TWENTY-SECOND YEAR

BOY'S SKULL CRUSHED BY LORRY MAN PINNED BY A FALLING ROOF

Harold Robinson Loses His Life in King Street—Frederick Smith Meets a Lingering Death at the Island.

MESSINGER BOY CRUSHED.
Two fatal accidents were recorded in Toronto yesterday. The victims were Harold Robinson, a 10-year-old lad, who lived at 40 Bolton-street, and Frederick Smith, whose home was at Hanlan's Point. Both met violent and instantaneous deaths while at work.

Harold Robinson met his death on the first day of his employment with the Toronto Messenger Company, 147 West King-street. About 3 o'clock yesterday afternoon he was instructed to deliver a letter to the Harold Wilson Company, West King-street, and mounted his wheel outside his employer's premises. He had only gone as far as No. 131 when he caught up with two vehicles, going in an easterly direction on the south side of the street. The wagons were proceeding at a slow rate and young Robinson attempted to pass between them. He had just reached the rear end of the wagons when the front wheel of his bicycle wobbled and he was thrown under the rear wheel of the lorry heavily laden with scrap iron. The wheel of the lorry passed over the upper portion of the boy's head, terribly crushing the skull. Death came instantaneously in the opinion of the coroner. Police men removed the body to the morgue. Coroner Jones issued a warrant for an inquest to be held at 2 o'clock this afternoon.

Harold Robinson, the deceased, was a stepson of James H. Jones, a conductor employed by the Toronto Railway Company. He was a pupil of the Bolton-street Public School during the term which has just closed, and attended Wood-green Methodist Sunday School.

The vehicle which ran over young Robinson is the property of the Goddard Orange Co., 190 West Wellington-street, and at the time of the accident was in charge of T. Goddard, 320 West Adelaide-street. Robinson's bicycle was wrecked.

KAISER AS A RAILWAY-BUILDER BLOSSOMS OUT IN A NOVEL ROLE

Forms Partnership and Devotes Private Fortune to Construction of Fast Express Line Running Electric Trains at a Hundred Miles an Hour.

London, July 8.—Emperor William has blossomed out as builder of electric railways, according to two American engineers, returned from Berlin.

They are informed that he is the joint partner of the Siemens-Halske firm in the construction of a great Hamburg-Berlin fast express line, which purpose shooting trains from the seaboard to the capital at a hundred miles an hour.

His Majesty, it is said, is contributing to the enterprise several million marks of his private fortune. One of the engineers last week rode on the completed portion of the railway. He says: "The Kaiser has two objects. He is interesting himself in this project, first, because of its benefit and the undoubted financial success it will prove, and second, to set his countrymen a royal example in the development of electricity.

"The road is unique among the world's electric systems. It is built on an embankment 20 feet high, 54 feet wide at the top and 112 at the bottom. Parallel with the road are ditches on either side, which give a total breadth of over 150 feet.

"All the intersecting lines go over or under the embankment to avoid grade crossings.

"Ten trains an hour will run in each direction. The motor cars are fitted with sharp-nosed fronts to overcome the pressure incident to the terrific speed. The cars are of huge design, with wheels four feet in diameter and four pairs of trucks, and are of 250 horse power each.

"American air brakes are the only Yankee equipment so far ordered."

Dr. Hodgetts Predicts a More Alarming and Disastrous Smallpox Outbreak in Ontario in Autumn

Unless Greater Care is Taken

Warning to Latt, Clergy and Physicians: "Look Out for New Cases."

"A more alarming and disastrous outbreak of smallpox is a probability in Ontario next autumn, according to Dr. Hodgetts. That prominent officer of the Provincial Health Board presented a written report to the secretary of the board, Dr. Bryce, yesterday afternoon, in which the outlook is officially depicted in plain, outspoken language. Reviewing his inspection of the outbreak in Brant County, the report states that he visited the townships of Barford, Oakland and West Union. Dr. Hodgetts states that he inspected 84 houses where smallpox was supposed to exist. They were inhabited by 154 persons. Of these 84 had smallpox. Of the 154, no less than 51 were unvaccinated.

Dr. Hodgetts traced the infection to a house in Brantford, where the person had brought it from London. An unvaccinated girl visited the house and returned to her home in a locality where two-thirds of the settlers were unprotected by vaccination. The report warns medical men and other municipalities that unless greater precautions prevail there will be "in the approaching autumn an outbreak of smallpox more alarming and more disastrous than any seen for some time."

