## FOREIGN GOVERNMENTS MAY BRING PRESSURE ON MEXICO TO COMPOSE THE SITUATION

Three Methods of Dealing With Huerta Are Being Considered by United States, But Nothing Will Be Done for a Few Days.

WASHINGTON, Oct. 15.—(Can. Press.)—President Wilson's message of yesterday declaring that the United States was "shocked at the lawlessness" of General Huerta in assuming a dictatorship over Mexico was taken to mean here that foreign governments might bring pressure to bear in an effort to compose the situation.

General Huerta's decree taking into himself legislative as well as executive powers has swept aside all hope here that the Huerta regime would re-establish constitutional government or be able to cope with the increasingly vigorous fighting of the Constitutionalists.

Both President Wilson and Secretary Bryan are considering the possibility of a more aggressive course. Three methods of dealing with the situation are being suggested as open to the Washington Government.

**Peaceful Measures.** First there is the ever recurrent suggestion in official circles of a military and naval demonstration which would serve as a precautionary move in case a forcible policy is later required. For the present, however, the president and his advisors are concentrating on a constructive solution by the use of peaceful measures.

Second, many officials think a series of strong demands made upon the authorities at Mexico City to force the immediate elimination of General Huerta would complete the record of the United States in attempting to assist as "the nearest neighbor" in solving the difficulties of the southern republic. It has been suggested by some officials that should such demands be ignored, the American Government would be justified in throwing its support to the Constitutionalists in the north.

**Free Election.** Third, the United States could formally announce its absolute termination of relations with the Huerta officials, leaving it to the Constitutionalists in Mexico City to secure the elimination of Huerta and secure a provisional government with which the Constitutionalists would negotiate for peace and arrange a free election in compliance with Mexican law.

Secretary Bryan left here tonight for Waterloo, Iowa, and before his departure, told his callers that he did not expect the American Government to take any further steps for a few days at least.

## Held for Partner's Murder

MOOSE JAW, Sask., Oct. 15.—(Can. Press.)—For the murder of his partner, George Benson, in August last, W. J. Collins was last night delivered at the border by the sheriff of Caldwell county, Missouri, to Corporal Blinn, of the R. N. W. M. P. He was locked up at North Fort, for the night, and tonight, under escort of Sergeant Lett, of Estevan, and Corp. Blinn, is here en route for Calgary.

## MEXICAN CRISIS NOT YET PASSED

Huerta is Apparently Unchanged in Determination to Proceed With Elections.

MEXICO CITY, Oct. 15.—(Can. Press.)—That the crisis in the relations between Mexico and the United States, which was almost reached yesterday, is only temporarily delayed, is the general feeling here tonight among Mexicans and foreign observers. When and how the next developments will be reached is a question agitating all alike.

While the American charge, Nelson O'Shaughnessy, professes to expect no reply whatever to the Washington memorandum and the foreign office says that there will be none for the time being it is still regarded that the nature of the American Government's notification regarding future recognition will necessitate action on the part of the Mexican authorities. It is not expected that the elections, which President Huerta appears to regard as one of the cardinal principles of his policy, will be postponed by reason of his decree, although it is admitted that this is a possibility.

**Will Hold Elections.** Federico Gambo and Manuel Calero, presidential candidates, are not abating their efforts and appear to believe that the elections will be held according to program. To many it would be no surprise should Mexico return to a conciliatory attitude. The impression which is gaining ground that other nations are inclined to fall in line with the Washington administration in the matter of future policy toward Mexico, it is argued, may tend to cause the Mexican officials to seek some ground upon which they can with dignity meet Washington half way toward an adjustment of the strained relations.

**Caps for Sporting Occasions.** Whether you attend the big football games, go golfing or motoring these caps are the ideal headwear. Pinco's, 140 Yonge street, are showing an immense variety of the newest shapes in chinchillas, Scotch and English tweeds—one piece tops—some with bands at back. These caps are imported from world famous makers and every old man and young man should decide to get one without delay.

## ANOTHER BLOW IS EXPECTED IN MEXICO

Crisis Has Been Reached, and Dissensions in Army Lead to Belief That End of Huerta Regime is Near—United States Government Awaits His Answer.

(Special to The Toronto World.) WASHINGTON, Oct. 15.—Waiting on Huerta.

