead Insanity

COUNSEL ASKS DELAY IN TRIAL OF PRISONER

Wants to Have Further Mental Tests Made by Alienists.

2 EXAMINATIONS MADE

Judge Will Give Decision at Afternoon Sitting of Court.

BULLETIN.

Gordon Dibsedale, alleged slayer of his sweetheart, Christina Near, will be placed on trial for his life on Wednesday afternoon at 2 o'clock. In the meantime, physicians will be allowed to examine him as to his sanity, but their evidence will not be taken until Thursday. Application for postponement of this trial was refused.

Announcing that insanity will be the plea of Gordon Dibsedale, charged with the murder of Christina Near, his 16-year-old sweetheart, here last May, counsel for the accused asked Mr. Justice Mowat for a postponement of his client's trial in order that further mental tests may be conducted, when court opened at the fall sittings Tuesday morning.

P. H. Bartlett, as counsel for W. Meredith, Dibsedale's counsel, submitted affidavits from Drs. Stevenson, of the Ontario Hospital, and Dr. McGhie, medical superintendent of Westminister Psychopathic Hospital, which stated that further time is necessary to complete tests for insanity. J. C. Elliott, K.C., crown prosecutor, vigorously opposed any postponement of the trial, and Judge Mowat reserved decision on the application until Tuesday afternoon.

Dibsedale, dressed in a blue suit and wearing a linen collar, presented a smart appearance when arraigned on a charge of murder, Tuesday morning. His hair was neatly brushed, and in answer to the charge he hesitated, then pleaded not guilty in an almost inaudible voice. During the argument for a postponement of trial he sat with legs crossed, and hands locked on his knees, continually scowling. Two constables led him into the courtroom and guarded him. Dibsedale was not manacled.

Ready to Proceed.

In presenting a motion that the hearing be postponed, P. H. Bartlett said: "I am appearing for Mr. Meredith, who is at Sarnia, and am prepared to take the case, if necessary. The circumstances of the case: The defence in this case will be the only defence in this case. There is no dispute over the actual killing. As in all defences of that kind, the defence endeavours to get the opinion of medical experts."

"The killing only took place on the 31st of May last, and ever since that time Dibsedale has been in close confinement. The crown attorney died a short time ago, and Mr. Elliott was away. We applied to Acting Crown Attorney Douglas for an examination to obtain full and complete evidence as to Dibsedale's mental capacity, and the acting crown attorney would not take the responsibility of permitting an examination at the time."

"He would not consent to an examination at the expense of the father of the accused," continued Mr. Bartlett. "Your lordship knows how difficult it is to get satisfactory examination of the prisoner in close confinement. The medical experts say that they have conducted two examinations. The first was on Sunday."

THE WEATHER

FORECASTS.

Light to moderate winds; fine and somewhat warmer today and on Wednesday.

The area of high pressure which was northwest of Lake Superior yesterday morning is now centered over the State of New York, and the weather is fair and cool from Ontario to the Maritime Provinces.

Temperatures.

The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

	High.	Low.
Victoria	58	42
Calgary	55	38
Winnipeg	56	38
P. Arthur	54	35
P. Sound	54	35
Toronto	58	35
Kingsville	56	34
Ottawa	54	30
Montreal	42	26
Quebec	48	30
P. Point	46	32
St. John	52	36
Halifax	58	34

LOCAL TEMPERATURES.

The highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night were: Highest, 63; lowest, 31.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 58; lowest, 31.

Barometric Readings.

Monday—8 p.m., 29.60.
Today—8 a.m., 29.62.

Members Graduating Class, Ontario Agricultural College, Visit City To Study Animal Husbandry

The members of the Graduating Class of the Ontario Agricultural College pose for their picture while visiting London.

Middle Row—F. B. Hutt, R. E. Balch, O. R. Evans, S. A. Hilton, A. W. McKenzie, J. C. Bennett, E. C. Arnold, J. A. Garner, A. B. Leany, C. E. Corbin, H. R. Howard, N. J. Thomas, N. E. Synott, A. E. Summers, F. M. Smith.

Front Row—M. Cockburn, D. M. Sorley, D. T. Hill, E. Senn, W. H. McLellan.

D. Adams, E. J. Hellyer, W. L. Burke, W. L. Goudie, G. E. Mahoney, F. A. Phillips, C. G. Pilken, F. R. Kinchular, H. K. Charles.