"Vaccination of all the people and successful should be the order of each municipality in this province," says Dr. Hodgetts. "If this warning is not heeded the future expense incurred in stamping out smallpox will be both great and burdensome in many municipalities.

"Many from the Brantford and the Baptist convention in Scotland. This warning is given both to laity and clergy and physicians: Be on the lookout for new cases."

WANTS PAY FOR TROUSERS.
Ottawa, July 8.—The Census Department has received a novel claim from an Ontario claimant. He asks \$10 for a pair of trousers, "the right leg of which was entirely destroyed by a mongrel collie, which greeted me as I was about to enter on my duties." It is doubtful if the claim will be allowed.

BIT ON DYNAMITE.
Denver, Col., July 8.—Mistaking for candy a torpedo made of dynamite and wrapped in pink paper, 4-year-old Esther Oliver bit into it, and her head was entirely blown off.

INTO A PAIR OF LIVE COALS.
St. Thomas, July 8.—A terrible accident occurred at Rodney on Saturday afternoon about 4 o'clock, when the eleven-month-old daughter of Matthew Barnes, who was sitting on a step, fell into an ash-pail filled with live coals. The child was terribly burned from the shoulders to the lower part of the abdomen. The doctor in attendance does not believe she will recover.

New Ferry Boat of I.C.R. to Transport Trains Across Straits of Canoe. Bogus Private Secretary to Sir Wilfrid Laurier Arrested at Niagara Falls.

HANDLE 21 FREIGHT CARS AT ONCE
Other Improvements on the Line Contemplated or Accomplished, According to Its Manager.

Montreal, July 8.—(Special.)—Manager E. G. Russell of the I.C.R. gives out the following: "In company with other officials of the road, I have completed a critical examination of the Intercolonial. We have again to-night, in company with Mr. Collingwood, the Deputy Minister, to examine the different points where improvements are necessary and where money should be spent. We shall go over the entire system.

"I may say that I have been very much pleased with what I have seen of the completion of the road during my trip. We do not propose at present to double-track the Intercolonial in the vicinity of Sydney, but by a system of sidings, which have been built, the efficiency of the road in handling the very much increased volume of traffic, owing to the developments of the Cape Breton coal and iron industries, will be much increased.

"The new freight coal and iron trains are being pushed by the Intercolonial, and will be put on the route presently. It will be probably the finest vessel of its kind in America. The ferry will be capable of transporting six or eight freight cars, or a dozen passenger carriages.

"The road is being supplied with new locomotives of superior construction. These are at the present time being rapidly completed and turned over to the road from the works at Scranton and at Kingston.

THINK HE IS BLONDIS.

Man Arrested at Middletown, N.Y., Bears Out All the French-Canadian's Description.

Middletown, N.Y., July 8.—A stranger, who is believed to be Wilfrid Blondin, the Chelmsford, Mass. wife murderer, was arrested this afternoon at Grahamsville, Sullivan County. The arrest was made on a warrant sworn out by John Galbreath, a farmer, who thought he recognized a striking similarity between the man and the public descriptions of Blondin. The stranger is now being held to await the arrival of officers from Boston.

The prisoner stoutly denies his identity, claiming that he is Fred Hamlock. He acknowledges, however, that he was born in Boston. People who have seen him declare that he has the characteristics of a French-Canadian. He seems much depressed over his arrest, and is constantly watched in the fear that he may commit suicide.

The stranger came to Grahamsville a week ago in search of work and was engaged to do hostler's work about an hotel. A comparison of the points of the prisoner with the published description shows them to be almost identical, even to the India ink mark on the arms.

FUNERAL OF JOHN W. BELL, M.P.

Conducted by the Orange Association and Attended by a Large Concourse of Citizens.

Napanee, July 8.—The funeral of the late John W. Bell, M.P., took place this morning at 10 o'clock in St. John's Church, Napanee, and was attended by about 2000 people. Over 600 Orangemen followed the remains, including Hon. N. Clarke Wallace, Sir Macdonald Bovey, Past Grand Master of Ontario; R. H. Holland, Grand Master of Ontario East, and other prominent officers of the order. The religious services were conducted by Rev. William Wehrer, assisted by Rev. W. J. Knox, Rev. J. Mackenzie Bovey and William Johnston, read the Orange Association ritual. The pall-bearers were Sir M. Bovey, Messrs. Clarke and Duff, John Johnston, Mr. Clarke and Duff, and the funeral left the house Hon. N. Clarke Wallace and Sir M. Bovey escorted to the cemetery by the great loss sustained by the community by the death of Mr. Bell.

