Home District Agricultural Society.

The Fall Show of this Society was held at Toronto on the 12th inst., and notwithstanding the unfavourable state of the weather, the exhibition was remarkably good—indeed much superior to any previous meeting. The Stock was exhibited at the east end of the town on the Bay shore, and the Grain, Roots, and Dairy Produce were displayed in the old City Hall. The Show of Agricultural Implements was poor—even the £5 prize for Thrashing Machines being uncompleted for. The late hour at which the prizes were declared last night, forbids our giving the list of successful competitors, but we are enabled to name a few of the leading articles:—
