

# TIRED, WORN-OUT PEOPLE

## FIND RENEWED STRENGTH BY USING

# DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

### ANAEMIA OR BLOODLESSNESS

Its Victims Are Pale in Color, Subject to Dizziness, Palpitation of the Heart and Other Distressing Symptoms

[From the Echo, Plattsville, Ont.]

Anaemia, which literally means bloodlessness, is prevalent to an alarming extent among young girls and young women of the present day, and is a fruitful source of "decline" and consumption. The symptoms of this trouble are many, but among the most noticeable are pallor of the face, lips and gums, shortness of breath on least exertion, dizziness, severe headaches, weakness of the vital organs, palpitation of the heart, and dropsical swelling of the limbs. The more of these symptoms shown, the greater the necessity for prompt treatment. Among those who have suffered from anaemia and found a cure is Miss Emily Webb, a young lady residing near Wolverton, Ont. Miss Webb says: "My illness first came on when I was about 16 years of age. My complexion was a pale, waxy color; I was troubled with general weakness, dizziness and palpitation of the heart. I was placed under medical treatment, but the medicine prescribed by the doctor did not appear to do me the slightest good. As time went by I was slowly but surely growing worse. I was unable to do any work about the house, and my limbs would tremble to such an extent at the slightest exertion that I could scarcely stand upon my feet. Then my stomach became so weak that I vomited almost everything I ate; grew despondent, and feared I would not recover. While in this condition a friend urged me to try Dr. Williams' Pink Pills, and I followed the advice. After I had used two boxes I noticed an improvement in my cheeks, and brightness to my eyes. I still continued taking Dr. Williams' Pink Pills until I had taken in all twelve boxes, and I can truthfully assert that I am healthier and stronger than I ever was before. I owe this to Dr. Williams' Pink Pills, and I would urge all girls who suffer as I did to give them a fair trial."

### NERVOUS PROSTRATION.

The Hartland, N. B., Advertiser says: "Right in our own village is reported another of the remarkable cures that made Dr. Williams' Pink Pills so popular throughout the land. The case is that of Mrs. E. W. Miller. The Advertiser interviewed her husband, who was glad to relate the circumstances for publication, that others might read and have a remedy put into their hands, as he were. 'For five years,' said Mr. Miller, 'my wife was unable to walk without aid. One physician diagnosed her case as coming from a spinal affection. Other doctors called the malady nervous prostration. Whatever the trouble was she was weak and nervous, her limbs had no strength, and could not support her body. There also was a terrible weakness in her back. Three months ago she could not walk, but as a last resort, after trying many medicines, she began to use Dr. Williams' Pink Pills. Improvement was noted in a few days, and a few weeks have done wonders in restoring her health. Today she can walk without assistance. You can imagine her delight as well as my own. We owe her recovery to Dr. Williams' Pink Pills, and I recommend them for any case of nervous weakness or general debility.' Mr. Miller is part owner and manager of one of our lumber mills, and is well known throughout the country."

### A PERMANENT CURE.

Mr. M. Carroll, of Roland, Man., writes: "While living at Sydney, Man., I wrote you informing you that your Dr. Williams' Pink Pills had cured me of rheumatism of 25 years' standing, after many other medicines had failed. I am pleased to again write you and say that the cure has

### GENERAL WEAKNESS CURED.

Mr. James Canavan, a well known resident of Maxville, Ont., says:

"After having used your Pink Pills I am glad to recommend them to the world as a cure for extreme weakness and debility, and I am sure that if those who feel the first approach of such trouble will only take a box or two, much misery can be averted."

### DYSPEPSIA CURED.

Mr. Fred A. Henry, St. Catharines, Ont., writes: "I have suffered for years with dyspepsia, and although I am sure I tried a dozen remedies, I

found no relief until I began the use of Dr. Williams' Pink Pills. After eating I would be terribly distressed with pains in the stomach, and frequently only found relief by ejecting the food. This continued until my life was fairly miserable, but now, thanks to Dr. Williams' Pink Pills, I am fully restored."

