

AWAITING MESSAGE BY THE PRESIDENT

U. S. Senators Marking Time Before Taking Further Action on Treaty.

PROPOSED MODIFICATIONS

Washington, Jan. 6.—Disposition was evidenced by leaders of all senate groups today to await President Wilson's message to the Jackson Day dinner of Democratic leaders Thursday, before taking any further action in the German peace treaty situation.

While numerous individuals and informal conferences continued today between senators, spokesmen of the various groups said they did not expect any more in the senate until after President Wilson's letter is made public.

The only new development today in the treaty controversy was the insinuation of discussion between a few Democrats and "mild reservation" Republicans of modified reservations said to have been prepared by Senator Kendrick, Democrat, Wyoming.

The "draft" of these reservations was said to have been presented to Senator McNary, Republican, Oregon, and others of the mild reservation Republican group. The proposed modifications, it was said, had not been submitted to Senator Hitchcock, of Nebraska, acting Democratic leader.

The mild reservation leaders it is said, were told that the Kendrick suggestions might, with modifications, form the basis of very solid Democratic support. The Kendrick reservations were reported to involve verbal changes and elimination of the preamble of the Lodge reservations and considerable changes in the Lodge reservations affecting Article X, and the voting power of the league of nations.

Democratic leaders said they were not informed of Mr. Kendrick's reported suggestions and Republican leaders said they believed the Kendrick suggestions offered no more tangible proposals for a compromise than the many suggestions which have been recently tossed back and forth in private discussions.

DRURY DISLIKES SAW-OFF SCHEME

South Norfolk is Seat Now in View for Ontario Premier.

It is stated that Premier Drury is opposed to the political game of saw-off one reason being that it savors too much of the party tactics of the other that it is not morally sound. He is, therefore, reluctantly compelled to abandon all hope for the present at any rate of representing Centre Simcoe at an arranged prior to an election petition being filed by the Conservatives against the return of J. Murdoch.

The U.R.O. ledged against protesting the seat of Hon. G. Howard Ferguson in Grenville, and at one time it was expected there would be a saw-off with Centre Simcoe. It is now understood, however, that the two cases will come before the courts in due course.

It was stated in good authority at parliament buildings yesterday that Premier Drury will find a seat in Norfolk South, this having been offered to him at the time the obstacle was placed in his way of seeking election for Centre Simcoe. Norfolk South is acceptable to the premier, and as the member-elect and the local organization are at once coupled with the fact that no opposition will be forthcoming, the way seems perfectly clear.

The offer of J. E. Clark, member-elect for East Kent, to resign in favor of Hon. Manning Doherty, minister of agriculture, still holds good, but as in the case of seats for the premier and Hon. W. E. Roney, attorney-general, nothing definite will be arranged until the return of J. J. Morrison, secretary of the U.F.O., from Winnipeg towards the end of this week.

PROMINENT MILITARIAN SHOT BY BURGLARS AT BEACH HOME

Otto W. Cooke Sustains Nasty Gash in Side—Altho Wounded He Pluckily Notifies Police, and Both Desperadoes Are Captured.

Hamilton, Jan. 6.—Otto W. Cooke, formerly manager of the Canadian Cartridge Company, now connected with the Canadian Firearm Company, is at his home, Pasadena Apartments, Bold street, suffering from a bullet wound in his side, while Alfred Tennyard and Alfred Angus, both of Sault Ste Marie, are locked up charged with shooting and wounding and with housebreaking respectively. The trouble of which this was the culmination occurred at three o'clock this afternoon at Hamilton beach, when Mr. Cooke paid one of his regular visits of inspection to his summer home at No. 14. As he entered the house, he was met by the two men referred to, they having forced their way in from the back door. Mr. Cooke, who was armed with a revolver, shot at Mr. Cooke, the bullet cutting a nasty gash in his side, as it glanced off one of his ribs.

Gas Police The Wounded The men beat a retreat thru a rear window. The wounded man succeeded in getting to his feet, and in reaching the residence of Chief Taplin, who with his son, accompanied him to the scene. Before they arrived there, however, Mr. Cooke collapsed. He was brought to St. Joseph's hospital by a man who was passing in a motor car, where it was found that he had been wounded in the left side, but not seriously. His wound was dressed and he was able to proceed to his home.

