An interesting visitor to the Times office this morning was J. E. Russell, of Spirit Lake, Iowa, who is at present in the city visiting his brother, A. J. Russell. Mr. Russell removed from St. John to the west many years ago, and for a long time has been engaged with the Spirit Lake Milling Co. He is very much in love with the west, and speaks enthusiastically of it as the land of the larger chance, but he is also glad to get back, even for a brief space, to his old home.

West End Man Beaten. Bleeding and badly used up, as the result of a brutal assault, a man by the name of Baxter was assisted to his feet in Market square, west side, sometime after noon today by a number of people attracted to the scene by the actions of Edwin Thomas, who is well known in police circles. The affair occurred shortly before one o'clock, and when assistance arrived Thomas was sitting on Baxter and thumping him about the head. It seems that Baxter called upon Thomas at the latter's house in Market square, and the former tells that, without a word of warning, he was struck a stinging blow on the jaw and sent into the gutter, Thomas then jumping on him, striking him about the head. It was just at this stage that the crowd arrived, and it was with great difficulty that Thomas was dragged off his helpless victim. The affair caused a lot of excitement. Baxter was badly cut up. He will lay a complaint against Thomas.

A Non Suit for a Suit. The case of H. D. Brown, tailor, vs. Douglas Smith was heard on review from the city court this morning before Judge Forbes in county court chambers, and a nonsuit ordered.

The defendant ordered a suit of clothes from the plaintiff. The clothes were made, Mr. Smith stated, but were not delivered to him. He did not get them, and left the city one year ago and was not sued for the clothes until he returned. Mr. Brown said he thought Mr. Smith was to call for the clothes, Judge Ritchie decided in the plaintiff's favour, and this morning Judge Forbes reversed the decision, ordering a nonsuit.

H. S. Keith for the plaintiff, and A. A. Watson for the defendant.

SAILS AFTER A SALVAGE PRIZE

Steamer Cacouna Leaves Port Hurdly to Search for Disabled French Craft. The coal steamship Cacouna, Captain Holmes, arrived in port last evening about 7 o'clock, and went to the coal pocket to discharge the 172 tons of coal from Louisiana, N. S. The Cacouna had not been moored long when the captain received a despatch from his owners to proceed at once in search of the disabled steamship Breithuel with her rudder broken 240 miles southeast of Halifax yesterday.

The steamer left port at 9 o'clock without discharging any of her cargo. The captain of the Cacouna will make a thorough search for the disabled steamer, and if he discovers her will secure a valuable prize. The Frenchman is commanded by Captain Etard, and is bound from Dunkirk, March 15, via Fayal March 24, for New York.

At five o'clock yesterday afternoon the German steamer Statendam sighted the disabled Frenchman, and bore down on her. She was then in lat. 41 N., long. 61, and signalled that her rudder was broken and asked the Statendam to summon assistance by wireless.

The German steamer picked up the Marconi wireless station at Sable Island, and word was sent to the main land. The Breithuel reported having encountered terrific weather, particularly crossing the banks.

At five o'clock the position of the disabled steamer was lat. 41 40 N., long. 61 08, about 240 miles southeast of Halifax.

SMALL FIRE IN WEST END

Pot of Tar Boiled Over in Capt. Walsh's Office and Caused a Blaze. An alarm from box 117 about 9 o'clock this morning brought the Carleton firemen to Union street to extinguish a blaze in Captain Walsh's office. Little damage was done. Some men who were working around the office had a pot of tar on a C.P.R. engine on the main line and the blaze was soon extinguished. The firemen repented promptly, but on arriving were told not to turn on the water for the fire was out.

TAKE DOWN THE SCREENS

Editor Times. Sir—I wish to say a few words regarding the sale of liquor in St. John. The authorities should not permit liquor dealers to sell to an intoxicated man although he may be sober daily and in saloons not far from the North End police station. A man should be prevented from standing in a saloon drinking glass after glass of liquor until he becomes intoxicated. This, however, is also a daily occurrence. I would suggest that the liquor license act be amended to provide that the screens and shutters should be removed from the front of the saloons so that the whole C.P.R. engine on the main line and the blaze was soon extinguished. The firemen repented promptly, but on arriving were told not to turn on the water for the fire was out.

GOING BACK TO HALIFAX

A party of eighteen non-commissioned officers and men of the Royal Canadian Regiment Halifax, in charge of Quarter-master-Sergeant L. E. Lewis, passed through the city at noon today from Fredericton on their return to the sister city. They have been taking a three months course to qualify for instructors for the various provincial schools. The men were principally French Canadian and will be used largely for instructing the French Canadian branch of the Canadian service in Quebec.