Standing—T. H. McLellan, W. Wallace, N. J. Loughlin, J. W. Howard, W. T. Inch, S. H. Breckon, W. H. Williamson, J. A. Andrew, W. K. Champ, H. Cole, F. McLennan, R. Farant, Professor W. Toole, W. K. Riddell, W. Knox, K. Ellsworth, G. E. Horne, E. Miller, N. Schiel, L. Paine, S. Wood, J. McLeod, H. Elliott, I. A. Dawson, H. M. Baron, D. M. Moore, A. G. Beattie, M. Fleming.

URGES CHURCH TO FIGHT UGLY EVIL OF DIVORCE

Bishop Roper, of Ottawa, Opens Provincial Synod Meeting.

SAFEGUARD MARRIAGE

Business Sessions Commence at St. Paul's Cathedral Tuesday Afternoon.

The need for the spiritual forces of the Church of England to exert itself against the increasing evil of divorce that it might safeguard the sacredness of marriage and the integrity of home life was given stirring emphasis by Bishop Roper of Ottawa, who preached Tuesday morning in St. Paul's Cathedral at the service which marked the opening of the provincial synod. In addition, he spoke of the place which the church must take in lending all support possible to the great movements which were now under way for decreasing the rate of infant mortality throughout the province and providing care and training for those who come to maturity with an undeveloped child.

"Each age brings out a new dominating thought," the bishop said, "and the church in this age must urge upon its people a full realization of the holiness of God and his close relationship to man."

The congregation which gathered in the cathedral to witness the opening ceremony and partake in communion was large.

The bishops of the province, with the archbishop, formed the procession, and their crimson robes, illuminated by the rich sunlight filtering through the stained glass of the cathedral, lent an impression of rare dignity and sacred beauty to the service.

Business sessions of the synod commenced this afternoon at 2:30 with nearly two hundred clergy and laity in attendance. During the synod assembly holy communion will be celebrated in St. Paul's Cathedral every morning at 7:30 o'clock, and morning prayer again at 9 o'clock.

WANT LAW TO REGULATE PURCHASE OF GASOLINE

North Bay Board of Trade Recommends All Containers Be Painted Red.

North Bay, Sept. 25.—Arising out of a recent tragedy at Sturgeon Falls, in which two young boys were burned to death in their father's home, and other members of the family barely escaped with their lives as a result of an error in using gasoline instead of coal oil in the kitchen stove, a resolution was introduced at a meeting of the North Bay Board of Trade Monday night, recommending legislation requiring that all cans containing gasoline be painted red with white or black markings, and that anyone purchasing gasoline must contain it in a can of this description.

It was decided to forward the resolution to the sister boards of trade throughout the province for discussion.

WILL COMMAND BRIGADE

Ottawa, Sept. 25.—Recent militia orders announced the appointment of Col. C. M. Edwards, D.S.O., to the command of the Eighth Infantry Brigade, with promotion to the rank of colonel. The Eighth Brigade comprises the infantry regiments of the Ottawa and Eastern Ontario district.

Finds Easter Lily Bloom in Back Yard

W. MODELAND, 231 Grey street, while walking in his garden on Sunday morning picked an Easter lily in full bloom. The lily grew from a bulb which was thrown out last Easter.

'TISER STAGES FASHION SHOW

Pretty Girls of I. O. D. E. Will Appear as Models at Grand.

Begins October 2 in Aid of the Children's Hospital Fund.

The finest stock to be found in London's stores, together with fifteen of the prettiest girls to be found in London's drawing rooms, will go toward making a success of the Autumn Fashion Show which is to be held at the Grand Theatre for the week commencing Monday, October 2, under the auspices of The London Advertiser and the Harriet A. Bommer Chapter of the Daughters of the Empire.

With the extensive arrangements being made, and the loveliness of the gowns, furs and jewels, and equally important, the mannequins who are to display them, the Fashion Show promises to be the most pretentious affair of its kind that London has ever seen.

Working in co-operation with the Daughters of the Empire, fifteen of the city's prettiest girls are to appear in the show wearing the latest and most exclusive models in gowns, dresses and suits that London shops can contribute.

Stage settings have been selected from the warehouses of London's foremost furniture dealers and, together with paintings, flowers and the ornaments necessary to complete the effect, will represent the latest word in modern home furnishing.

Business young society matrons and maidens who have already consented to appear as mannequins in the Fashion Show are the Misses Beryl Jewell, Maybelle Purdon, C. Wanless, Jean Wanless, Mary Fort-theringham, Lillian Douglass, Florence Line, Elsie McQueen, Mabel Broughton, Mrs. William Purdon and Mrs. Winifred Heard.