Chief Taplin, noticing the man running along the lake shore, set out in pursuit, while his son, in an automobile, attempted to head them off. The fugitives finally were located by their footprints in the sand near the beach, at station 12. They surrendered and said that they threw the revolver they used into the lake. By breaking thru a window they forced an entrance into Mr. Cooke's house, but they succeeded in getting nothing therefrom.

FURTHER RETURNS ON CIVIC CONTESTS

Results of Municipal Elections in From More Ontario Towns.

Vote on the Hydro Radial Line Bylaw Passes in North Dumfries—Close in Ancaster.

Another string of election returns showing the results of the municipal contests in more Ontario cities and towns have been received. No acclamations were reported in the return of the second day's voting.

The Hydro radial returns for Ancaster will not be counted until tomorrow. It is known that five out of the nine divisions gave majorities for the bylaw, Ancaster village and West Hamilton returning large majorities. However, it will be a very close vote.

Returns of voting on the Hydro radial bylaw in North Dumfries and township, complete this morning give a majority of 15-30 for, 65 against. The small majority is accounted for by the opposition in the district in the vicinity of Ayr, where the vote was 5 to 26 against the bylaw, all other polls giving a majority. The opposition in the vicinity of Ayr, it is learned, was due to the fact that the electors believed the sum stipulated in the bylaw would have to be turned over in cash instead of being guaranteed.

The plebiscite on union of the two cities was carried in Port Arthur by 1184 to 410, altho beaten in Port William.

Of the two women candidates for the board of education, Miss Eva McCully was elected, she being the first woman elected to a municipal office in this city. In a three-cornered fight for the mayoralty, Al. Frank Brinkman, Peter Marguetto and J. H. Sanders, were elected by 61 votes over Edgar E. Sanders, barrister, and 317 votes over Aid. John Handford, the candidate endorsed by labor. The aldermen elected were: Dr. Jas. D. Charles, Craigen, Frank A. Lemon, W. A. McIntyre, Mathew H. Penhale, Geo. E. Hill, Angus Taylor, Colin A. Walker, Chas. S. Butler, Patrick Meahan and John Lake.

Ottawa.—The property owners of Ottawa decided yesterday not to inaugurate tax reform in Ottawa. By a vote of 4757 to 1597, those entitled to vote on this question defeated the proposal to exempt buildings, improvements, business assessments and incomes from taxes, and with the exception of water and school taxes, to gradually transfer the burden of taxation to land values. In every ward there were majorities against the bylaw. Majorities of two to one or more were recorded in almost every ward, in some the majority against being almost five to one. Only property owners were entitled to vote on this question.

MURDER WARRANT IN MICHIGAN CASE

Cousin of Victim's Wife is Accused of Shooting Stanley Brown.

Mt. Clemens, Mich., Jan. 6.—At the request of Attorney-General Alex. J. Groesbeck, who headed the special grand jury investigation into the slaying two weeks ago of Stanley Brown, a warrant was issued today for Lloyd Prevost, cousin of Brown's widow, charging first degree murder. Prevost has been in custody without a warrant since last week.

According to the authorities, their investigation has uncovered circumstantial evidence which completely overthrows Prevost's alibi. The evidence also promises, the officers stated, to involve a second man later.

Details of testimony taken at the secret inquiry made public today, relate to the pistol with which the officers declare they believe Brown was shot while in his automobile several miles from here. This testimony, it was said, was given by a woman who had overheard a conversation between Stanley Prevost, a nephew of the accused man, and two companions, and was to the effect, the officers stated, that young Prevost had returned a borrowed weapon to Lloyd Prevost, at the latter's request, on the night Brown was killed. This pistol, it was said, is now in the hands of the officers.

HYDRO Power Shortage

The capacity of the generating plants at Niagara Falls, available to the Commission for supplying the power and lighting demands in the Niagara district, has reached its limit, which has necessitated the Commission limiting the amounts of power that can be supplied to the Municipalities in the Niagara district.

The power shortage during the winter months is greatly increased by the overlapping of lighting and power loads, by the extensive use of electric heaters, and also at times on account of the blocking by ice of the water supply to the generating plants.

The Commission are asking the co-operation of every Hydro user, whether domestic or industrial, to assist them in conserving power and light in every possible way in order that an uninterrupted service may be maintained, until a further supply of power is obtained for this system.
