THE TRADE REVIEW

AND

Intercolonial Journal of Commerce.

MONTREAL, FRIDAY, JUNE 14, 1867.

Notice is given in the *Canada Gazette* that applica-
 tion will be made for a charter of incorporation by
 Messrs. E. T. Taylor, J. McA. Vernon, James W
 Taylor, George Durnford, and Frank Bond, all of
 Montreal, under the name of "The Dominion Fire
 and Waterproof Composition Company," for the pur-
 pose of manufacturing and selling composition for
 coating wood, metal, cloth, &c., so as to secure them
 against injury by fire or water. The business is to be
 carried on in Montreal, with a capital of \$80,000, in
 shares of \$10, all of which is subscribed.

Notice is given in the last *Canada Gazette* that
 whereas the Royal Proclamation for the union of
 Canada, Nova Scotia, and New Brunswick has issued,
 and the first day of July has been fixed for the day of
 such union, all Her Majesty's loving subjects in the
 present Province of Canada are invited to celebrate
 the said first day of July as a day of rejoicing. We
 hope the invitation thus given will be very generally
 complied with, and that no work not absolutely ne-
 cessary will be done on that day, so that everybody
 may be as free as possible to take part in the rejoicing.

At the adjourned half-yearly meeting of the Grand
 Trunk Railway of Canada Company, held in London,
 May 30th, the following resolution was passed:

"That powers be applied for in the ensuing session
 of the Canadian Parliament to convert the Postal and
 Military Bonds (say £1,200,000) into Equipment Mort-
 gage Bonds, at a rate equal to 60 per cent, or say
 £720,000 of Equipment Mortgage Bonds bearing a fixed
 rate of interest of say 6 per cent, and to raise a further
 sum of £480,000 Equipment Bonds for the purposes of
 the Company; the whole issue of these Equipment
 Mortgage Bonds then being £1,200,000 the Postal and
 Military revenue being added to the income, and se-

curity possessed by the Equipment Mortgage Bond-
 holders under the Act of 1862.

"That the Act be subject to the consent of three-fifths
 in value of the Postal and Military Bonds, and of three-
 fifths in value of each class of bonds and stocks repre-
 sented (personally or by proxy) at meetings specially
 convened for the purpose."

It is announced that preparations are being actively
 made to put the Grand Trunk Railway into a condi-
 tion of more efficiency than has been the case for some
 years past; that 7,000 tons of rails of the very best
 mode of manufacture are now being made in England,
 to be shipped during the present season, and that
 about as much more are to be provided by the Toronto
 rolling-mill; that a considerable number of engines are
 being manufactured in England, which are expected
 to be placed upon the line during the present year,
 and to be available for the fall traffic, and that the
 stock of cars is being put into thorough repair, and
 considerable additions being made to their number.

The adjourned annual general meeting of the
 Montreal and Champlain Railway Company was held
 at Point St. Charles, Montreal, on Wednesday last,
 12th inst. The report of the directors states that the
 amount accruing to the Company under the agree-
 ment with the Grand Trunk Company, amounted to
 \$107,714.94 for the year 1866, sufficient to meet the in-
 terest upon the Bonds and Preference Stock, and
 leaving a balance of \$12,060.15 to the credit of the
 sinking fund; this fund now amounts to \$25,402.18.
 The Hon James Ferrier, Hon John Rose, Messrs. Wm.
 Molon, Johnston, Thomson C. J. Brydges, E. H.
 King, E. M. Hopkins, W. E. Phillips, and Wm. Dow,
 were elected directors for the current year.

A good deal of interest has been excited in the suit
 brought by Messrs. Dun, Wiman & Co., of the Mer-
 cantile Agency, against J. M. Bradstreet & Son, of
 New York, for infringement of copyright in reprint-
 ing their Reference Book, containing names, capital,
 credit, and standing of merchants throughout the
 country. The trial commenced at the sitting of the
 Court of Chancery at Coburg on the 7th inst. The
 witnesses for the plaintiff, of whom there were a large
 number, proved that all the inaccuracies in Wiman's
 book issued in August 1865, were faithfully copied in
 Bradstreet's books, published in the following Janu-
 ary. The town of "Aprioot," which was inserted
 in the former book as a trap, and which was copied
 by Bradstreet, was proved to have no existence. The
 defendants did not attempt to deny the fact of hav-
 ing copied the book, but claimed the right to do so, it not
 having been copyrighted. The trial was closed on the
 10th, the Chancellor reserving his opinion on the
 points of law involved, until the 18th.
