July 27, 8.15 p.m.-The following official statement on the pro-gress of the British campaign in Ger-man East Africa, was given out to-"This defeat of the best, troops of the Ottoman Empire has quite broken the Turkish defense. No further serious offensive can be expected, since only parts of divisions from the Con-

"This explains the recent orders calling men ordinarily exempt to the colors. Russia already has a large re-serve, but it is our intention that this reserve shall not diminish. "This morning, after an intense en-filade artillery fire, the enemy suc-ceeded in regaining possession of the whole trench, but our troops immedi-ately re-attacked and have regained a footing in the southern end." "On our right flank, after hard fighting, we have driven the enemy from the east and northeast of Dei-ville Wood. Heavy fighting still con-tinues in this vicinity, including Longueval, where we regained a por-tion of the morthern part of the vil-lage. "Yesterday on several sections of the front the enemy's artillery was particularly active against towns and vil-

bombarded. The damage was slight and only a few victims are reported. In the Val Arsa and at the head of the Posina valley, on the night of the 25th, the enemy attempted an attack on our positions on the right bank of it the Leno torrent and on the slopes of Corno del Coston. On the Tonezza plateau the enemy is stubbornly resist-ing our advance in strongly entrenched positions in the woods north of Monte Cimone. Yesterday, however, we suc-ceeded in making some progress. In the Trivignolo valley enemy artillery is active against our new positions. "The remainder of the front is un-changed."
