J. J. W. Deuchar, F.F.A., F.I.A., General Manager and Actuary of the Norwich Union Life Assurance Company, speaking of Investments

"It may serve to indicate the great importance of obtaining a good return on the investments, if it is realized that one per cent. of increased interest on the funds of a company will, on the average, have as great an effect as a saving in expenditure equal to 10 per cent. on the premium income, while, if an office could count on realizing 5 per cent. interest in place of 3, it might reduce its premiums some 20 per cent., or double its bonuses."

Mr. Deuchar does not name The Great-West Life; but the above statement exactly describes the happy position of its policy-holders.