Some idea of the elaborate scale on which the Fashion Show is being staged may be gained when it is learned that the stage settings and costumes are expected to reach a value of over \$10,000, while the jewelry which London jewelers are placing on exhibition to complete the effect is estimated to be worth nearly \$50,000.

CHINA SEEKS LOAN OF \$10,000,000

Peking, Sept. 26.—The cabinet yesterday authorized a \$10,000,000 bond issue by the government.

The issue goes to the Chinese bankers of Peking for absorption in the face of the strenuous opposition of Cantonese parliamentarians, who declare the authorization unconstitutional.

Premier Wang Chung-sui said to a representative of the Associated Press that at best the loan can be considered only a means of giving the harassed government a breathing spell.

DECLARES CITY SHOULD CONTROL OWN STREETS

Mayor Wilson Urges That London Street Railway Be Purchased.

SOLVE TRANSPORTATION

Warns Citizens to Prepare for Brilliant Future of Municipality.

The citizens of London should purchase the London Street Railway. This is the best solution for the local transportation problems, according to Mayor Cameron Wilson, who contends that the people should assume control of their own streets. He believes that there is no time like the immediate future for the consummation of this proposed undertaking.

Looking ahead, Mayor Wilson foresees a much more brilliant future for London, and warns that the citizens should prepare themselves accordingly, in order that prosperity would be hastened, rather than retarded. "We now own our own electric road to the lakeside," he pointed out, "and with the rapidly-increasing use and popularity of hydro throughout the province, it will be only a matter of time, in my opinion, when the London, Huron and Bruce will have become electrified, as well as other branch lines throughout the country."

"London will grow. Its quota of manufactures and other industries will be augmented. It is only a question of how soon, and the community's progress should not be retarded. The citizens, I claim, should assume control of the street railway, in order that they may have in the future the immediate control of their thoroughfares."

Pending the arrival from Toronto of A. E. K. Bunnell, member of the transportation commission of that city, the special session of the city's new transportation body is still postponed.

LONDONER KILLED POSING FOR PHOTO

E. Poulton Accidentally Shot Dead in West by Companion.

Special to London Advertiser. Winnipeg, Sept. 25.—Edward Poulton, farmer, whose home is in London, Ont., was accidentally shot and instantly killed on the farm of Ferdinand Steffan, near Mont Mastie, Sask., on Sunday afternoon.

Deceased, who was about 29 years old, and a lad named Runke had decided to have their pictures taken in Wild West style, each having a gun pointed at the other.

Before posing for the camera, five shells were taken from one of the guns, and Runke appears not to have been aware that there was still a shell left in the barrel.

When he pulled the trigger at a distance of six feet from Poulton, the latter received the full charge in his breast.

Edward Poulton is a son of Mrs. A. Poulton, 44 Forward avenue, this city, who received news of his death from Wm. R. Tracey, of the Manitoba provincial police. The funeral will be held in the west.

Has Idea Where Missing Cement Mixer Might Be Located

Inspector A. M. Piper on Monday that he possessed a clue as to the possible whereabouts of the city's missing cement mixer.

Several months ago, he relates, a certain individual borrowed a fine tape measure from him. Although he sees this party about every day, no mention is ever made about the article in question until Monday night, when the inspector took cognizance of the fact that this man is at this moment building a house of his own. "If I trace my tape measure I may find that cement mixer over there, as well," opines Mr. Piper, although his seriousness is closely questioned.

AGRICULTURAL PUPILS IN CITY

Visit London Under Direction of Professors Wade and Toole.

Will Inspect Animals in Prominent Stables of the District.

The photograph shows about sixty of the graduating class of the Ontario Agricultural College, Guelph, who are in the city in connection with their training in animal husbandry. The class is under the direction of Professors Wade and Toole, and will inspect animals in prominent stables in London and district.

The training includes live stock judging, and a team of men to represent the college in the inter-college judging competition at the International Fat Stock Show to be held in Chicago late in November will be chosen from the men in this class.

The inauguration of this contest in 1900, the O. A. C. has completed every year, with one exception, and at the present time is tie with Iowa State College for first prize in the general standing. The coveted prize at these contests is a handsome bronze trophy, which must be won three times to be permanent property of any college. One such trophy now reposes in the library of the college at Guelph, and this year's class is out to win another.

During the next two months, Professor Toole and his students will visit the important stock farms of Ontario and will judge the stock led out for their inspection. The students must place each class, and at the end of the day, after having placed several herds of stock, including horses, cattle, sheep and swine, they must remember their placings and give adequate reasons for the decisions they made.

The men will take their final examinations next May.

