river. The water was never before known to reach such a height. Only one bridge in the vicinity of London is fit for travel. Three or four are totally carried away and on the Western. Men are working hard to save the remaining bridges. In the neighborhood rivulets were swollen to torrents and did incalculable damage. The fall on the streets was so heavy as to undermine them in some places. Houses were carried down the river, with people screaming on the roofs and inside. One house lodged against some trees a mile below the city. A boat followed, attracted by the screams. They were drawn away by persons on roof tops whom they rescued first. When they again went to the house there was no sound. The family are supposed to be drowned. Four of the family of Mr. J. F. Gacey were washed away while trying to get to higa ground. Three of a family named Stratford, three of the family of D. F. McLean, two of the family of Wm. Mayland, a child named Onn, and an old lady named Hopkins are also among the drowned.

Horses, cattle and live stock generally were drowned by the hundreds.

About half-past three when the swelling About half-past three when the swelling tide had almost reached its height, several London West houses flusted out on the raging Thames and commenced their long journey toward the lake. All the inmates had been warned and ail had escaped but one young lady, who persisted in remaining within doors. The house as it steadied itself in the flood kept its upright position. Miss wright never screamed, nor indeed did she appear to have lust her presulted. tion. Miss wright never screamed, nor in-deed did she appear to have lost her pres-ence of mind. As the strange vessel passed Dundas street, Mr. Molean standing on the walk exclaimed, "Gracious heavens, there's a woman in that house, and she has a lamp in her hand," and such appeared to be the case. Miss Wright was seen opposite one of the windows with a lighted lamp. "Nothing can save her," exclaimed another, but fortunately in her case the house drifted in to the shore near Reeve Barlram's and Miss. Weight was researed from her

and Miss Wright was rescued from her perilous position.

Among the many rescued by the oarsmen Parke and Nichols was Mr. Hopkins of Kensington. He first handed his wife into the boat and then essayed to jump in himself. "Hold off man," roared Mr. Guy Parke, "the boat won't carry you all. Stay where you are and we'll come back for you in a minute," but the man instead of heeding. The need action river. ing the good advice given him overcome with terror jumped into the frail skiff, which instantly upset hurling Mr. Parke, the woman and the man into the river. Messrs. Parke and Hopkins clung to the boat, but the poor wife was swept away to her doom. It is said that the fright Miss Wright re-ceived has turned her into a raving maniac.

On Blackfriars street, Petersville, the houses are turned every way. The fences are all gone and the streets filled with rubbish. The contents of the houses are almost are all gone and the streets filled with rabbish. The contents of the honce are almost ruined and a reporter saw many persons around strying to get some food, some of them having had nothing since six o'clock lest night. West; a woman name unknown; a 7 year old girl of Mr. Oun, Ann street; three children of George Stratford, Napier street; three children of D. F. McLean, Blackfriars street; one child of Wm. Moyland, Ann street; Mr. Jas. Spackman, wife and 3 year old boy.

Mr. Wm. Moore, ex chairman of the
London West school board, threw open the

school house at two in the morning, and vigorously rang the bell in order to alarm the villagers, and the building throughout the day was used as a house of refuge by many of the unfortunate victims of the flood.

A family named McCaulay were rescued about three o'clock this afternoon in an almost exhausted condition. All the morning efforts were being made to reach them without success. The family consisted of a father, mother and three small children. It is reported a woman was swept down the river clinging to a table, and when near the Cove bridge, by a frantic effort, succeeded in clutching the willows upon the river bank, where she clurg for fully three quarters of an hour, calling piteously for help. It was found impossible to reach her however, and at last she sank beneath the water.

The 'locality of Blackfriars bridge presents a scene of the most deplorable desolation in an almost exhausted Great Western division and the Grand Trunk proper.

The most damaging is on the line between Waubuno and London. One hundred and fifty feet of the track has been completely weaked out by the overflow of the Doty creek, and it is said that the earth has been swept away so as to leave a channel of fully five feet in depth. Subsequently two spans of the Waubuno bridge succumbed to the force of water.

