RUSSIA, JAPAN, COREA. London, Oct. 7 .- A dispatch to the Daily News, from Vienna, says that the Russian Minister at Seoul has been instructed to inform the King of Corea that Russia has no idea of concluding a treaty with Japan for a joint protectorate of his kingdom; but that Russia considers Corea as an appendage of Siberia, and that the Corean question is closed. This information, says the Daily News' dispatch, was communicated to Lord Salisbury during the Czar's visit to England.

TURKISH WAYS. London, Oct. 7 .- A dispatch from Constantinople says that Mr. Missir. who is British vice-consul at Dedegatch, and also French postmaster there, recently successfully resisted an attempt made by the customs officers to open the mail bags consigned to his care. While resisting the attempt to seize the bags he was struck in the face by a soldier. The dispatch adds that the international ission, appointed by the Sultan to inquire into the recent massacres composed of an Austrian, German, rench and two English pashas, who are connected with the Turkish service. THE CZAR'S WELCOME TO FRANCE. Paris, Oct. 7.-The French press

re unanimous in enthusiastically weloming the Czar and Czarina to France. The Socialist papers declare that the visit of the Czar has no political significance, but the other journals dwell upon its international importance, several papers adding that the patriotic joy which French-men rightly exhibit does not make them forget the lost provinces. Le Petit Parisian publishes a special dispatch from Cherbourg which says that the Czar, in his speech at

the banquet, was somewhat carried away in his assurances of Russia's friendship for France. The official version of the speech, the dispatch says, was modified before it was handed to the press. The French press has subscribed to a gift to the Czar. It is understood that the gift will be Detalle's painting of the Rev. I. W. Challons.