### CURED OF SCIATICA.

Mr. C. Thornton, Bluevale, Ont., says: "About seven years ago I rented my farm, and moved into this village, where I have since carried on business as a pumpmaker. In the fall of 1895 I was attacked with sciatica, and suffered intensely. I took medical treatment but it did not help me. Then a druggist advised me to try Dr. Williams' Pink Pills; under this treatment the sciatica was banished, and I have not since felt any return of it."

### A BLACKSMITH'S TRIALS.

He Became So Run Down That Work Was Almost Impossible—His Whole Body Wracked With Pain.

[From the Bridgewater Enterprise.]

Mr. Austin Fancy is a well-known blacksmith living at Baker Settlement, a hamlet about ten miles from Bridgewater, N. S. Mr. Fancy is well known in the locality in which he lives. He is another of the legion whose restoration to health adds to the popularity of Dr. Williams' Pink Pills. Mr. Fancy related his story of illness and renewed health to a reporter of the Enterprise as follows: "During the last winter, owing, I suppose, to overwork and impure blood, I became very much reduced in flesh, and I had severe pains in the muscles all over my body. I felt tired all the time,

had no appetite, and often felt so low-spirited that I wished myself in another world. Some of the time necessity compelled me to undertake a but I was not fit for it, and after doing the job, would have to lie down; indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes I felt a decided relief. The pains began to abate, and I felt again as though life was not all dreariness. By the time I had used six boxes I was as well as ever, and able to do a hard day's work at the forge without fatigue, and those who know anything about a blacksmith's work, will know what this means. Those who are not well will make no mistake, in looking for health through the medium of Dr. Williams' Pink Pills."

### COULD NOT DRESS ALONE.

A Nova Scotian Farmer Tells of His Intense Suffering From Rheumatism and How He Found Relief.

[From the Bridgewater, N. S., Enterprise.]

Such sufferings as rheumatism causes the victim upon whom it fastens itself is almost unbearable. Only those who write under its pangs can imagine the joy of one who has been freed from its terrors. Mr. J. W. Folkenham, of New Elm, N. S., is one of those who have been released from pain, and who believes it his duty to let others know how a cure can be found. Mr. Folkenham is a farmer, and like all who follow his arduous but honorable calling, is subject to much exposure. It was this exposure that brought on his trouble and caused him so much suffering before he was rid of it. He says: "In the spring of 1897 I contracted rheumatism. Throughout the whole summer I suffered from it, and about the 1st of October it became so bad that I could not get out of the house. The pains were located in my hip and back, and what I suffered can hardly be expressed. I became so helpless I could not dress myself without aid. Eventually the trouble spread to my hands and arms, and at times these would lose all freedom and become useless. In November I began using Dr. Williams' Pink Pills, and after taking four boxes began to improve. After using six boxes the pains and weakness had all gone, and I was able to do a hard day's work. I intend using a few boxes more as a precautionary measure, and I would earnestly advise those suffering from this painful trouble to give Dr. Williams' Pink Pills a fair trial and be made well."

### GAINED TWENTY-THREE POUNDS.

Mr. Arthur Piper, Dixville, Que., says: "Last autumn I became very weak, my constitution seemed to be undermined, and I lost flesh rapidly. I had no appetite. The least exertion tired me, and the words 'felt miserable' will best describe my feelings. Having read so much concerning Dr. Williams' Pink Pills I determined to try them, and the results were most beneficial. Astonishing as it may seem, I gained 23 pounds in three weeks, and I am now feeling as well as ever I did in my life. To those who feel as I did, I would say that Dr. Williams' Pink Pills will speedily cure them."

### Dr. Williams' Pink Pills CURE

Rheumatism, Sciatica, Locomotor Ataxia, Anaemia, Heart Troubles, Indigestion and Dyspepsia, St. Vitus' Dance, Paralysis, Incipient Consumption, All Female Weakness, Dizziness and Headache, and all Troubles arising from Poor and Watery Blood.

consequent on the voiding of an election by the courts can be issued during the time intervening between the adjournment of the house for a long period and its adjourned meeting.

### LITTLE TO SAY

Interview With Joseph Chamberlain Before Starting for England.

