Talk About Building Portable Schools—Jury's Verdict Accidental Death.

TORONTO JUNCTION, Sept. 10.—As L. J. Applethart was crossing the tracks at the corner of Keele and Dundas-streets, in his automobile this afternoon, the machine collided with a Dundas car. The street car was backing up on the "Y" in front of Molsons' Bank, and struck the automobile amidstships. Mr. Applethart was not injured and although his machine was somewhat bent, he was able to proceed to the Canada Cycle and Motor Co.'s works, where he was proceeding when the accident occurred.

A live wire set fire to a telegraph pole on Dundas-street near the Peacock Hotel, about 7 o'clock this evening. The Stark T. L. and P. Co. were notified, and they sent a man to repair the insulation before any damage resulted.

On Saturday afternoon a team of horses, at the C. P. R. station, got frightened and ran away, and the driver, Wiggins, was thrown to the ground. The team started down the Weston-road at a terrific pace, and serious trouble might have resulted but for the promptness of William Brown, hotelkeeper on the Weston-road, who, at the risk of his own safety, jumped on to the wagon, and after considerable trouble, succeeded in getting the horses under control.

Mrs. Hazelwood of Cliffton, Ont., mother of Rev. Dr. Hazelwood, is visiting at her son's residence, 177 High-street.

A fire alarm was sent in about 9 o'clock to-night from the C.P.R. yards, where a cord of wood was on fire. The blaze was extinguished before much damage was done.

In police court today William Timney, 29 Davenport-road, Toronto, appeared on a charge of the theft of a loaf of bread from the Nasmith Co. He was allowed to go on suspended sentence.

Frederick Yott, 51 Argyle-road, was charged with disorderly conduct. He was allowed to go on suspended sentence, but was warned by Police Magistrate Ellis that the Central Prison awaits him next time he appears in court.

John George Bidolph, 314 Franklin-avenue, Toronto Junction, was charged with the theft of some lumber from the Union Stock Yards. Bidolph, who is an Englishman, who has been in this country about 15 months, was caught in the act of carrying the lumber away. He was fined \$1 and costs or 15 days in jail. He paid the fine.

The adjourned court held in the Junction to-day. Judge Morgan disposed of 22 cases. That of Goldthorpe v. Price, both residents of the Junction, who were part owners of a horse which had been sold at a loss and they could not agree to the proper division of the sale price. Price was employed by Goldthorpe as a teamster and part of the wages he should have received got mixed in with the horse money and became a hopeless muddle. Goldthorpe was the plaintiff, but after much discussion Judge Morgan gave judgment to the defendant, on the plaintiff's claim, Goldthorpe having to pay \$50 and the cost of the court.

Joseph Bone sued Robert Grey, both residents of the Junction, for damages to furniture and household effects. Bone had given the goods to Grey to put in storage, and while in his keeping they had been soaked with rain and damaged in many ways, rendering the value of the articles only about half what it should have been. The plaintiff claimed \$100 compensation, but he was allowed \$60, the greatest amount that can be granted in division court.

The case of D. Rowntree, Jr., for damages against George C. Hayes, executor for the late George C. Hayes, was adjourned till the next meeting of the court in October.

At the regular meeting of the school board to-night, the crowd of candidates of the schools was further discussed. In the lowest form at Elizabeth-street school there were 93 pupils present in one room yesterday.

The cement works in Annette-street school are laid and will be dry in a few days.

Miss Marion F. Ashbury of Niagara-on-the-Lake has been selected as an occasional teacher for the staff of Western-avenue school, and will be

WAS M'BAIN ARRESTED? SAYS "YES"; POLICE "NO"

Incident at Labor Temple, With Sequel at Police Station and More to Come.

President Alex. McBain of the Plumbers' Union and John G. O'Donoghue, his solicitor, are at odds with the police. Mr. McBain complains of wrongful arrest by Constables Dixon (374) and Townsend (170), at the Labor Temple yesterday morning; also wrongful entry of the Temple by the police.

Mr. O'Donoghue complains of wrongful ejection from No. 2 Police Station and loss of dignity. The trouble arose when the constables, accompanied by Fred Wilber and Elmer Duff to the Labor Temple in search of men said to be striking plumbers, and charged by the Dufts with interfering with men working on their contracts last week.

The Dufts, with the constables, went to the Temple and entered the room where the strikers were gathering in session. As they entered one of the Dufts pointed out John Hutchinson, saying, "There he is."

President McBain wanted to know by what authority the men entered, and the constables declared that they were well within their right.

The group adjourned to the street for further argument, and McBain says that there they asked him to go to the station, and that on his refusal P. C. Townsend said, "You must consider yourself under arrest."

It was in charge of the station at the time. McBain was not arrested; he came here voluntarily, and there was no difficulty here with McBain. The police agree with this story, save that they say that McBain was never placed in custody without an order from the deputy chief constable.

Sergt. Charlton's explanation of the circumstances follows: "It was on the night of the station at the time. McBain was not arrested; he came here voluntarily, and there was no difficulty here with McBain. The police agree with this story, save that they say that McBain was never placed in custody without an order from the deputy chief constable."

As to his course of action in the matter, Mr. O'Donoghue says: "There will be a complaint made to the board of police commissioners. Next, a writ for damages in all concerned will be issued. These are Idaho methods, not Canadian. McBain was kidnapped this morning. Under pressure in the station he consented to allow the police to enter the meeting, what they termed an order on the part of the police."

PAIN ABOUT THE HIPS

Is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain in the affected parts. Nerviline warms and soothes the affected parts, draws out the inflammation and pain, allows the patient ease after one rubbin'. No liniment so economical and safe. Nearly fifty years in use, and the demand increases every day! Nerviline must be used.

LOCAL FRUIT MARKET.
Trade was practically at a standstill down at the wholesale market yesterday, the inclemency of the weather being largely accountable for the stagnation in trade. At the close of the day's trading some 400 or 500 baskets of fruit were undisposed of, but to-day's receipts are expected to be comparatively light. THE SHAMFIGHT.

Will Take Place This Year in the Dundas Valley. The garrisons from Toronto, Hamilton, Brantford and St. Catharines will take part in the military manoeuvres this year on Thanksgiving Day, but not in Toronto. The exercises will be performed in the Dundas Valley. Brigadier-General Otter said last night the location had been decided upon, but that the details have yet to be worked out. The corps which may take part in the manoeuvres are: From Toronto, the G.O.R., Grenadiers, Highlanders, Body Guards, Field Battery, Engineers, Medical corps and Army Service corps; from Hamilton, the 19th Regiment and the 91st Regiment, and Brantford, the Dufferin Rifles; from St. Catharines, the 19th Regiment and the Second Dragoons; The Welland Field Battery will also probably participate. If the men turn out in force the result will be the biggest shamfight outside of those held in connection with the spring camps ever held in Canada. The country chosen will be an ideal one for the purpose.
