### LOCAL NEWS

#### WINS CENTRE PIECE

Miss Haber of 91 Waterloo street was last night's winner of the centre piece offered by the fancy booth at the Cathedral high tea.

#### THE LIGHTSHIP

Repairs to the Lumber lightship, which is docked at West St. John, will be commenced today. It is expected that new moorings will be in place this week after which the vessel will return to duty again.

#### WAS VERY SUCCESSFUL

On Sunday in St. Alphonsus church, Hampton, Rev. Raymond McCarthy announced that the high tea held in the rectory last week, attracted more than \$450. The amount will be applied to the church fund.

#### RED CROSS MEETING

A meeting of the executive of the local Red Cross was held this morning. Other than making arrangements for the annual meeting, to be held this month, the business taken up was of a routine nature.

#### POLICE COURT

Hon. R. J. Ritchie, police magistrate, who spent the Thanksgiving holiday in Halifax, has returned to the city and was on the bench again this morning. During his absence his place was taken by Sitting Magistrate Henderson. Seven men were charged with drunkenness and fined \$200 or eight months in jail.

#### BOWLING WINNERS

For the second consecutive time Waldo Reid captured the weekly prize for the highest single string on the Y. M. C. I. alleys last week, his mark being 184, thus winning a nice pipe. A special Thanksgiving prize, a pair of skis, was won by William J. Magee for yesterday's highest single string went to Noel Jenkins, who rolled 124.

#### TRAFFIC CASE

F. C. Jackson was charged this morning in the police court with exceeding the speed limit in Douglas street on November 3. Policeman McBrien said he had been going at twenty to twenty-five miles an hour. Mr. Jackson said he thought he had not been going more than fifteen miles. A fine of \$10 was imposed and allowed to stand.

#### BUSY WINTER SEASON

H. G. Schofield, local manager of the Robert Reford Company, who recently returned from Montreal where he attended the meeting of the Shipping Federation, said today that prospects for a busy winter season were bright. He said that shipments for the most part would consist of grain. He intimated that passenger traffic to and from the old country would not be exceptionally heavy this winter, but he looked for a brisk freight traffic.

#### WEST INDIES STEAMSHIP

The Royal Mail Steam Packet Line steamer arrived in port this morning from Bermuda and the British West Indies. She docked at the sugar refinery wharf where she will discharge raw sugar and will this evening move to the Pettigill to complete discharging. The British West Indies steamer brought twenty-one passengers, among the number being three Chinese en route to the West Indies to Hong Kong, via this port and Vancouver.

### Labor and Hydro

The assertion is made that the 'Longshoremen's Union are against municipal ownership of hydro. It is not true. One of the chief planks in the platform of labor organizations is public ownership of such a utility. The 'longshoremen have not gone back on their platform. While a few of their members may be supporting Mr. McLellan, the association as a body stands for municipal ownership of hydro.

The same influences which are at work for Mr. McLellan's election are also denouncing the Workmen's Compensation Act. Do the 'longshoremen approve of that course?

### THE ROTHESAY CADETS IN 25TH PLACE IN EMPIRE

Kingston, Ont., Nov. 7.—The results of the competition for the Imperial Challenge Shield by the cadet corps throughout the British Empire have just been received from England and show that Canadian cadets made a brilliant showing in the struggle for the trophy.

In the senior series, with 1,137 teams throughout the empire entering for the competition, the Royal Military College of Kingston, Ont., came twentieth in the list of winners, with an average score of 83.5 points. It was the team with the highest standing in the Dominion of Canada. In the junior series, in which 686 teams competed, the Port Arthur Collegiate Institute led the other Canadian teams with 14th place and a score of 91.5. The standing of Canadian teams was as follows:

Senior Series, 1,137 Teams

20 Royal Military College of Canada	83.5
22 Saskatchewan Collegiate School	82.5
28 Toronto Normal and Model School	82.7
62 Saskatchewan Collegiate School	82.9
80 Peterboro Collegiate Institute	83.25
87 Victoria High School, Edmonton	87.6
89 Peterboro Collegiate Institute (2nd team)	87.2
94 Maple Leaf Cadet Corps, N.S.	87.2
95 Lethbridge High School	87.5
101 Central High School, Calgary	87.7
107 High School, Victoria	88.55
114 Winnipeg Grenadier Cadets	89.2
189 Peterboro Collegiate Institute	81.8
319 Athens High School	74.2
425 Gananoque High School Cadet Corps	69.1
435 Ottawa Collegiate Institute	69.1
479 Port Arthur Collegiate Institute	66.8
586 Cornwall Cadet Corps	61.6
723 Trinity College School Cadets	53.9
Junior Series, 666 Teams Entered	
14 Port Arthur Collegiate Institute	91.8
27 Alexander McKay Cadet Corps, Halifax	90.4
83 Saskatoon Collegiate Institute	89.6
43 Highland Cadet Corps of Kingston	88.1
53 Alexander McKay Corps, St. John	87.7
73 Quebec Seminary Cadets	84.2
88 Saskatoon Collegiate Institute	82.5
213 Athens High School	68.7
305 Picton Collegiate Institute Cadets	59.1
349 Gananoque High School Cadets	50.9

### ON GUARD FOR OUR FORESTS

Mr. Blyth of the Forestry Association in City With Exhibition Car — Public Meetings Tomorrow—Fire Marshal McLellan Co-operating.

The necessity of forest conservation and fire prevention is being brought home to the citizens of St. John today, and will be, tomorrow, by Gerald Blyth, assistant secretary of the Canadian Forestry Association, who arrived in the city this morning in one of their exhibition cars. In conversation with a reporter Mr. Blyth explained that their effort was entirely in the interests of forest conservation and fire prevention. The association, he said, was not connected with the government in any form, and was supported entirely by voluntary contributions, and the membership was composed of 12,000 patriotic Canadian citizens from the Atlantic to the Pacific.

The exhibition car started out on a tour through Canada on April 4 last, and has since been continuously traveling. To date it has toured 12,000 miles, has been visited by 200,000 people; 186 public meetings have been held and 65,000 people have viewed motion picture films screened, showing forest fires which resulted from carelessness, etc. The association is attempting through propaganda to reduce the annual forest fire losses.

Open to Public.

The car has been placed in a convenient position on one of the sidings off Mill street and will be open to the public until 10 o'clock this evening and from 10 tomorrow morning until 4 in the afternoon. From here the car will proceed to Fredericton where two mass meetings will be held in the Opera House on Thursday evening. On Friday the car will go to Antigonish. In the car are exhibits which are bound to prove highly interesting to visitors. In one section are shown details of the pulp and paper industry. This includes a small model of a modern mill and there is a large chart showing the influence of water power in this particular industry. The chart shows that there are fifty-four mills in Quebec, forty-one in Ontario, four in New Brunswick, and ten in Nova Scotia. Another section shows numerous articles made from wood fibres, such as ladies' stockings, shirt waists, grain sacks, potato bags, etc. There is also an exhibit showing the evolution of a common match, all its stages in process of manufacture. There is also a model village in a heavily timbered area. By turning a crank this pretty picture is transformed into a great conflagration, which leaves destruction in its wake. It is cleverly arranged and is very impressive.

In another section is shown destruction caused by forest insects. On one of their lists it is set out that the annual damage to forests from this pest averages \$75,000,000, which is very much in excess of damage by fire.

Some potent signs in the car are as follows:

"A tree will make a million matches — a match can kill a million trees."

"Ten trees are killed by fire to one brought down by lumbermen's axes."

Fire Marshal Co-operates.

Mr. Blyth is receiving the hearty cooperation of Provincial Fire Marshal H. H. McLellan and through his efforts and those of the school board every pupil in the city schools from grade six up will be given an opportunity of learning more about the real value of our forests and the great need of conservation and fire prevention. The teachers are being notified and tomorrow morning at 10 o'clock 1,500 will march to the Imperial Theatre where they will have an opportunity of witnessing 3,000 feet of film, which is particularly interesting as well as instructive. It is a Harry Allan film showing fishing along the Miramichi. There is also a feature film of 1,000 feet which is entitled "The enemy of the forest."