BARBER BEGINS HIS TERM.

New York, July 8.—Thomas G. Barker, who was convicted of assault with intent to kill the Rev. John Keller at Arlington, N.J., on Feb. 3 last, was taken to the State Prison at Trenton today to begin his five-year term of imprisonment. The good conduct allowance is six days in each month, so it will be possible for him to complete his term in four years and five days. In the meantime his lawyers will try to secure a new trial on appeal to the Court of Errors and Appeals at Trenton.

POWDER WORKS EXPLOSION.

Santa Cruz, Cal., July 8.—Three explosions at the powder works today wrecked the mill and resulted in the killing of W. R. Darling and serious injury of Joseph Maynard, employees. The coming mill was completely demolished. It is not known what caused the explosion.

OLD DOMINION BADLY DAMAGED.

Greenwich, Conn., July 8.—The plates under the bow of the Joy Line steamer Old Dominion, which ran on the rocks at Rye Saturday, have been found to be pierced, and the steamer is more badly damaged than at first thought.

ANOTHER VESSEL ASHORE.

St. John's, Nfld., July 8.—The British steamer Delmar, from Dupree, is ashore at Renewa, on the east coast, and a mile from the wrecked Lusitania. She was caught on a reef. No lives were lost.

FORGONE NAME OF THE PREMIER

His Doings Here Caused Surprised Comment From Sir Oliver at Government House.

Niagara Falls, Ont., July 9.—A French-Canadian who on Sunday told several fair stories to the police and hockey players on the American side of the river of having been robbed of a large sum crossed over to the Canadian side and passed himself off as Mr. Bouchon, secretary to Sir Wilfrid Laurier. He engaged a suite of rooms at the Hotel Lafayette for Sir Wilfrid and a party of friends and exhibited various bogus telegrams on which he had forged the Premier's name. He was arrested today and confessed that he was a waiter on river boats named Landry and lived at Montreal. Papers in his possession showed that he was recently at the Queen's Hotel, Toronto.

It seems probable that he is at first in denied trying operations in Toronto, as a description informed a well known Toronto ticket agent that he had come to the city with Premier Laurier and Senator Forget last morning on the new B. & O. steamer Honor. Also that Sir Wilfrid's secretary, Mr. Boudreau, was at the Queen's Hotel and would be round to see the ticket agent at a certain hour and that Sir Wilfrid and Senator Forget were at Government House.

As the stranger disappeared inquiries were made at the Queen's, but Mr. Boudreau was not there. Sir Oliver Mowat was also contacted with, and his day appeared to the authorities to interfere, to close the bars and suppress the gambling tables.

To these demands the official appealed to remarked that nothing could be done, as permission to open the bars had been telegraphed from Ottawa.

The people of Berthier are now anxious to ascertain whether such permission was received, and, if it was, whether anyone has authority to suspend the law.

ROSEBERY SEES THE KING.

Taken in Conjunction With the Liberal Party's Excites Comment.

London, July 8.—Lord Rosebery came to London today and was received in audience by the King at Marlborough House. The public announcement of this visit to His Majesty soon after the former Premier's return from the south coast, where he had been on a tour of inspection, excites much comment in view of the political situation.

At the same time well-informed persons point out that it is extremely unlikely that the King will in any way attempt to intervene in what, after all, is wholly a family quarrel of the Liberal party.

Several circumstances, however, are pointed to in an organized effort to bring Lord Rosebery back into the political arena.

DR. LEYDS' CHALLENGED.

Deputy Milroy, a Prominent Premier, Wants to Know What Has Become of France.

Paris, July 8.—Dr. Leyds left Paris yesterday after a stay of eight days. He was here on a mission from Kruger to President Loubet, and he had two conferences with the President, Premier Waldeck-Rousseau, and Foreign Minister Delcasse.

Before leaving Dr. Leyds had a most unpleasant public encounter with Deputy Milroy, editor of Patrie and a prominent pro-Boer, who challenged the Transvaal representative to explain where the vast sums subscribed for the South African cause in France, Germany and Holland had gone, inasmuch as only a few millions were left in the hands of the supposed distributors.

PREMIER BOND MAY RESIGN.

Unable to Come to Any Agreement With Mr. Reid Concerning Railroads.

St. John's, Nfld., July 8.—Mr. Bond, Premier of the last six weeks has been negotiating with Mr. Reid, the contractor, for an adjustment of the difficulty respecting the ownership of the colonial railways, is still unable to bring the matter to a head.

