	TORONTO,	

TORONTO.

Toronto, May 7.—The run at the city cattle market this morning was 70 cars, which included 1,200 cattle, 285 sheep and lambs, 500 hogs and 537 calves. Trade was active and the demand continues brisk. Prices were firm, and, although a few advances were recorded, the general list of prices showed very little variation from levels ruling last week. The principal feature of the market to-day was an improved demand for the medium quality cattle, which have been rather neglected of late. Prices of choice quality have been advancing steadily and are now beyond the reach of several of the buyers, who have turned to the cheaper grades for their supplies. The offerings were all cleared upearly in the day, the presence of several buyers from outside points giving the bidding a brisk time. In connection with the general complaint of the dearness of cattle it was noticed to-day that several of the usual buyers were not doing business, due, as they said, to the fact that prices were now too high for the class of trade they saipply.

The demand for export cattle showed

Spring and Summer Suilngs.

LATEST 1907 PATTERNS

Our Stock of the Season's Latest Patterns in Woollens, Worsteds, Serges, etc., is now ready for your inspection, embodying in every detail the Styles and Qualities which meet the approval of dressers with good taste.

The Elegance and Excellence of our Goods, together with the Superior Workmanship and Finish recommend them to all who desire the best that

stockers were in demand, but there were few of them offering. Buyers say the heavy feeder and short-keep cattle are too high. Milch cows are firm, choice selling from \$35 to \$60 ordinary, \$25 to \$30. Veal calves are slow, with prices at 3c to fee her pound.

6c per pound.
Sheep were firm and grain-fed lambs stady. Common lambs continue slow, with quotations unchanged. Export ewes are 25c to 50c firmer.

The market for hogs show a slight advance and quotations are now \$6.50, fed and

BRITISH CATTLE MARKETS.

The World received a special cable from W. D. Newton, wholesale cattle dealer, Glasgow, Scotland, as follows: Canadian steers, 13c; bulls, 10½c.

The World also received a special cable from Po.le, Brewster & Duckham of London, Liverpool, Bristol and Manchester, who report cattle prices as follows: American steers, 12½c; Canadian steers, 12½c; cows, 11½c; bulls, 10½c.

Löndon, May 6.—Liverpool and London cables are firmer at 11½c to 12½c per lb.; dressed weight; refrigerator best is quoted at 9c per lb.

## CHILDHOOD AILMENTS.

The mother who keeps Baby's Own Tablets in the home has a feeling of se-curity that her child's health is safe. These Tablets cure such ailments as colic, These Tablets cure such ailments as colic, indigestion, diarrhoea and simple fevers. They break up colds, destroy worms, make teething painless and give the child healthy natural sleep. And the mother has the guarantee of a government analyst that the Tablets are absolutely sate. Mrs. Robert Watson, Combermere, Ont., says:—"I find Baby's Own Tablets just the medicine needed to keep children healthy." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

### An Old Watford Boy to the Front.

The Decatur, Ind., Democrat of May

says:—
The annual meeting of stockholders and election of eight directors for the Decatur Furnace Company took place at the factory office of the company at ten o'clock. With one exception the old board of directors were re-elected, they be a company at the old board of directors were re-elected, they board of directors were re-elected, they being D. L. Gullfoyle, E. J. Twomey, C. A. Dugan, James Doherty, D. Schmidt, E. E. Studbaker, Henry Krick and P. J. Houlihay. The officers were also re-elected: D. J. Guilfoyle, president; C. A. Dugan, treasurer, and James Doherty, secretary and manager. The plant is now ready for operation, although a few weeks will be necessary to get every department running smoothly. Mr. Doherty, the manager, has shown his knowledge of the business and has accomplished much since his association with the company, although he has been handicapped with the usual delays and difficulties that always present themselves in an under-

with the usual delays and difficulties that always present themselves in an undertaking of this or any other kind.

