Summer Millinery Opening Today

Today you will be introduced to all that is latest and most up-to-date in Summer Millinery. Every hat is a picture—one of the most notable features is the softness and pliability of the straw used. Even this season's severest sailor hat lacks the uncompromising stiffness of former years, while the exquisitely fine straws are woven into garden and sports hats that frame in lines of grace the face beneath.

Light in color and light in weight! White, pink and rose, blue, gold—these and many other colors appear in hats of leghorn, of real hair, of the finest milan, while the Oriental Straws, Bangkoks and Wenchaus vie with the Panamas in popularity.

Fur felts, striped hemp, striped linen and other fabrics fashion sports hats of charm and individuality.

New York and Paris, as well as our own work-rooms, are represented by most artistic hats for special occasions.

You will enjoy seeing all these creations, and will be glad of the extensive choice that awaits you here.