New York, Oct. 12.—Right Hon. Jos. Chamberlain, British secretary of state for the colonies, who, with his party, sailed for England yesterday on the White Star steamer Majestic, said that, until he had conferred with the governor of Jamaica, he could not discuss the troubles existing in the West Indies. He said that his vacation had been a very pleasant one, and that he was sorry that he had been unable to make a tour of the west. He had intended to do so, but he had thought Marchand to be simply an irresponsible French adventurer, of the same type as Jamieson, Mr. Chamberlain said that he had read in the newspapers that he did not think so, because, according to those dispatches, the French Government seems to have acknowledged him. "If the cablegrams are correct," he added, "then Marchand is a French agent. I will find that out definitely when I get back to England."

Mr. Chamberlain was inclined to doubt the news that Great Britain intended radical changes in its foreign policy.

The little town of Esquimaux, B. C., has been taxed to make room for fortifications. It had about 1,500 residents. The Esquimaux of the future has already been named in engineering circles. "The New Gibraltar of the Pacific."

## HOW TO GET STRONG.

The greatest medicine in the world for building up and strengthening an enervated system is Dr. Williams' Pink Pills for Pale People.

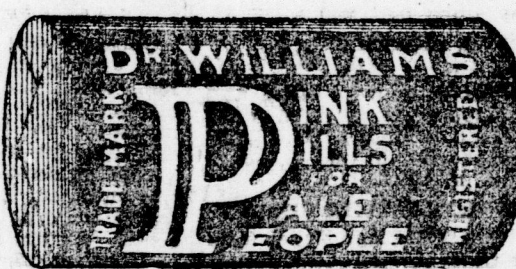

When the summer is over thousands feel worn out, easily tired, and, to use a common expression, "miserable generally." The almost torrid heat of our Canadian summers is responsible for this. Those who are in this condition are unfitted to meet the sudden changes of autumn, and easily fall a prey to disease. In this condition Dr. Williams' Pink Pills prove a blessing to humanity.

The pills have no purgative action, and so do not further weaken the body. They build up the blood by supplying the elements which enrich it, and strengthen the nerves. But you must get the genuine

## Dr. Williams' Pink Pills.

The "just the same" and "just as good" substitutes offered by some dealers never cured anyone — Dr. Williams' Pink Pills for Pale People have cured thousands, some of them your neighbors.

The genuine boxes look just like this except that the wrapper is printed in red ink. Take nothing else.

## FALL FAIR AT THORNDALE

Bad Weather Fails to Spoil This Exhibition.

Entries Numerous and the Attendance Large—Exhibits Good—The Sports.

A big crowd turned out yesterday to attend the fall show of the West Nisour Agricultural Society in Thorndale, and though the raw wind caused many tender frames to shiver, the sturdy yeomen didn't seem to mind it a bit, but went right on enjoying themselves.

It is unfortunate the day was so miserably cold and threatening, because the exhibit was in every way worthy a thorough inspection, which, under the circumstances, was an impossible task for the average mortal. While the number of exhibitors was not up to previous years, those who did show entered more freely, filling all classes brimful.

Alfred Bailey made his bow for the first time as secretary, and the people who elected him have nothing to regret, for the duties of his office were performed admirably. John Taylor, president, and James Harding, vice-president, ably assisting him.

bright bay, 5 years old, which made many a visitor envious. It carried off highest honors. Cattle were up to the average and made a good show, considering the state of the roads, but the exhibit of sheep and hogs was lighter than usual. The exhibit of poultry was rather small, and the specimens mostly stale on one leg, but a vain effort to keep warm. They didn't seem to enjoy themselves a bit. The small building used as a palace was crowded in every corner.

Among those who sent along their entries and contributed to the success of the show were: A. Young, M. Brethour, J. McMartin, M. J. McKenzie, D. McMillan, L. Nimock, J. Henderson, John Vining, R. Henderson, Asa Downham, H. Golding, A. McMartin, G. Mills, James Baskerville, A. E. Talbot, W. B. McFarlane, R. Higgins, Ella Dewar, James Fox, J. C. Henderson, J. Henderson & Son, Mrs. K. McLeod, D. Palmer & Son, D. Urquhart, Jas. D. Henderson, W. J. Kennedy, R. P. Logan, Mrs. E. Booth, O. S. Corneil, Mrs. R. Sutherland, Bailey Bros., Jas. Dawson, W. H. Salmon, Dr. R. E. Ardell, Henry Harding, John Orr, F. Gibson, James Harding, Maggie Creighton, R. H. Smith, James Fox, J. C. Henderson, J. Henderson & Son, W. H. Shoebottom, W. B. Freck, James Woods, Knox Bros., Ed. Dunn, W. Hogg & Son, W. Henderson, M. Skilling, James Hinshaw, John Walker, Robt. Geary, J. Freck, A. J. Montague, R. McConkey and D. Girvin.

