

Wonderful Heaters and Fuel Savers

That has been the record of the

PEASE "ECONOMY"

FURNACES AND HEATERS

We manufacture Heating Apparatus to burn all kinds of fuel and to warm all classes of buildings by either Hot Water, Steam or Warm Air.

The Secretary of Morrison Presbyterian Church, Cedarville, Ont., writes us as follows:

"I am instructed by the Board of Managers of our church to let you know we are well pleased with the Pease Wood Furnace in our new church, and we would recommend it to any Church Board as the kind to buy, as we can get lots of heat in two hours or less, when other churches of the same size have to start firing the evening before. So we consider it a great saving of fuel, and the caretaker's duties are light."

Our catalogue, which gives full information, will be promptly sent on receipt of request.