These three words state precisely what the American Government is doing now with regard to the Mexican situation.

This will be the attitude of the American Government until Huerta acts, until he answers in some way, by word or deed, the note President Wilson sent him yesterday, and which was delivered to him by Nelson O'Shaughnessy, the American charge at Mexico City.

What will be the next step in the national drama which is being staged in Mexico City with moving picture like rapidity, no one here will vouchsafe a guess. President Wilson does not believe Huerta will make a reply to his note of yesterday.

All the information the administration had from Mexico City today was that the foreign representatives were in session there, having been called together by the Spanish minister, the dean of the diplomatic corps, for the purpose of considering Huerta's latest step. It was said there were signs of dissensions in the ranks of Huerta's army.

**Crisis Reached.** Some view the action of the foreign representatives as indicating that a crisis had been reached in Mexico, while others regarded it merely as an addition to the many serious actions which have been performed. Others regarded the reported dissension in the army as the real barometer of what the end will be. These officials see in this dissension another "blow up" of the kind which occurred on Feb. 9 last, and which resulted in the assassination of President Madero and Vice-President Suarez.

President Wilson and Secretary Bryan, and later the president and Senator Bacon, chairman of the senate committee of foreign relations, conferred today, after the conclusion of the conference it was stated at the White House and state department that the United States would not make a move until there were other developments in Mexico. No steps will be taken to increase the naval strength in Mexican waters or to send troops to the Mexican border. The president has under consideration, however, the sending of additional warships to Mexican waters. When the United States is ready to take action, it will be in the form of a declaration of war.

## PLOT AGAINST LIFE OF DIAZ

Band of Mexican Conspirators Said to Be Awaiting Arrival at Havana.

HAVANA, Oct. 15.—(Can. Press.)—General Felix Diaz, who is now en route from Europe to Mexico, is believed to be in danger of assassination on his arrival at Havana. The Cuban Government has received information that a band of Mexican conspirators are planning to kill General Diaz, who will reach here on Friday evening or Saturday morning on the steamer Corcovado.

The secret police express hope of arresting the conspirators, and the government has issued orders that the utmost precautions be taken to ensure the safety of General Diaz. It is expected that General Diaz, who is a candidate for the Mexican presidency, will remain here owing to the recent developments at Mexico City.

## BRYAN INSPIRED CURRENCY BILL

Aldrich So Declares in Denouncing Measure as Unsound, Socialistic and Revolutionary.

NEW YORK, Oct. 15.—(Can. Press.)—Former Senator Nelson W. Aldrich of Rhode Island tonight attacked the Wilson administration's currency bill, now before congress, which he declared embodied the theories of William J. Bryan. He denounced the bill as unsound, socialistic and revolutionary, characterizing it as "an endeavor to secure by partisan legislation the triumph of the doctrine of principles which had received the repeated condemnation of the American people at the polls."

He quoted Woodrow Wilson's writing to indicate that the president in his earlier days had entertained beliefs contrary to the provisions of the bill. "If the house bill should be enacted into law," Mr. Aldrich asserted, "Mr. Bryan will have achieved the purpose for which he has been contending for a decade."

**Radical and Revolutionary.** Mr. Aldrich's speech was delivered at the closing session of the national conference on currency reform. He directed his strongest criticism at the addition to the many serious actions of government notes and providing for a central government board with supervisory powers over the issue of currency. "The proposal with reference to note issues," said Mr. Aldrich, "are radical and revolutionary in character and in principle which had received the repeated condemnation of the American people at the polls."

## RAILWAY WRECK NEAR LIVERPOOL

Ten Lives Lost, But Only Six Victims Have Been Identified.

LIVERPOOL, Oct. 15.—(C.A.P.)—Ten passengers were killed and a number of others injured in a collision near the town of Liverpool, between the Manchester Express and the rear coach of the express was shattered.

The following six persons are officially stated to have been killed: Mrs. Owen London; Miss Edmundson, Liverpool; Otto Gotheim, Hans Olsen, Christiania; Guard Bishop, Central Railway, Sheffield; and a woman, supposed to be Mrs. Owen's maid. Mrs. Owen was a daughter of the late Sir Charles Scott.