The judges were: Domestic manufactures—Miss K. Powell, Route and fruit—Hope Webster, Cattle—John Stone-man, Wm. Whetstone, Dairy produce—R. Tremblay, Sheep—Robert Geary, Grain—Hope Webster, Horses—Light, W. H. Graham, heavy, Levi Lewis, Hogs—Ed. Kendrick, Poultry—James Kennedy and Thomas Farley.

two events were run off, as follows:

Trot or pace, free for all:  
Prince Mike, Dr. Shain ..... 1 1  
Jennie Hooker, John Brooks ..... 3 2  
Jennie Maok, W. McLurg ..... 4 3  
W. J. Vanderburg ..... 2 3 4  
Farmers' trot:  
Lady Wasp, J. Brown ..... 2 1 1  
V. V. V. ..... 2 2  
Minnie Gray, John Mohr ..... 3 3 3  
Nicholson, J. Small ..... 4 dis  
The starters and judges were Capt. Drenney, Ed. Barrall and Inspector Durand.

In the evening a double attraction was furnished by two concert companies who did a good business. A number from London attended.

Directors—R. E. Ardell, V.S., John McFarlane, Alex. McMartin, Wm. McVey, A. E. Brown, John Hobbs, D. Aiken, Francis Lince, F. Bailey. Managing Committee—Heavy horses, J. McFarlane; light horses, R. E. Ardell; hogs and sheep, A. McMartin; poultry and hogs, John Hobbs and Frank Lince; gates, J. Harding; tickets, F. Bailey and Wm. McVey; general superintendent, John Taylor, president.

### RODNEY FAIR

Bad Weather Spoils the Aldboro Agricultural Exhibit.

Beautiful autumn weather favored the first day of the Rodney show. The agricultural hall was crowded with products of the field, garden, orchard, dairy, etc., from the big pumpkin and mangel-wurzel down to the most luscious fruit of the vine or handwork of the skilled artist. In grain, fruit, vegetables, roots, flowers and other exhibits the display was excellent. In

fine arts and miscellaneous departments there was also a good showing, and in many instances the judges were in a quandary as to where the tickets should go. On the whole the interior department was a deeply interesting section of the show.

But the rain, which commenced falling at 1 o'clock in the morning, and continued to pour at intervals until three in the afternoon, almost completely spoiled the second day of the fair. In the stock there was a fair showing of hogs, sheep and cattle, considering the weather, and the various classes were contested for by prominent breeders. Horses, which on other occasions of this nature were the center of attraction, were sparsely represented. In the poultry department there was a meager show.

The society were unfortunate in having struck such inclement weather, and the receipts will fall short of the expenditures. The fair wound up with a concert in the town hall, given by Quinte P. Clasper, of Toronto, who entertained a fair-sized audience for two hours.

### AT AN END

The Ontario Parliament Prorogued—To Obviate a Technicality.

Toronto, Oct. 12.—His honor the lieutenant-governor, has, on the advice of his ministers, issued a proclamation proroguing the Ontario Parliament.

The effect of the prorogation is, of course, to put an end to the session which commenced on August 3, and which on Aug. 24 was adjourned to meet when called by proclamation.

This action has been rendered advisable in consequence of a doubt as to whether a writ for a new election

## THE Y. P. S. C. E. GATHERING

Second Day of the Annual Convention.

Statistics of Societies and Membership—Addresses and Essays.

Hamilton, Oct. 12.—Yesterday, the second day of the Y. P. S. C. E. convention, opened under more favorable circumstances than the first. The sunrise prayer meetings were well attended. The convention resumed its meetings in the drill hall with a large attendance. Rev. Wm. Johnson in the chair. The meeting opened with an address on Bible study, entitled "The Fulfillment of Blessing," by Rev. Elmer Harris, B. A., of Toronto. The secretary, Thomas Morris, jun., of Hamilton, read his report. He showed the increase during the past year to have been 42, making 2,192 societies now in Canada.

