

## BETTER HAY PRICES

"Well-cured, half-sold," is a true hay proverb. Sweet, clean, well-dried, even-colored hay brings a high price in every market. You can make newly cut hay and rake it all in one operation, and save the price of a sulky-rake and a tedder—if you own a

### Champion Side Delivery Rake Used in connection with the Champion Hay Loader

Below illustrated, you have a combination that will do your haying up "to the King's taste." We can't go into detail here about these high-grade haying machines, but we have done so in our free catalog. In it you'll find answered the question: you're most liable to ask. Capacity of Loader is easily 2 tons in ten minutes; no break-downs, either; no getting off wagon to shake and rake a 20-acre field easily in four hours and leave it in good shape for the loader. It works so smoothly—no threshing or hard-biting—that it will rake clean a bean-field and not waste any. Better send for that catalog "P" and our "Farmer's Ready Reckoner." **BOTH FREE.** We have an agent in your vicinity who will gladly answer your questions. Call on him and ask about these two machines.