One section of the cabinet wishes to proceed specifically for the colony receiving the proprietorship of the railway, while the other section is satisfied with the power of the colony to expropriate under the common law. The dissentients may resign.

ISLAND MINISTER RESIGNS.

St. John's, Nfld., July 8.—It is reported that Minister of Finance Jackson, acting on the advice of Bishop Howley of St. John's, has resigned from the Bond Ministry owing to a disagreement with his colleagues over the Reid railroad question. Mr. Jackson declines to make any statement confirming or denying the report.

MONK ON BORDEN.

Montreal, July 8.—(Special.)—F. D. Monk, M.P., arrived home today from Nova Scotia, and states that R. L. Borden stands very high with his fellow-countrymen in that province. He states that the Conservative party are organizing for the local campaign, and will give a good account of themselves when Premier Murray decides to appeal to the electorate.

Scheeper's Commando Enters Murraysburg, Cape Colony, and Wantonly Burns Public Buildings—Counter Report to Miss Hobhouse's Suppressed by Pro-Boer Committee.

BOERS ALREADY OUT OF FIGHT.
London, July 8.—The Financial Secretary of the War Office, Lord Stanley, in the House of Commons today, in answer to a question gave the total number of Boers killed, wounded or made prisoners among the active commandos recently as follows:

March..... 1,473
April..... 2,434

HARRIED MURRAYSBURG.

London, July 8.—A special despatch from Cape Town, dated today, says Scheeper's Boer commando has entered Murraysburg, Cape Colony, and burned the public buildings and residences. The town was not garrisoned.

Murraysburg is situated in about the centre of Cape Colony, not far from the railroad leading from Cape Town to Kimberley and 245 miles from Algoa Bay.

BRITAIN DECLINES TO RELEASE AMERICANS CAUGHT WITH BOERS

Lord Milner's Dictum, That a Person Who Serves as a Belligerent Loses His Nationality and Must Be Treated as an Enemy, Stands.

Washington, D.C., July 8.—Americans, Britain in the Boer army made prisoners by the British will have to endure their captivity until the close of the South African war.

Great Britain has declined to comply with the request of this government to release an American now confined in the island of Ceylon, and this declaration will probably prove a bar to further representations by the State Department in behalf of Americans captured as belligerents in South Africa.

The test case was that of a naturalized American named Morgan, who captured a British soldier in Virginia. Lord Milner, British High Commissioner in South Africa, disapproves of the release of foreigners who fought with the Boers. He has announced that a person who serves as a belligerent with the Boer forces loses his nationality and must be treated as an enemy. This view is concurred in by the legal officers of the State Department.

The department is satisfied, from investigations made by American consuls and the British authorities, that all reports that the British are ill-treating the only hardship that Americans captured in South Africa will have to undergo will be that of confinement until hostilities cease.

THANK YOU VERY KINDLY.

Leader Balfour Knows of No Better Way of Conveying Thanks Than That of a Public Acknowledgment.

London, July 8.—When asked in the House of Commons today as to what public acknowledgment was intended of the gift by Bernard Baker of Baltimore, Md., of the hospital ship Maine to the British Navy, A. J. Balfour, the government leader, said the utmost publicity of the thanks of Great Britain for this most noble and generous gift had been given by the First Lord of the Admiralty, the Earl of Selborne, in the House of Lords, and by the secretary to the Admiralty, H. O. Arnold-Forster, in the House of Commons, adding:

"I am not aware of any mode of giving publicity to our national thanks that is more effective than this."

NEW TITLE OF THE KING.

Sir David Tennant Says Addition Likely to be "Sovereign of Greater Britain."

London, July 8.—The addition to be made to the title of King Edward VII. in fulfillment of the royal titles will probably not name the colonies. It is more likely to be one generic title, covering all the colonies, such as "Sovereign of Great Britain."

Sir David Tennant, the Agent General for the Cape, said today: "I was suggested in addition to the royal titles is undoubtedly very gratifying to colonies. That which represents a marked change in the attitude of the Imperial government toward the British beyond the seas. I have good reason to believe that King Edward VII. is practically decided upon as the form the new title is to assume."

TORONTO WOMEN OFFICERS.

St. John, N.B., July 8.—Miss Anne Brown and Miss Austen, Toronto, were today elected Dominion secretary and treasurer respectively of the King's Daughters' Convention, being held here. The convention will meet in Toronto in 1904.