The steamboat express which left here at 11 30 last night went via Stratford, where she remains, not being able to proceed to London on account of a washout at Thorndale on the St. Mary's beach, and

tion. The bridge itself, although subjected to a terrible strain, has stood the test nobly, but just upon the west side of it, on Black-friars street, a hole ton feet deep extends on the Saraja branch.

HAMILTON, July 11,-During the recent HAMILTON, July 11.—During the recent terribly rainy weather, while the newspapers from all parts of the continent have been telling of fearful disasters everywhere owing to the floods, the Grand Trunk railway company have been particularly fortunate. Last night, however, several somewhat serious washouts occured in the west, both on the Great Western division and the Grand Trunk

press, leaving Detroit at 8 o'clock last evening, met with an accident at this place. The locomotive passed over the damaged track all right, but the tive cars following were detailed. The Wagner car only remained on the metal: None of the passengers were injured, and very little damage resulted to the rolling stock. It is a peculiar fact that the various points where damage was doneare in a direct line, showing that the storm or waterspout passed from the northwest to the southeast.

An iron bridge which has been kept at the company's works for an emergency, was

the company's works for an emergency, was loaded on a Grand Trunk railway special and sent to Waubuno to supply the breach in the bridge. THE GRAND MASTER'S ADDRESS.

Annual Meeting of the Masonic Grand OTTAWA, July 11.— Grand master Daniel Spry formally opened the masonic grand lodge here to-day with the usual address. It is a more than usually uninteresting document. No reference is made to the masonic lottery at London, although it was held in contravention to a resolution passed by the grand lodge itself. The address commenc by returning the usual thanks to the Grand Architect of the Universe for the blessings of the past year, then refers to the death roll of prominent members and states that the committee appointed at the last annual communication to prepare an address to her nost gracious majesty the queen, performed their duty, and the address. beautifully en-Bro. A. A. Stevenson, P.G.M., who, while on a visit to England, presented it through the proper channel.

The address continues:—

Dispensations for the formation of new lodges have been granted as fellows: 1. Oakville lodge, Oakville, county Halton, 10th November, 1882. 2. Lorne lodge, Tamworth, county Addington, 6th March, 1883. 3. Craig lodge, Deseronto, county Hastings, 15th March, 1883.

These applications I now place before grand lodge, as I did not consider the

reasons assigned for opening the proposed lodges sufficient to justify me in granting dispensations. I am of opinion that we have quite enough lodges for all practical purposes, and for the benefit of Freemasonry, except in new sections of the country. country.

Special communication and official visitation are referred to, and then the grand

master says :

I regret to observe that some of our breth-ren are in the habit of finding fault with grand lodge for accumulating a large amount of money, evidently under the impression that proper regard is not given to applica-tions for assistance. As this is an entire misapprehension, it may be as well to state for their information that every proper ap-plication for relief is promptly responded plication for relief is promptly responded to, and that grand lodge expended in benevolence from 1867 to 1875, \$32,886, and from 1875 to 1882, both years inclusive and the vatican, have been burned by an incendiary. and from 1875 to 1882, both years inclusive, \$71,396.52, or nearly \$10,200 a year has been expended in aiding those requiring assistance during the past seven years. As the receipts of grand lodge are less than \$15,000 a year, omitting interest on investments, and the expenditure over \$15,000, it can easily be seen that had the "spendas-you-go" policy had been followed in the past it would have been fatal to the financial standing of grand lodge at the present time.

such a way as to merit your approval, and hope I have been to some extent successful. hope I have been to some extent successful. In conclusion we may congratulate ourselves that the principles of masonry, which animate and inspire us to noble efforts as citizens of the commonwealth and members of the fraternity, are taking deep root in the minds and hearts of the people of our happy land, for wherever christienity and civilization go hand in hand, there will be found the germs of masonic fellowship, which in their own good time will bring forth abundant fruit.

