TWENTY-THIRD ANNUAL REPORT.

YEAR ENDING 31st DECEMBER, 1885.

In submitting our report we would acknowledge God's graciousness towards us, for the health and prosperity that we have enjoyed during the past year, and for permitting so many of us to meet again.

The number of scholars on the roll is 39, with an average attendance of 20; teachers 7, with an average attendance of 5.

Our District was visited in March, April and May with measles, and we had one case of smallpox, from all of which God in his goodness saw fit to restore to health again.

In June last we had our Annual Pic-nic, and as our numbers are small we joined with the Longue Pointe School. We intended sailing down the river to "Leslie's Island," but the boat did not arrive in time, so we adjourned to Mr. Matthew Jeffrey's grove, where a very pleasant and enjoyable day was spent.

On Friday evening, 6th of November, a harvest and thanksgiving service was held. The room was appropriately decorated. The services were conducted by the Rev. A. B. Mackay, assisted by the choir of Crescent Street Church. A very liberal collection was taken up in aid of the Montreal General Hospital.
