

The Coolest Yet!

No argument needed why one should seek the coolest nooks and be dressed in the coolest raiment, with the mercury flirting around the nineties the question is what and where and get it quick. In gentlemen's summer wear there's nothing so cool as a flannel suit made in skeleton style, approaching the negligee in appearance, but dressy enough for any man for business.

HENRY A. TAYLOR,

the Rossin Block, is showing some nice designs in stripe and small check flannel suits. They're an economical outfit because the pains he takes to make them good and the quality of goods that go into their make-up makes them almost everlasting.

A timely hint with the flannel suit is a fancy linen vest, made in the double-breasted style.

A MACHINE for making large nuts is being put into the establishment of the Starr Manufacturing Company, at Dartmouth, near Halifax. It weighs 23 tons, and was in use a short time at the works of the St. John Nut and Bolt Company.

"MONETARY statistics are always ticklish to handle," says a French correspondent, "for you have to deal, not only with tangible facts, such as the amount of cash in banks or the number of notes issued, but to estimate the amount of money in circulation and in the pockets of the public."

NOT being satisfied with the aggregate assessed values in that city, the Winnipeg Council appointed two commissioners to make a special assessment of property in the business section of the city. These officials have submitted their report. It shows an increase of thirty per cent., or an aggregate of about \$1,300,000, over the assessment of Commissioner Harris. This report, if adopted, may result in a pretty lot of appeals, both con and pro.

IF we accept the evidence of Lovell's new directory of Montreal, the population of that city is 320,000. We are told that the total number of names in the alphabetical portion of the book, city and suburbs, is 75,340. Of the new names there are 24,825; names changed, 17,709; unchanged, 32,806. From these figures the publishers estimate the total population of the district at 339,000, or deducting 13,000 for outlying districts, 326,000, as we stated above.

A MEETING of the creditors of Robert Wilson, contractor, Toronto, was held on July 4th, at the office of his assignee, Mr. J. P. Langley.
