A VICIOUS PRINCIPLE.

The Railway Committee yesterday established a vicious precedent in regard to the rights of municipalities.

According to the Street Railway Act municipalities were given the exclusive control of their streets. It was under this act that Toronto was empowered to sell to the highest bidder the franchise for operating an electric street railway system for thirty years within the city limits. The City of Toronto made an agreement with the Toronto Railway Company under which this franchise was transferred to the latter for a limited term and under certain conditions. The City is of course under the impression that it has power to enforce this agreement and to see that the terms and conditions are duly observed. But the precedent which the Railway Committee established yesterday will disturb Toronto in the security which it enjoys under the present municipal act.

the act providing for the imposition of an export duty on nickel ore, admitted the principle. It now rests with the people of Ontario, and especially with the business men of Toronto, to convince the Government that the time for enforcing the principle has arrived. The Director of Mines will supply the facts upon the strength of which the Government can be requested to act. The World is not arguing in favor of any particular syndicate or company. We do not know that any genuine smelting company exists, either actually or prospectively. But we do know that if an export duty is imposed on nickel ore a refinery will be started at once in Canada, and we believe that Toronto has as good a chance of securing its location as any other city in Ontario. But prompt and united action on our part is necessary if we are to profit by the opportunity.

Leamington, Ont., Jan. 6.—A very representative gathering of the Liberal-Conservative of South Essex met in convention here today to nominate a candidate to contest the riding in the coming provincial elections. Coste and seconded by Dr. Hillier, that the Liberal-Conservative of South Essex in convention assembled at Leamington desire to put on record their unqualified support of Mr. W. P. Killacey and the Opposition in the Legislature of the Province of Ontario, and in the principles of the Conservative party; that they pledge themselves to do the utmost in their power to elect Mr. Killacey to the Legislature of the Province of Ontario, and to support him in the discharge of his duties as a member of the Government of Ontario.

Up to a late hour of the day Glasby had not been in his usual health, and it was said that he had been quarrelling with his wife and living with his parents. He was highly respected and well known in this vicinity.

How to Save Gas Bills.

We have received the following letter from Mr. John H. Jackson, the well-known barber of 533 Queen west, with reference to the Governor of the Citizens' Gas Control Co., Limited, 71 Bay-street:

"Having used this gas governor for nearly three years I should be ungrateful indeed if I did not add my testimony to the great saving and good light qualities of the controller. Last year I saved \$14.52."