The number of societies in unorganized counties is as follows: Algoma, 37; Muskoka, 19; Nipissing, 5; North Bay, 3; Peel, 30; Prescott, 12; Parry Sound, 5; and Stormont, 8.

The executive estimate of membership, by denominations, is as follows: Methodist, 42,600; Presbyterian, 30,400; United Brethren, 1,400; Congregational, 2,222; Baptist, 1,462; Disciple, 82; Ontario Christian Church, 522; United Brethren, 234; Friends, 279; Evangelical Association, 330; Evangelical Lutheran, 123.

A motion to amend clause 4 of the constitution was laid over for a year.

In the absence of W. J. Dougherty, of London, Mr. A. T. Cooper, of Clinton, read the report of the treasurer, which showed the finances of the union to be in good shape.

The press editor, Rev. Dr. Dickson, read his annual report, and Miss Lettie E. Wiggins, of Toronto, the junior superintendent, gave a very enthusiastic report for the year.

The president, Rev. Wm. Johnson, then delivered his annual address, and was listened to with great interest. He reviewed the work of the past year and urged upon all Endeavorers the necessity for personal fellowship with Christ; for Bible study; for working hard in the Sunday school; for trying to secure Christian legislation in the municipalities, as well as in the country at large. He deplored the indifference of the electorate towards Christian legislation, and pressed upon his hearers the need for men to become Christian citizens in every sense of the term. The Christian Endeavor movement the world over had behind it a total of 54,000 societies and 3,250,000 members. It was a grand army to be marching with, and its objects, whether "Christ Enthroned," "Clues Emancipated," or "Christianity Emphasized," or "Country Evangelized," was making a grand record in the world's history of this latter part of the nineteenth century.

Mr. G. Tower Ferguson, of Toronto, delivered an excellent address on the Canadian council.

The reports of the local, township, county and district unions were then given by the representatives.

There was an evangelistic service held in the Sawyer-Massey shops at noon, and some of the best speakers took part.

IN THE AFTERNOON.

Rev. J. S. Conning addressed the meeting on "A Model Christian Endeavor Society and Its Work." The father of Endeavor (Rev. F. E. Clarke) was welcomed to the platform by the Chautauqua salute. He is loved the world over. He asked the convention to adopt him as a native of Ontario during the week of the meeting. This was received with loud applause. His address throughout was of an inspiring nature.

The round table conferences that followed were very instructive and beneficial.

The meeting in Knox Church at the close of this meeting took the form of a junior school of methods. It was in charge of Miss Lettie Wiggins, junior superintendent for Ontario. Such topics as "The Junior Meeting," "How Do You Conduct Yours?" "The Superintendent, Her Duties and Qualities," "The Missionary Problem and Helpful Junior Literature," handled by the prominent junior workers, made a very words for the Endeavor Herald, of Toronto, and M. A. Allen for the Banner, of Montreal, during the session.

Banners and flags around the hall showed the zeal of the Endeavorers in Montreal in preparing for the convention to be held there next year.

Denominational rallies were held in the Presbyterian, Methodist, Congregational, Baptist, Church of England and Disciples of Christ churches. The largest meetings were in the Congregational and Presbyterian, owing to the presence of Rev. Francis E. Clarke at these meetings. Tea was served at the Congregational Church, and a very pleasant evening spent at each of the services.

Fully 3,000 people attended the first evening session of the convention. The hall was brilliantly illuminated, and the large audience evinced a keen interest in every item on the programme except the congregational singing. The singing of the choir was so much appreciated that the audience were satisfied to let them do it all.

"INWARD TROUBLE"

A Guelph Man Has Been Boasting Two Lizards In His Stomach.

Guelph, Oct. 12.—"Jack" Gibbs, the well-known dog fancier, of Guelph, has been suffering from an inward trouble for two years, and the doctors were puzzled, until yesterday, when he vomited two lizards three inches long. It is supposed that he swallowed them while drinking out of some pool.

Recently seventeen electors were disqualified in South Ontario for corrupt practices. In the list of names was that of W. J. Luke, a respectable merchant in Oshawa. His name was given in mistake for that of Lewis Luke.
