But how about the condition of wo- child." fore the "Strike of the Sex" was in- turies, woman in our present day civiountries, where woman is kept in her gone by." proper sphere," that of the breeder

by unpleasant features; the promiintrusion into all places and occupations is frequently offensive, and her The proportion of women students to iberty at times verges on license. But when we decry civilization, with nearly 25 per cent. all its vices of money worship, its false standards of life, its superficial religions, its sweatshops, its slaughthousand other evils, we need to turn dred years and look on the condition of woman in the middle ages. For a thousand years the world had

no healer save the "Sorceress." If she cured she was called the 'Wise Woman." If she failed to cure she was called a "Witch" and killed.

Remy, the Judge of Lorraine, burned 800 of them about 300 years ago. Jules Michelet gave thirty years to nearly all the courses. writing a history of those ages, and "From when does the Sorceress date? FROM THE AGE OF DE-

From the profound despair the world owes the church; the Sorceress is the Church's crime." master of the Sacred Palace, formulates the doctrine in precise words: "Why does God permit the death of

"He does so justly, for if they die not by reason of the sins they have committed, yet they are guilty of death by reason of original sin. The babe at its mother's breast is already a damned soul?"

With such a religion the only religion of the age, can we wonder at the horrible atrocities which took place and were sanctioned by law, or what

And how can we decry our own of the human body?

veloped her clairvoyant sight, and in the green wood in days gone by. learned many things by her intuition science blundered along and learned

lreds of years later. And when she failed to cure all human ailments with her strangely looking into the blaze, conscious of it gained knowledge she was tortured and murdered as a Sorceress. Poor woman, what a fiery path she has trod up to here present proud position in the civilized world! For it is a proud position, despite all the imperfections of the great sys-

tems; imperfections which will only be righted after two or three more hundred years pass by. The word sorcery in its original eaning is "ill thinking on matters of

still more recently in Salem) thinking differently from the majority. Michelet says in his history:

"In the fourteenth century woman ees opening before her a long and terrible career of punishments and orments. Subsequently to 1300 her nedicines are adjusted to be mischeious, her remedies condemned as isons. The harmless spells where y the lepers tried to alleviate their sufferings led to the massacre of these mhappy beings. Pope John XXII as flayed alive on suspicion of sor-

eligion prevailing, a worship of Satan was organized and Satanic orgies indulged in by the half-mad people rsecuted by the clergy. "Satanism," too, was the church's crime.

"By a monstrous perversion, ideas," says Michelet, "the Middle Ages regarded the flesh (in its repreentative woman, accursed of Eve) as radically impure." Woman herself came to share the

odium and prejudice of the theologi-

ans, and believed herself unclean. So she lurked in hiding at the hour of childbirth, blushing at the thought of maternity, fain to ask par don for existing at all and for fulfilling the conditions of life, A submissive martyr to false modes ty, she was forever torturing herself and endeavoring to conceal the ador