**Youth's Miraculous Escape.** Patrick Lee, a youth of 14, who had just landed from the Continent, was going to visit his mother, had a marvelous escape today when the coach in which he was seated was struck by the rear coach of the express. He was not injured in the wreck.

## TOOK CRIPPLE'S HALF DOLLAR

But Was After Larger Sum—Cowardly Act of Jack Doyle—Caught After Chase.

Charged with assault and attempted robbery on Edward Wilson of Hamilton, Jack Doyle, son of the notorious Debby Doyle, was arrested last night by Constable Greenlee.

Wilson, who is a cripple, had come to the city with money to purchase a pair of artificial legs, and carried the money in his trousers pocket, which he was unwisely displaying to his room-mate, Doyle, at 112 York street. About midnight Doyle suddenly made a grab for the cripple, tore open his pocket, and endeavored to make off with the money. The rumpus aroused the proprietor, who telephoned for the police, who arrived just in time to see Doyle run up York street. He was outrun, however, by Constable Greenlee and locked up at No. 1 station. On Doyle was found only 50 cents of Wilson's money. He had evidently got into the wrong pocket.

## GOV. SULZER TO KNOW FATE TONIGHT

Final Vote Expected to Be Taken in Open Session of High Court of Impeachment—Rumor Says Informal Vote Has Already Been Reached.

ALBANY, N. Y., Oct. 15.—(Can. Press.)—It is likely that the fate of Gov. Sulzer will be known tomorrow night. The high court of impeachment adjourned tonight with its deliberations unfinished, but it was said that the final vote probably would be taken at an open session tomorrow afternoon.

No official confirmation of this report could be obtained, however, as all the deliberations of the court today were held behind closed doors. No record of the proceedings was kept, and a ban of silence has been placed on members of the tribunal.

When adjournment was taken, shortly after 7 o'clock tonight, two hours beyond the usual time, the judges fled out unguarded and the senators hurried from the chamber to the streets, instead of remaining to discuss the case, as had been their wont.

On the streets rumor that the case had progressed so far as to have reached an informal vote on the guilt or innocence of the governor on the first article of the impeachment could not be confirmed.

This article charges the governor with falsifying his campaign statement. The names of only 23 of the 57 members of the court had been called when it was decided to adjourn. It was said, given an opportunity to express his opinion on the merits of the article, and the same procedure will be followed at the open session tomorrow afternoon.

It was reported that practically all the members took the opportunity to present their views today and that one senator, who is favorable to the governor, claimed not to have a house.

**Offences Impeachable?** None of the reports in circulation gave indication of whether the question as to the impeachability of the offences charged in articles 1, 2 and 3, known as the "money articles," had been formally taken up by the court. It had been assumed that the motion of the defence to strike out these articles would be disposed of before taking the informal vote, but it was said that the procedure adopted today called for a discussion of the impeachability of the offence in connection with this vote.

## MARQUIS HELD IN THEFT CASE

Charged With Stealing Famous Painting From Italian Church and Substituting a Copy.

Special Cable to The World. Copyrighted by The Toronto World and N.Y. World. ROME, Oct. 15.—The sensational arrest at Florence of the Marquis Barnabo, charged with stealing Pinturicchio's famous picture "Maddonna and Child," from the Church of Maria Maggiore at Spello, and substituting a copy while the church was closed for repairs, has led to the further discovery of important thefts.

In the marquis' bag at time of his arrest were found a magnificent ivory Greek statue which expert Professor Volpi declares to be of inestimable value; also some rare and queer bronzes and church ornaments worth several thousand dollars. The marquis, who was in the company of a lady not known in Italian society, had a ticket for London, where the picture had preceded him. The latest arrests include the copyist of the picture and several whose names are withheld pending personal inquiries.

## FURTHER EVIDENCE IS FOUND TO SHOW THAT ANKO WAS HIT BEFORE BEING PLACED IN VAT

### Federals Evacuate Victoria

MATAMORAS, Mex., Oct. 15.—(Can. Press.)—Victoria, capital of Tampulipas, has been evacuated by the federals, according to unconfirmed reports to constitutionalist headquarters here today. The concerted southward advance begun by constitutionalists several weeks ago, with the coast as their announced objective point, is believed to have caused the federals' withdrawal.

## FAILED TO FIND LIVING MINERS

Hope for Safety of Four Hundred Missing Men Has Been Finally Abandoned.