The capacity of the plant is 15 completed furnaces of the largest style, daily. The company took off the first heat, or in common street language, melted their first iron yesterday. Three thousand pounds was made up into different castingi, and for the first heating was so good that Manager Doherty it still tickled clear down into his boots. The cupola or heating furnace for the melting of iron or heating furnace for the melting of iron

or heating furnace for the melting of fron has a capacity of ten tons of melted iron an hour.

They are using electric power furnished by the city, and have installed one ten and three five-horse power motors. The equipment throughout is first-class, and it will npt be long until the Decatur Furnace Company will be running in full blast. full blast.

West Lambton Teachers to Visit London.

The high price of feed during the past winter has resulted in the greater proportion of the cattle marketed being only half finished. Prices paid today were generally higher than last week, the better demand reported in the old country helping the market to some extent.

Butcher cattle were in demand, with prices holding firm and showing advances in several cases. Several buyers from eastern points were on the market and trade was brisk at all times. There was a better demand for medium quality cattle, buyers finding them cheaper than the high-class stuff which has been so much in demand lately. Cows continue very firm, as high as \$4.50 being paid for choice stock. Choice butchers sold from \$4.75 to \$5, with picked cattle selling at 15c to 25c above this. The best cattle on the market today was reported to have sold at \$5.40. Good ordinary butchers sold from \$4.40 to \$4.60.

Stockers and feeders were quist. Choice

### A Warwick Boy Who Has Done Well In The West.

A recent issue of the Prosser, (Washington,) Republican contains a portrait and the following sketch of a former well known Warwick boy:

"Uncle" Maurice Evans, one of Prosser's most respected citizens, is of Canadian descent, having been born January 24, 1847, in the Township of Williams, County of Lambton, Ontario. He was raised on a farm and lived there over 35 years, during which time he was actively engaged in the cattle business for a period of eight years. In 1882 he moved to Brandon, Manitoba, where we find him engaged in the hotel business for a period of about four years, during which time his well known hospitality won for him of about four years, during which time his well known hospitality won for him the familiar title "Uncle" Maurice Evans. During this time, as he himself puts it, "He played freezeout until he lost what chips he had," then moved to Tacoma, Washington, where he stayed a short time until he found that the "moss would grow on his back" if he remained there. From Tacoma he moved to Yakima County in the spring of 1887, where he lived for four years. In 1891 he took up his homestead on the Rattlesnake mauntain; there by patient industry and thrift, he acquired 800 acres of rich Rattlesnake wheat land. In 1895 he moved to Prosser and land. In 1895 he moved to Prosser and bought the fine tract of land west of the corporate limits, which in 1904 he platted to Evans' Addition which has now become the home of a large part of Prosser's population.

Mr. Evans was married on November 30, 1875, at Watford, Ontario, to Miss Margaret Harper, of Warwick, the ceremony being performed by the Reverend Robert Hay. Mrs. Evans is a lady of cheerful disposition, one of the happy home-making kind and universally loved and respected by all who know her. They have nine children, who are a credit to their parents and themselves, all of whom live at or in the vicinity of Prosser, and constitute a valuable asset to the citizenship of the community. Mr. Evans, though never seeking public office, has been repeatedly selected for the office of road commissioner, which position he held for a period of six years in Yakima and Benton Counties; this position he resigned in the fall of 1906, Mr. Evans was married on November

in Yakima and Benton Counties; this position he resigned in the fall of 1906, leaving a clean record.

Although members of the Congregational church, Mr. and Mrs. -Evans have helped to build and have actively supported the Methodist Church of this city since it was established.

Mr. Evans is a staunch Republican impolitics, and no measure is ever certain of passing a popular vote in the community unless it is known to have the approval of himself and his locality.

In business those who deal with him.

œr.

In business those who deal with him him speak with the freest praise: "His word is as good as his bond," and where is known no one ever questions either.

either.

Mr. Evans is an enthusiastic sportsman and refuses, even though he may have passed the half-mile post of his life, to lay down the rod and gun for the younger devotees. He is one of the very few who know how to enjoy the great opportunities of the sportsman in the Northwest, and can be seen "on the hike" at frequent intervals after the wily tront, or to the mountains where larger game abounds.
