# PLAN FOR WORK FOR GOOD OF BOYS

Board in Session in Y. M. C. A. Building Makes Decisions.

With the aim of securing greater interest and support for boys' work among the various congregations in the city, special measures were approved by the St. John Boys' Work Board in annual session last night in the Y. M. C. A. Rev. A. L. Tedford, the chair- Hearing Relative to Interfer-Hearing Relative to Interterman, presided and there were representatives present from the following churchese Germain street Baptist, Carleton Methodist, St. David's Presbyterian, Carmarthen street Methodist, Queen square Methodist, Tabernacle Baptist, Lúdlow street Baptist and the Y. M. C. A. The greater part of the evening was taken up in discussing the proceed plans and methods for carry on the work for the Tuxis and ail Ranger boys during the coming ason!

It was decided that the membership of the board should be divided into small committees to be responsible for the various separate activities such as field sports, baskethall, skating, debating, programme and social, religious work, visiting and publicity and propaganda.

It was decided also that in future, where possible, the lay members of the committee should be selected by an appropriate church organization rather than merely appointed by the pastor of the church. This was decided upon in order that each church might feel more definitely its individual responsibility towards promoting its own membership and also be prepared to give reasonable support from its funds.

It was agreed that meetings of the lay agreed that the members of the church. This was decided upon in order that each church might feel more definitely its individual responsibility towards promoting its own membership and also be prepared to give reasonable support from its funds. man, presided and there were repre-

It was agreed that meetings of the board should be held in future, in the months of September, November, February and April.

A nominating committee, consisting of F. I. Withers, C. M. McCulley and R. H. Parsons, was appointed to draw up a slate for the officers and the chairmen of committees and to bring in a report at an adjourned meeting next week, when several other matters also will be discussed.

DIES UNDER HUSBAND'S AUTO. Wife Falls off Running Board While. He's Driving Other Woman.

Olean, N. Y., Sept. 28.—William Senn, thirty-mine years old, proprietor of a soft drinks/store, is being held on an open charge pending investigation of the death of his wife, Catherine, thirty-four years old, with a fractured skull and broken neck and hip.

Police say Mrs. Senn, seeing her husband with another woman in his automobile, jumped on the running board. She maintained her hold for a block, but fell beneath the wheels when her husband applied the brakes.

#### MEN AND HORSES

How closely related is man to the ore intelligent of the animals is seen many of the ailments to which both

cy answer.
Doctors and veterinarians are oftennes surprised to learn of the similarity
their methods of handling the ailnts of man and beast.
Sprains, burns, scalds, scratches and
ny other minor injuries, many everyv ailments, too in men and animals
te the same course, and both answer
nediately to the same treatment—
sorbine Ir.

Absorbine Jr.

Absorbine was first discovered by a very close student of the horse, W. F. Young, and by him, devoted to its cause. Its very exceptional benefits, however, were promptly seized upon for the human race and, in a milder form, the preparation is sold all over the continent today as Absorbine Jr. It is used for men, women and children everywhere as a positive germicide—a germ killerand a prompt and certain healer of all hurts. It is useful not only for all furts. It is useful not only for all ments and embrocations, but as a mouth-wash and for anything else where germicide is needed. Don't wait mult you need it. Get it in thi house beday.

WOOD AND COAL

Announcing the arrival of a large shipment of Welsh Coal suitable for Furnace, Feeder, Range or any stove requiring Anthracite Coal.

Thousands of people who seed Welsh Coal last year insist on a supply now, which proves conclusively that the Welsh Coal is superior fuel.

Much more heat is obtained frow Welsh Coal and less than one-third the quantity of ash; this saving of labor alone makes it a very desirbale fuel.