U. S. SENATOR WATSON DIES

Washington, Sept. 26.—U. S. Senator Thomas E. Watson of Georgia died suddenly at his home here early today. Death was said to be due to an acute attack of asthma, from which Senator Watson had suffered recurrently for some years.

GEO. ANDERSON DENIES PART IN BANK ROBBERY

Londoner Faces Trial for Alleged Complicity in the Wyoming Affair.

TELLER RELATES EVENT

E. Taylor Identifies Prisoner as Man Who Asked for Change.

Special to London Advertiser.

Sarnia, Sept. 26.—George Anderson of London, was placed on trial this morning for alleged complicity in the Wyoming bank robbery, following the case of Edward McMullen, who pleaded guilty yesterday to being one of four men who robbed the bank. Anderson pleaded not guilty, and the selection of a jury was proceeded with. Twenty-eight jurymen were called before a panel was obtained.

W. R. Meredith, of London, frequently challenging the men called, particularly those residing in Ennis-killen Township.

Testifies to Robbery. John H. Baird, civil engineer, of Sarnia, was first witness, giving brief evidence as to plans of the bank building drafted for information of the jury. H. S. Lambert testified to the fact of a robbery having taken place at the bank on Oct. 20, 1921.

The third witness was Ernest S. Taylor, teller of the bank, who identified Anderson positively as the man who appeared before the cage, asked for change for a five-dollar bill, then produced a revolver. Anderson later came round to the back of the cage, ordered witness out, and made him face downwards on the floor. He again saw Anderson, witness said, as he was lying on the floor, and Anderson kicked him, and then took him by the shoulder and walked him to the vault to open the combination.

The witness was cross-examined by Mr. Meredith at some length, particularly with regard to the identification of Anderson made at the London jail, seven months after the robbery. You entered the cell three times, suggested counsel. Witness said not.

At your preliminary hearing you said you entered three times, and the last time you had a cap put on the man you were to identify. Witness admitted this, and questioned as to why the cap was necessary, said because Anderson wore a cap at the bank. "I just wanted to make sure," witness said.

"Could you say how he was dressed?" "No; I was looking at his face, not at his clothes."

Knew About Story. "You know all about the story told by Mrs. Koehler to the detectives before you went to the jail to make identification? You knew what they were supposed to do at the jail and who you were supposed to identify?"

Witness said that was so. "Do you remember, when you were in there, that Anderson was told to stand away from the other prisoners?"

Witness said he knew nothing of this.

Pearl Estelle Bailey was the next witness. She said she was working at Wyoming postoffice on Oct. 20, 1921. She went to the bank that day. While she was standing near the teller's wicket a man came in and asked for change for five dollars. She identified Anderson in the box as the man

Remove Remains of Sir Wilfrid Laurier to Vault

OTTAWA, Sept. 26.—With simple dignified ceremony, attended only by a few former friends, the remains of Sir Wilfrid Laurier were yesterday removed from their original resting place in Notre Dame Cemetery to a vault which has been built underneath the spot where a monument will shortly be placed to his memory.

DR. C. S. MOORE DIES AT HOME

Prominent London Physician Passes After Long Illness.

Medical Profession Deeply Regrets Loss of Popular Member.

The death occurred on Tuesday morning of Dr. Charles Smith Moore, one of London's most prominent medical men, at the family residence, 280 King street.

Mr. Moore had been ill for nearly eight months, but up to a short time before his death he was thought to be improving, when he suddenly became worse and passed away this morning.

Was Born in London.

He was born in London, Aug. 26, 1852, and began practicing medicine with his father, Charles D. Moore, after having secured a wonderful result from his studies at the McGill University. He received his early education at the old London Grammar School.

The late Dr. Moore had been practicing for ten years when his father retired from his profession, after which he went into partnership with F. B. Drake, M.D. Same was dissolved in 1910. Since that time Dr. Moore has maintained an office at 378 Wellington street, and has worked wholeheartedly for the advancement of health in London. He was known to young and old, and his death comes as a great loss to the city, as well as to the profession he followed.

His father, Charles D. Moore, was professor of surgery at the Western University from 1884 until 1887, and was held in high esteem by everyone in that institution. During that time the deceased was professor of gynecology until the year 1888, but did not begin to teach until 1887. Subsequent to that he retained a connection on the advisory board of the Institute of Public Health, from which he retired in 1914.

Was Always Generous.

Dr. Moore's energy was unflagging, and he was most unselfish in everything. He showed much interest in the rising generation, and always added to the list of his patients.

STREET RAILWAY MEN QUIT WORK

Officials Refuse To Take the Walkout of Trackmen Seriously.