was ill. His secretary was arrested in his presence. Admiral Pierre, French comnander, ordered the sick man to leave l'amatave within 24 hours. The consul died seven hours after leaving. Admiral Pierre also stopped communication between the British man of war Dryad stationed

Pierre also stopped communication between the British man of war Dryad stationed there and the shore. Her captain was only allowed to make a verbal protest. The flags of all the toreign consult were hauled down. An English missionary named Shaw has been arrested the Tamatave and remains in prison. The charge against him is unknown. Inquiries have been made regarding its nature. The only answer received was that the law must take its course. Mr. Gladstone said "In announcing these grave and painful occurrences, I can only now say we must await the receipt of further details. We must also await those communications from the French government which the case may require, which we have intimated we expect, and which it would be our duty to make under similar circumstances." Mr. Gladstone's remarks were followed by cheers.

The statement relative to the action of the French in Madagascar made by Mr. Gladstone in the house of commons created a painful impression in the house. While the proceedings of the French are calculated to strain the present relations between England and France, it is not generally believed that a serious rupture will ensue. No reply to the demand upon the French government for explanations made by Lord Granville had been received up the adjournment of the house. It is generally expected when all the facts are known the French government will express regrat for the occurrences complained of, and as a mark of disapproval will recall Admiral Pierre.

London, July 11.—The French command-

ant at Gaboon has arbitrarily searched English merchants and fined those having arms in their possession. He has interfered with the schools of American missionaries,

3. Craig lodge, Deseronto, county Hastings, 16th March, 1883.

4. Central lodge, Essex Centre, county Essex, 7th June, 1883.

I have declined to grant dispensations for organizing new lodges as follows:

where all kinds of sports will be indulged in. The tug-of-war between the police teams will be quite exciting. About three thousand men in regalis will be in the procession.

From the Montreal Witness.

We are informed that the orangemen of this city have no intention this year (as has been hinted outside the city) of publicly celebrating the twelfth of July in Montreal. As has been their custom for the rast forty years, they will meet in their lodge rooms at noon. In the evening a general meeting of the lodges will be held in their hall. Several of the brethren will celebrate the honors of the anniversary by a banquet in the evening.

Pelice Court Fencillings.

Ten drunks were put through the justice mill in the police court yesterday. Minnie Bell, aged 18, and Annie McDonald, aged 18, held on suspicion of having stolen a watch off James Norman, coachman for Mr. W. H. Beattie, were discharged, as there was no evidence against them. Thomas

Ellen Mulqueen, daughter of Patrick Mul- dedicatory services in connection with the queen of this city, were married at St. Paul's opening of the new catholic church here, church. Bishop O'Mahony and Rev. Father There were probably not less than 500 per-Sheehan performed the ceremony, the latter celebrating the nuptial mass and giving the nuptial benediction. The bridesmaids were Miss Katie Mulqueen, sister to the bride, and Miss Sarah Sheedy, the bride's cousin, the groomsman being Dr. Wallace. A choice wedding breakfast was served at the house of the bride's father after the ceremony.

There were probably not less than 500 persons present. The sermon by the bishop was listened to by a mixed congregation with the earnest attention which respect always commands. The collection amounted to state the services those from a distance were reached to an excellent repast at the residence of Mr. Peter Donnelly.

The Champion Feeling Good.

Mrs. Ed. Hanlan yesterday received a letter from the champion. He reports himself in excellent health and spirits and confident of cleaning out the New Brunswicker. He says that he made an attempt to steal into the Burg on the quiet but the attempt proved a failure. A large party of citizens hunted him out and a band serenaded him at his hotel. Mrs. Hanlan will go down to Ogdensburg next Tuesday.

The Financial situation in Winnipeg.

A well informed gentleman just down from Winnipeg gives a very gloomy picture of the financial situation in that city. The banks are hauling in still more sail and are disposed to refuse renewals to the real estate mev. The Federal bank, which does a large business there, has sent up a special agent to look the situation over.
