

BOND ISSUE FOR WATER WORKS IN CITY ASKED FOR

Commissioner Bullock Objects to Anything in Excess of \$25,000

RECOMMENDATION IS ADOPTED 3 TO 2

Amendments to Electoral Law At City Hall Meeting

At a committee meeting of the Council this morning water extension was again under discussion, and Commissioner Bullock expressed his intention of opposing any bond issue in excess of \$25,000 for water main renewals in the city limits, but said he would support any extension of the city limits.

WATER MAIN RENEWALS Commissioner Wigmore brought up the matter of water main renewals and said he had decided to cut out of the programme for this year the work in Broadview Avenue, King street east and Sydney street, and this brought the cost of the work planned down to \$42,000. He moved that the work be undertaken and paid for by bond issue.

Commissioner Frink suggested that there be added a provision that the restoration of the cuts in the streets be paid for by the water department. This was agreed to by Commissioner Wigmore, who remarked that his department always paid for the restoration anyway.

Commissioner Bullock said he would have to oppose a bond issue for \$42,000 as he felt the work was not immediately pressing. He felt that these renewals should have been before the council when the estimates were under discussion. His own department estimates its expenditure this year at \$72,000 and then had a further cut of \$10,000 made by the council, and he had not asked for a single dollar more. He would support a bond issue up to \$25,000 for the more necessary works, but that was as far as he could go.

NOTION IS PASSED. Commissioner Wigmore laid the work was necessary and he did not see how the programme could be cut any further. He was just as anxious as anybody to keep down the bond issues, but necessary work must be done. The renewals outlined were necessary for effective fire protection in the south end of the city, and he would not take the responsibility of what might happen if they were not made. The motion to recommend to council passed with Commissioners Bullock and Harding voting nays.

Commissioner Frink reported that he had received a letter from the City of St. John, N. B., in which it was proposed to erect on the roof of the building occupied by Louis Greene was a painted steel sign and not a paper poster sign, as at first proposed. Mayor Potts said the council would meet on Thursday morning at 11:30 instead of tomorrow afternoon.

Commissioner Frink moved that the city purchase from the estate of Hon. William Fugley one air compressor and jackhammer with two motors at a cost of \$82.57, the price of the equipment from any money owing to the city by the estate, and recouped to the chamberlain from the public works department account. He said this equipment had been used in rock crushing at Glen Falls and the purchase was recommended by the road engineer, Carried.

Commissioner Wigmore moved that the water main be extended to Havlock street, West Saint John, at an estimated cost of \$83,000, payable by bond issue. Carried. On motion of Commissioner Bullock two lots in Prospect street, Fairville, were sold to Sarah Jane Stevens for \$400.

On motion of Commissioner Harding it was decided to issue bonds to the extent of \$50,000 for the purpose of buying meters for the City Power Commission. Mayor Potts said that in this connection he would like to point out that the \$40,000 recently advanced to the Power Commission by the city was not a bond issue, but would be repaid out of earnings of the commission and that the civic hydro was now paying all its carrying charges from revenue.

ELECTRIC LAW AMENDMENTS. Commissioner Harding presented the following proposed amendments to the electrical by-laws: Page 20, paragraph 1—Strike out the whole paragraph and substitute the following: No service outlet shall be brought out from a building at a less height than 18 feet from the ground, nor more than 30 feet from the ground, except in the case of buildings under 18 feet in height in which case said service outlet shall be brought out at the highest point.

In all cases where service outlet cannot be brought out at or near the street line of building, location of said service outlet must be obtained from the supply companies or from the city electrician. Page 16, section 15, paragraph 2—Strike out the whole paragraph and substitute the following: First 5 outlets, \$1; next 20 outlets, 15c, each additional; next 75 outlets, 10c, each additional; over 100 outlets, 5c, each additional. He said that the charges were the same under both sections, but the amendment made the matter a little plainer than the former section. The common clerk was instructed to prepare a by-law incorporating the amendments desired. A letter from A. E. Everett called attention to the fact that the early closing by-law relating to furniture stores was so worded that they could keep open on both Friday and Saturday evenings during June, July, August and September and it had been the purpose of the petitioners that stores should be open only on Friday evening during these months. It was decided to amend the law to meet the wishes of the furniture dealers.

TRUCK HITS LITTLE BOY IN MAIN STREET. As the result of an accident in Main street a little boy named Joseph Bennett, three-year-old son of Frank Bennett, Rockland road, hit at the General Public Hospital, but so far could be ascertained at present time his injuries were not serious. The lad was struck by a truck of Starr's, driven by Scott Northrup, who was on his way to Indiantown with a load of coal. As the truck was being driven up the hill from Paradise road three children ran into the street around an automobile which was parked at the curb, near Coupe's drug store. The driver did not see them until they were right in front of him. He gave the steering wheel a sharp turn, swinging the truck at right angles across the street. The Bennett lad was hit and thrown to the ground under the truck. He was carried into the drug store and a few minutes later a passing automobile was commanded to carry him to the hospital. No broken bones could be found, but it could not be told whether he was injured internally or not. Eye witnesses said the truck driver had done everything in his power to avoid hitting the child.

PLACES WREATH ON SOLDIER MEMORIAL

U. S. Captain Inspired by Memories, Pays Tribute to Canadian Dead. A tribute to the memory of Canada's soldier dead was paid on Saturday by Captain Charles Olsen of the steamer Arcutus when he laid a wreath on the war memorial in King Square. Captain Olsen was a lieutenant-commander in the United States Naval Reserve force during the war and he was stationed on duty in England. He came closely in touch with the Canadian troops and conceived a strong admiration for them. Captain Olsen said that the memorial had deeply impressed him and awakened the desire to show that he, although a citizen of another country, was fully cognizant and proud of the part Canadian troops had played in the war. Several citizens this morning, when they heard of the incident, said that it was a notable tribute when a stranger from another country, without relatives in Canada should emulate.