CARDIFF, Wales, Oct. 15.—(Can. Press.)—All hope of rescuing more of the miners entombed in the Universal Colliery, where a great explosion occurred yesterday, has virtually been abandoned. The report that a party of 29 men had been found alive in one of the galleries has proved to be erroneous, but a large number of dead bodies were encountered today.

No official reports have been issued and this caused much comment. Fire broke out among the rescuers and is still raging. There are no further signs of life in the pit. Up to a late hour tonight 49 bodies had been recovered, while 343 miners were still entombed. The shift which went to the mine yesterday numbered 381.

The engineers have decided to devote their efforts to subduing the fire, as they believe it useless to persist in the attempt at rescue.

## C.P.R. WILL OBEY BOARD'S ORDER

Work on the Union Station Begins at Once, Said Shaughnessy Last Night—Viaduct Too.

The order of the Dominion Railway Board, that an immediate start be made on the work of the new Toronto Union Station, is to be carried out. Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, who passed thru Toronto yesterday on his way to the west, when seen by The World in his car at the North Toronto Station last night, said that the order of the board was to be obeyed to the letter.

The formation of the terminal company which was to provide the capital and erect the new station, was now practically completed, he said. Sir Thomas further stated that the work on Toronto's viaduct would be commenced simultaneously with that of the station. One was dependent on the other and they would both be built at the same time.

## WEDDING GIFTS REACH MILLIONS

Henry C. Frick Gave His Son Twelve, and His Daughter-in-Law Two Millions Dollars.

(Special to The Toronto World.) BALTIMORE, Oct. 15.—Despite the efforts of the family to keep it quiet, it leaked out today, the information coming from a reliable source, that Henry C. Frick has settled upon his son \$12,000,000 as a wedding present, while the bride, who was Miss Frances S. Dixon of this city, received a cheque for \$2,000,000 as a present from her new father-in-law.

## Body Was Badly Bruised and Must Have Been Forced Thru Opening in Tank, as Anko Was a Very Large Man

Altho the city detective assigned to the case have made little progress towards solving the mystery, there is little doubt now but that Anastasius Thomas Anko died in a washing vat at the dye works of Abraham White, at 135 William street, last Saturday night, as the result of being set upon and brutally beaten by an unknown assailant. The police still cling to the theory that Anko fell into the vat during an attack of meningitis, and that the fall caused his death. There is no evidence to support this contention. On the other hand, the position of the body and the other circumstances surrounding the tragedy point very strongly to foul play.

Anko should have left the premises shortly after 12 o'clock on Saturday, as he had been instructed by Mr. White to look up the factory when the plumbers left. He was seen there at 4 o'clock.

On Sunday morning the body was found in one of three vats used for cleaning by the gasoline process. The aperture thru which the clothes were put is no more than about 18 inches in width. Anko was a particularly large man. He could not have got into the vat without turning sideways. The tank had only been recently drained of gasoline. It was lined with slats. Not only was the stench from the gasoline very pronounced, but the tank was cold and empty, therefore Anko could not have crawled into it to sleep.

**Evidence of Violence.** Despite the police theory that Anko fell into the vat, there is more evidence forthcoming to show that he met with violence. The three tanks are drained of gasoline by a large sluice. The first hole is almost 12 feet away from the place where Anko's body was found. Yet, a stream of blood had run from the body to the drain, and there was also another small stream nearby. The body was badly bruised and marked, and the flesh scraped from the hands as if the body had been forced thru the opening in the tank.

## WILL SEEK TO QUASH ELECTION

Hon. Mr. Fisher Declares Evidence Secured Will Result in Unseating of Morris.

MONTREAL, Oct. 15.—(Can. Press.)—The election of Chateauguay will be protested, said the Hon. Sydney Fisher, after a lengthy conference of the leaders of the Liberal party and prominent Liberals of Chateauguay, held at the Windsor Hotel this afternoon.

Action for the appeal will be taken, it is said, as there is a strong feeling among the Chateauguay Liberals in favor of protest. "We have evidence that will undoubtedly quash the election," said Mr. Fisher. "Will there be any prosecutions?" he was asked.

"I do not see how the guilty can escape, when the evidence at the hearing has been given," said Mr. Fisher. "The prosecution will follow as a matter of course."
