

THREE ADDED TO VALLEY TRUST CO

Premier Baxter, Tilley and Reilly Join Railway Organization.

Michael Resigns as Secretary, and Position Remains Unfilled at Present.

FREDERICTON, N. B., Sept. 20.—Announcement is made here of the appointment of new members of the Saint John and

Quebec Railway Trust Company, an organization formed by Act of the Legislature to act as trustees of the Saint John Valley Railway funds, which were originally entirely held by the Prudential Trust Company of Montreal, from which they have been gradually withdrawn.

The new members are Premier Baxter, Hon. E. A. Reilly, Minister without portfolio, and Hon. L. P. D. Tilley, President of the Executive Council.

MICHAUD RESIGNS.
Hon. J. E. Michaud, of Edmundston, who was secretary-treasurer of the Trust Company under the Vanot government, has tendered his resignation, but his successor has not yet been appointed.

Five Story Leap Ends Woman's Life
NEW YORK, Sept. 21.—Mrs. Gertrude Beck, wife of Charles Beck, an official of the American Casing Company, died in hospital here from injuries received when she leaped from a fifth story window of her home in West 141st street. A policeman, seeing her plunging to the concrete walk, notified the police.

Beck was eating breakfast in another room with his two daughters, and was unaware of his wife's injury until notified by police.

According to the husband, Mrs. Beck has been suffering from a nervous breakdown.

Miss MacKenzie is Winner Of Tourney
OTTAWA, Sept. 20.—After breaking even on the eight holes that were not halved in the morning round of eight holes in the thirty-six hole final for the Canadian ladies' twentieth open golf championship and the Duchess of Cornwall gold cup here yesterday, at the Royal Ottawa Club, Mrs. W. G. Fraser failed to take advantage of an opening presented to her by Miss Ada MacKenzie of the Mississauga Club, of Toronto, at the first hole of the afternoon round and this proved to be a most costly oversight, as she was never given another opportunity to take the lead.

So the title and trophy were won by the Toronto player at the fourteenth hole of the afternoon round, 5 and 4.

Soccer Ousts Bull Fighting

Canadian Press.
LONDON, Sept. 21.—Soccer football is playing havoc with bull fighting in Spain. Senior Alvarez, captain of the Madrid football team, which has been playing matches in England, says the astonishing progress soccer is making in Spain is having a devastating effect upon lovers of the spectacle and that it will not be long before bull fighting is ousted as the sport of the nation.

HEAR GOOD REPORTS ON Y. M. C. I. STATUS

Members Assemble For First Meeting of New Season—Fr. Floyd New Chaplain.

The Y. M. C. I. directorate resumed its meetings yesterday afternoon after the inactivity of the summer season. There was a good attendance of members, and the addresses delivered were most interesting. Joseph P. Coughlan, the president, was in the chair, and he spoke of the great encouragement which the members felt in the present state of the work. He cordially welcomed Rev. Joseph Floyd, who had been appointed the new chaplain, succeeding Rev. William Duke, who had been the chaplain of the Institute since its organization.

Father Floyd spoke of the great opportunities which the Institute had to offer and asked the hearty cooperation of all the members in furthering its work. A detailed financial statement was presented by Richard Sullivan which showed a marked improvement in the finances over those of the last year. The Institute has a good start for the present season, and the enrollment of new members has been gratifyingly large.

A warm tribute was paid to the work of Father Duke while chaplain. There was a general discussion on the winter activities and sports which will include bowling, basketball and hockey. The new board of management will be elected at a meeting to be held shortly, and officers will be elected and the committees to take charge of the various branches of the work will be appointed.

R.Q.M.S. MOORE WINS THE SPARKLING CUP

The Fusiliers' Rifle Association held their final outdoor shoot of the season on Saturday, when the trophy donated by Lt.-Col. Sparling was shot for. R. Q. M. S. Moore was the winner and also receives a P. R. A. medal.

Saint John Team Wins Fine Shield

MONCTON, N. B., Sept. 19.—More than the usual interest was shown today in the competition for the "Moncton Citizens' Challenge Shield," which was won by the Saint John Rifle Association time by 81 points.

At the close of the 200 yards firing the Saint John Rifle Association team were leading by the small margin of three points, but increased their lead at each range, winning by 81 points.

Second place was held by the North Shore Rifle Association of Campbellton, who led their nearest competitors by ten points.

The Tune Has Changed Since Autumn, 1923

It's a fake! It's impossible! It's bunk!

1923

Snyder's is an experiment. It's no good! Too soon to tell!

1924

Ours are just as mothproof. We spray ours with moth poison. Ours are mothproof too.

1925

FUNNY WHAT A DIFFERENCE TWO YEARS MAKE!

DO you remember how Snyder's "Sani-Bilt" Mothproof Furniture was scoffed at, and scorned by other makers, when first placed on the market in the autumn of 1923?

Fake! Impossible! Bunk! Those were some of the kindly things said.

A Great Need

However, there was a great need for mothproof upholstered furniture. People investigated for themselves—found that we backed our mothproof claims with a real, honest guarantee—and they bought with confidence. They bought so heavily that competitors were astounded.

Then, the tune changed. "Yes, Snyder's have a mothproofing process but it's an experiment, you know. Too soon to say it's any good." And so on.

But now, in the Autumn of 1925, what is the tune? It is changed again. It is: "Ours are mothproof, too. Just as mothproof as Snyder's. Sure, ours are mothproof." Those who derided Snyder's "Sani-Bilt" Mothproof Furniture in 1923 now want to share in our success.

But merely changing the tune doesn't make competitive chesters and chairs mothproof. At least, not permanently mothproof. And that is the big

feature of Snyder's solution and process. It makes furniture permanently mothproof.

Not a Poison

We do not squirt moth poison of one kind or another on to our coverings or our fillings. Scientists will tell you that these moth poisons evaporate, in time, and leave the goods an easy prey to moths.

Instead, we make our coverings and interiors unattractive to moths. They cannot enter on them or in them, because the Snyder process makes them impenetrable for moth-worms to eat. It is moth-proof, by any chance, based on a Snyder Chestersfield, it would die of starvation.

Starvation is, we believe, the only permanent method of mothproofing. Poison is only temporary.

Years of Research

Making woolen or other coverings and fillings permanently unattractive, without injury to the materials, without changing their color or appearance, is not easy. It took a group of foremost European industrial chemists and scientists many years to discover how to do it. And it is their method, their starvation process and their mothproofing solution that we secured the right to use and have used so successfully since the Autumn of 1923.

Why take a chance on any so-called mothproof furniture that has been rushed on the market to take advantage of the demand created by Snyder's? Why not get the real, genuine Snyder's "Sani-Bilt" Mothproof Furniture that the others are now so anxious to imitate and to follow?