A second meeting will be held at 11 o'clock when another gathering of school children will enjoy the same programme. Chief Provincial Forester C. H. Prince of Fredericton will preside at both these meetings and short talks will be given by Mr. Blyth.

W. E. Golding of this city is one of the New Brunswick directors of the Canadian Forestry Association.

### ARE ENJOYING MUSQUASH HYDRO CURRENT AT COST

Houses in South Bay District are Lighted from New Plant—Owners are Greatly Pleased With Results.

To Amador Anderson, of South Bay, goes the honor of being the first in the province to have his home illuminated by the current from the Musquash development. Just before five o'clock on Saturday afternoon, the wiring of Mr. Anderson's home was completed and the current from the Westfield branch line turned on.

Thus Musquash current at four cents a kilowatt hour becomes a significant and important fact, and from it the citizens of St. John and the surrounding territory will realize that the day of deliverance from high lighting rates and mercenary monopoly is at hand.

Mr. Anderson has expressed keen delight at the satisfaction given by the first delivery of hydro for private consumption and the same sentiments have been expressed by Frederick Ferris, who received the current into his home in the South Bay road a few hours after it was turned on in the Anderson home.

The Musquash current will prove a great benefit to the public, Mr. Anderson declared. The rate charged is four cents a k. w. h., with a minimum charge of \$1 a month, whereas even if their bills are paid promptly, the citizens of St. John are now charged more than three times that amount a k. w. h. for current supplied for lighting by the New Brunswick Power Co.

"If the people there are enjoying it, why shouldn't we also?" is the natural question of thought, and this sentiment will no doubt be reflected in the polls of next Monday.

Anyone who has passed the power station at Musquash and seen the plant, the surrounding buildings and the lines connecting them illuminated with hydro current, cannot but realize that the day of cheap electricity has arrived.

### AGREEMENT WITH FREIGHT HANDLERS MADE

An agreement has been reached between the freight handlers' union and the C. P. R. officials regarding a wage scale and working conditions for the coming year. The agreement will receive forty-five cents an hour, a three-cent reduction last year, but double time will be paid on Sundays and holidays and time and a half for overtime, is the same as last year. The agreement was reached yesterday following conferences held during the last two weeks.

### COUNTY COURT

The November sitting of the St. John County Court was opened this morning with His Honor Judge Armstrong presiding. There was no new criminal business the only entry in this connection being a case against Samuel Sewell which was previously tried and in which the jury disagreed. Only thirteen jurors were present this morning of twenty-one summoned and the court ordered an additional panel of eight for this afternoon when the hearing was to commence at 2.15 o'clock.

The docket is as follows:

Jury.

St. John Hotel Co. vs. A. A. Gundry—K. J. MacLae.  
Williams Machinery Co. vs. Vail's Globe Laundry—Porter and Ritchie.  
Dimock et al vs. McKim—Inches, Weyman and Hazen.  
Carlin vs. Duddy—E. J. Henneberry.

Non-Jury.

Webb vs. Cameron—Inches, Weyman and Potts vs. Bustin et al—K. A. Wilson.  
Davis vs. Stevenson—K. A. Wilson.  
McCormack et al vs. Campbell—J. D. P. Lewin.  
Foster executors vs. Balg—Porter and Ritchie.

### HYDRO FOR MONCTON

Moncton Transcript—Messrs. Krebs and Foss, of the N. B. hydro electric commission, were in conference today with members of the city council and discussed various phases that will enter into the hydro question when the current will be delivered to Moncton about the middle of December.

### HOME AFTER CONFERENCE

G. Bruce Burpee, district passenger agent of the C. P. R., returned home yesterday after attending a conference of passenger department officials of the C. P. R. in Chicago.
