THIS CUT REPRESENTS THE EXACT SIZE OF THE PEN READY FOR USE

## OUR \$1.00 FOUNTAIN PEN IS A MARVEL.

IN durability, finish and appearance it is equal  
to the more expensive fountain pens in the  
market. It is made of hard vulcanized rubber.  
It has no shoulders and thus it is smooth and  
pleasant for the fingers to hold. The cap,  
fitting on the barrel instead of below the ink  
joint, does not in removal tend to loosen or  
tighten the ink joint, it also acts as a protection  
against breakages and always fits either end  
of the holder equally well.

It has a 14 karat gold nib—with a platinum tip and can be  
had in fine, medium or stub point. One of the most  
distinctive features of this pen is the feeder.

It is so constructed that it overcomes the trouble of over-  
flowing or dropping ink, especially when the holder is  
nearly empty, and has a smooth uninterrupted flow.

We will guarantee this pen to be in perfect working order,  
as all pens are tested before leaving the house. Put  
up in a neat box with filler and directions.

Mailed to any address in Canada, post paid for

If, after trying this pen, you are not entirely satisfied with it,