Protesting certain grievances as to their rate of remuneration, employees of the London Street Railway Company, engaged in track work on Dundas street east, downed tools in a body Tuesday morning, and have since declined to resume operations until their demands are complied with.

Admitting that difficulty of this nature had developed, company officials decline to accept the situation as serious, or even as a strike. "The men didn't strike. They just quit," they explain.

They add that the work is of a repair nature, and need not be rushed at this moment. It is their further belief also that any differences which may exist will be ultimately smoothed over with but little delay, and that events will soon proceed smoothly.

WOMEN MAY BE DECIDING FACTOR

Newark, N. J., Sept. 26.—Women are expected to be the deciding factor in the Republican primary, in which the people of New Jersey are selecting candidates for the November election.

Senator Joseph S. Frelinghuysen, a close political and personal friend of President Harding, running in the direct primary for renomination, is faced with a bitter enemy and a strong opponent in George L. Record, Jersey City lawyer, who has fought him in every corner of the state.

INSIST RUSSIA GAIN ADMISSION TO CONFERENCE

Kemalists Demand Right To Continue Warfare During Meeting.

GREEKS REINFORCE ARMY

Britain Continues To Make Warlike Preparation at Dardanelles.

BULLETIN.

Allies issue ultimatum, giving Kemalists 48 hours to withdraw troops from neutral zone.

Constantinople, Sept. 26.—Another body of a thousand Turkish cavalry crossed the neutral zone from Bigha today. This movement is like that at Eren Keui, apparently concerted before the receipt of the allied note. Gen. Harrington, the British commander, was declared to be exhausting every channel to secure a specific withdrawal of both forces.

Constantinople, Sept. 26.—The reply of the Turkish Nationalist government to the allied peace note has been completed and comprises acceptance of the conditions laid down at the Paris conference, according to Essed Bey, aide de camp to Mustapha Kemal Pasha, who has arrived here from Smyrna.

The Nationalists, however, insist upon their right to conduct military movements during the progress of the conference and also demand admission to the meeting of all the allies of the Angora government, including Russia, Persia and Bulgaria.

The armistice conference to arrange for the cessation of hostilities between the Greeks and Turkish Nationalists will be held at Mudania on or about Oct. 2. This was decided at a council of the allied high commissioners held yesterday afternoon in the British embassy, and attended by Hamid Bey, representative of the Nationalists. Hamid asked pledges from the British government that the positions around Chanak be not reinforced during the progress of the negotiations.

Protest Greek Flagship.

The Angora government has protested to the allies against the presence in the Bosphorus of the Greek flagship Averoff, which it alleges infringes the neutrality of the Constantinople region.

The remaining members of the Greek military mission, the personnel of the Greek naval base, which was discontinued yesterday, and prominent members of the Greek colony have boarded the Averoff, which is leaving shortly for Athens.

A large Greek transport filled with troops and artillery passed through the Bosphorus yesterday on the way to Rodosto, to strengthen the army in Thrace. The Greek newspapers announce the arrival in Thrace of Generals Papoulas, Nider and Leonardopolous and other prominent military leaders, who are expected to reconstitute the army and inspire the men with new spirit.

WARNS EUROPEAN POWERS.

Moscow, Sept. 26.—Soviet Russia, in a note addressed to Great Britain, France, Italy, Greece, Rumania, Jugoslavia, Bulgaria and Egypt, proposing an immediate conference, declared to find a solution of the Near East situation, warns the European powers against ignoring the interests of those countries directly interested in the freedom of the Dardanelles.

The note reiterates that Russia will refuse to recognize any decision unless she is a party to the agreement.

BRITAIN SENDS TROOPS.

London, England, Sept. 26.—(Canadian Press Cable).—Despite the improved outlook for peace, the British preparations to defend the Straits of the Dardanelles continue in readiness for all contingencies. From Alderney the following troops will depart tomorrow:

Third battalion of the Coldstream Guards, 2nd battalion of the Royal Fusiliers, and the 2nd battalion of the Rifle Brigade. These, with the 2nd battalion of the Grenadier, will leave for the Dardanelles.

LATE NEWS BULLETINS.

U. S. CABINET TO RESTRICT PROHIBITION OFFICERS AT SEA.

Washington, D. C., Sept. 26.—The cabinet at its meeting today decided to restrict prohibition enforcement operations within the three-mile limit at sea, except in cases where ships beyond that limit are in communication with shore through their own crews and small boats. Prohibition enforcement officials, it was said, authoritatively, would be cautioned to observe this decision.
