STUDIOUS GIRLS, TRUSTEES HAD GOOD LUNCH

School Days are Dangerous Periods With Our Girls.

A Chicago Girl Relates Her Experience.

nto.

Judging from the letters she is receiving from so many young girls. Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered. The dawn of womanhood is always a danger period and it is made doubly so by over exertion in study or work.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

The case of Miss Anna Oeftering, whose portrait we publish herewith, is a fair example of over estimation of physical endurance. Read her experience, and how she was cured by Lydia E. Pinkham's Vegetable Compound.

MISS ANNA OEFTERING,
President of the Young Ladies Sodallty, St. Alphonse Society, of Chicago. "DEAR MRS. PINKHAM: - To be a well woman once more seems little *Dear Mrs. Pinkham:—To be a well woman once more seems little short of perfect happiness. For two years I suffered intensely with nervousness brought on by falling of the womb and general weakness of the female organs. I had leucorrhee which sapped my strength, and although the doctors said an operation would be necessary I felt too weak to think of undergoing such an ordeal. One of my classmates who had suffered afflictions and been cured through the use of Lydia E. Pinkham's Vegetable Compound, advised me to try it, and I was only too glad to do so. I thought there was little hope for me, but was happily disappointed in finding that I soon began to feel better and stronger. I used 15 bottles before I was entirely well, but it was worth one hun-I used 15 bottles before I was entirely well, but it was worth one hundred dollars a bottle to me, for it brought me new life and perfect health. Accept a grateful woman's thanks."—Anna Oeffering, 1244 Seminary

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering. her future life may be insured against sickness and suitering.

'"Dear Mrs. Pinkham:—I thought I would write and tell you what your medicines have done for me. I suffered with pains in my stomach nearly all the time for one year; had no color in my lips or face and I felt dull all the time. I tried the doctor, but he did me no good. Since taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am now well. Your medicines have done me so much good that I cannot praise them enough."—Miss Mabel Clark, Starkey, N.Y. (April 10, 1901.)

Take Lydia E. Pinkham's Vegetable Compound and be well. REWARD. — We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special per-Lydia E. University Golf Club.

The University of Toronto Golf Club are making active preparation these days for the fall season at the golf links. Accordingly, a notice has been issued to all those interested in the game to prepare for the opening of the golf contests in the near future. Since the members of the facility, as well as the undergraduates, have taken a decided interest in the welfare of the game, and placed it on a firm financial basis about a year ago, the future of the club is very rosy. The golf links are situated above Hoskin-avenue, the holes being located thru the ravinos and around the athletic field. The attention of the students is called to the improvements male on the links since last year. It is the intention of the Executive to keep the same in the very best of shape, and reposit any deficiencies.

It is possible that at least 10 holes will be provided.

THE CONTINUING OF LITIGATION

With City Provoked Lot of Talk But the Matter Was Referred Back.

At the Public School Board's meeting on Friday night a forensic battle, participated principally in by the lawyers on the board, took place over this recommendation of the Finance Committee: That the solicitor be instructed to proceed with the pending motions with authority to consent to the fixing of a reasonable sum for rent for school board offices and interest on borrowed money in place of the two items, namely, \$9453 for rent and \$4000 for interest added by the Board

of Control to the estimates of the School Board. School Board.

Those who opposed the recommendation did so on the grounds that the board had won its big suit against the city, and that these other motions were mere side issues, and should be settled without recourse to little too. mere side issues, and should be settled without recourse to litigation.
However, after a great deal of talk
the opposing elements united on an
amendment by Trustee Jones to refer
the matter back to the board's solicitor with instructions to report what
settlements of the pending motions
can be made.

In the report of the committee on annual games, an item of \$60 for a lunch was objected to, but the only satisfaction that could be obtained was that the luncheon was a good one; that none of the food was wasted, neither had it been carried home by those who partook of it. The total amount of the accounts recommended for payment by the commmittee was \$224, but as \$200 is the maximum amount that the board could legally pass the report was accordingly referred back.

The report of the night schools'

The report of the night schools' committee was adopted. Trustee Miss Martin wanted the name of Mr. Cooper substituted for that of Mr. Gillespie substituted for that of Mr. Gillespie in the Elizabeth-street School, but the board refused to make the change.

The report of the Savings Bank Committee stated that the deposits since commencing have been a little over \$9000. From Jan. 1, 1901, to Sept. 1, 1902, the total deposits were \$2529.79; withdrawals \$1363.22; interest allowed to depositors, \$72.67. The amount on deposit on Aug. 31 last was \$4223.19, and the number of accounts was 1074.
